

Central North Island Forests Land Collective Settlement Bill

Government Bill

Explanatory note

General policy statement

This Bill—

- gives effect to the vesting of the Central North Island (**CNI**) Crown forest land and the transfer of accumulated rentals in relation to that land to CNI Iwi Holdings Limited in order to enable those assets to be allocated to Central North Island iwi that make up the Central North Island Iwi Collective (the **CNI Iwi Collective**) in settlement of their historical CNI forests land claims; and
- records the principles and process by which the allocation of the CNI forests land is to be achieved; and
- records the allocation agreed by the CNI Iwi Collective for distribution of the accumulated rentals to its members; and
- excludes the jurisdiction of the courts and Waitangi Tribunal in relation to the historical CNI forests land claims of the CNI Iwi Collective; and
- retains a proportion of the CNI forests land and accumulated rentals (13.6% by value) for the Crown as a holding in CNI Iwi Holdings Limited; and

- retains the powers of the Waitangi Tribunal under the Crown Forest Assets Act 1989 for the purposes of the Crown agreed proportion; and
- enables the Crown to use the Crown agreed proportion to settle the historical claims of other CNI claimants by the CNI Iwi Holdings Limited transferring land and accumulated rentals as directed by the Crown.

Scope of settlement

The area of land involved in the transfer is approximately 176 000 hectares and the iwi making up the CNI Iwi Collective are—

- Ngāi Tūhoe:
- Ngāti Manawa:
- Ngāti Tūwharetoa:
- Ngāti Whakaue:
- Ngāti Whare:
- Raukawa:
- the Affiliate Te Arawa Iwi/Hapu.

Ngāti Rangitahi, a member of the CNI Iwi Collective, has not agreed to the settlement. The Crown and the CNI Iwi Collective have agreed to keep open the option for Ngāti Rangitahi to subsequently choose to participate in the settlement. Ngāti Rangitahi also have the option of pursuing its claims through the Waitangi Tribunal to the proportion of the CNI forests land and accumulated rentals reserved to the Crown under the Bill.

The accumulated rentals are approximately \$222 million and the CNI Iwi Collective have a population in excess of 100 000.

The settlement is only in relation to the claims of the CNI Iwi Collective to the CNI forests land.

Individual iwi in the CNI Iwi Collective have (apart from the Affiliate Te Arawa Iwi/Hapu) still to negotiate their individual comprehensive settlements so the settlement of the CNI forests land will be on account in relation to the individual iwi historical claims.

The agreement as to the allocation of accumulated rentals has been negotiated by, and agreed within, the CNI Iwi Collective. The process and principles for the allocation of land has been negotiated

and agreed within the CNI Iwi Collective and is based on mana whenua.

The Crown has been conscious of the rights of claimants not within the CNI Iwi Collective and the retention by the Crown of 13.6% by value of the CNI forests land and accumulated rentals is for the purpose of allowing the Crown to meet well-founded historical claims of other CNI claimants. Some cultural redress of members of the CNI Iwi Collective and other CNI claimants may also be met from the Crown agreed proportion.

The retention of the powers of the Waitangi Tribunal under the Crown Forest Assets Act 1989 and the Treaty of Waitangi Act 1975 is designed to facilitate this process if a claim of any other CNI claimant is referred to the Waitangi Tribunal.

The intention is for the status quo to continue for public access to the CNI forests land.

Clause by clause analysis

Clause 1 is the Title clause.

Clause 2 is the commencement clause. The Bill comes into force on the day after the date on which it receives the Royal assent.

Clause 3 is the purpose clause.

Clause 4 sets out the interpretation to be given to terms used in the Bill.

Clause 5 states that the Bill binds the Crown.

Clause 6(1) provides that, on and from the settlement date, the CNI forests land ceases to be Crown forest land and vests in CNI Iwi Holdings Limited (the **company**). Under the Bill, the settlement date is **1 July 2009**.

Clause 6(2) provides that the vesting of the CNI forests land in the company is subject to—

- the terms of the deed of trust; and
- *clause 16* (which relates to the transfer of the CNI forests land to the CNI Iwi Collective); and
- the Crown agreed proportion; and
- the rights of the licensees under the Crown forestry licences listed in the *third column of Schedule 1*.

Clause 7 provides that no court, tribunal, or other judicial body may inquire into the historical CNI forests land claims, the deed of settlement, or the Bill. This does not exclude the jurisdiction of a court, tribunal, or other judicial body in respect of the interpretation or implementation of the deed of settlement or of the Bill. Nor does it exclude the jurisdiction of the Waitangi Tribunal as provided in *clauses 22 and 23* and also in so far as its jurisdiction relates to the steps that are necessary for it to complete the publication of its report in relation to the He Maunga Rongo: Report on the Central North Island Claims (Stage I) and its inquiries into certain specified matters.

Clause 8 provides that certain enactments do not apply to the vesting of the CNI forests land by the Crown in the company. It also provides that, subject to certain exceptions, the Crown is not required to comply with any other enactment that would otherwise regulate or apply to the vesting of the CNI forests land in the company.

Clause 9 authorises the Minister of Conservation to grant a right of way easement over conservation land comprised in CNI forests land, as required by the deed of settlement. It also authorises the responsible Ministers (as defined in section 2(1) of the Crown Forests Assets Act 1989) to grant right of way easements over land adjoining the CNI forests land that is owned or administered by the Crown.

Clause 10 provides that clause 6.2 of each Crown forestry licence (which relates to public entry for recreational purposes) must continue to apply even though the Crown is no longer the licensor under the licence because the CNI forests land has been vested in the company under the Bill.

Clause 11 provides that public easements may be granted under section 8 of the Crown Forest Assets Act 1989 despite their subject matter. A public easement is defined to mean the Matea easement, a public right of way easement, the Tokorangi easement, the Whaka easement, and the Whirinaki easement (as these terms are described in the deed of settlement).

Clause 12 provides that the Plot Road covenant and the Rangitaiki River covenant (as these terms are described in the deed of settlement) are each to be treated as a conservation covenant for the purposes of section 77 of the Reserves Act 1977.

Clause 13 provides for the transfer of the accumulated rentals to the company on the settlement date. The subsequent administration of the accumulated rentals is subject to—

- the terms of the deed of trust; and
- *clause 18* (which relates to the transfer of the accumulated rentals to the CNI Iwi Collective); and
- the Crown agreed proportion.

Clause 14 relates to the principles for allocation of the CNI forests land. It provides that the iwi of the CNI Iwi Collective may, in accordance with the resolution process set out in *Schedule 2*, agree among themselves as to which specific area or areas of the CNI forests land is or are to be transferred.

Clause 15 relates to the principles for allocation of the rental proceeds. It provides that 86.4% of the accumulated rentals must be allocated to the CNI Iwi Collective in accordance with the allocation percentage set out in *Schedule 3* for each iwi of the Collective and that, subject to the Crown agreed proportion, the ongoing rentals must be allocated to the CNI Iwi Collective in accordance with the deed of trust.

Clause 16 requires the company to transfer an area of CNI forests land in accordance with a request from any iwi of the CNI Iwi Collective or any 2 or more iwi of the CNI Iwi Collective acting jointly. The request must comply with the terms of an allocation agreement under *clause 14* and the deed of trust.

Clause 17 provides that certain enactments do not apply to a transfer of any CNI forests land under *clause 16* and that is completed during the specified transfer period (ie the period of 7 years beginning on the settlement date). It also provides that, subject to certain exceptions, the company is not required to comply with any other enactment that would otherwise regulate or apply to a transfer of any CNI forests land by the company under this clause.

Clause 18 requires the company to transfer the accumulated rentals to each iwi of the CNI Iwi Collective, subject to the retention of the Crown agreed proportion of the accumulated rentals. A transfer of accumulated rentals by the company under this clause must be in accordance with the allocation percentage set out in *Schedule 3* for each iwi of the CNI Iwi Collective and with the deed of trust.

Clause 19 states that the purpose of the Crown agreed proportion is to—

- allow for settlement of the historical claim of any other CNI claimant (ie any Māori claimant who has a historical claim to the CNI forests land but who is not part of and is not represented by the CNI Iwi Collective) that may be negotiated and entered into between the claimant and the Crown during the Crown initial period; and
- provide for the retention of the powers of the Waitangi Tribunal in relation to the Crown agreed proportion, as modified by *subpart 4*.

Clause 19 also provides that the Crown agreed proportion remains in effect only during the Crown initial period (ie the period of 6 years beginning on the settlement date).

Clause 20 requires the company to transfer to any other CNI claimant CNI forests land and accumulated rentals comprised in part or all of the Crown agreed proportion if, during the Crown initial period, the claimant and the Crown enter into a deed of settlement in relation to the claimant's historical claim to CNI forests land and that deed of settlement provides for the transfer.

Clause 21 requires the Crown to consult with the CNI Iwi Collective before entering into a deed of settlement with any other CNI claimant. The purpose of the consultation is for the parties to seek to reach agreement on the question of which specific area or areas of CNI forests land comprised in part or all of the Crown agreed proportion should be transferred to the other CNI claimant. If the Crown and the CNI Iwi Collective cannot reach agreement on that question, the Crown or the Collective may choose, despite *clause 6*, to have the dispute determined by the Waitangi Tribunal under *clause 22*.

Clause 22 describes the jurisdiction of the Waitangi Tribunal if a dispute is referred to it by the Crown or the Collective under *clause 21(2)*. It provides that the Waitangi Tribunal may, if the Crown, the CNI Iwi Collective, and the other CNI claimant agree, mediate between those parties to try and resolve the dispute. However, if those parties cannot agree on mediation or if they cannot, within a reasonable time, resolve the dispute at mediation, the Waitangi Tribunal may exercise its jurisdiction to make findings and recommendations in relation to the historical claims of the other CNI claimant to the

CNI forests land in accordance with sections 8HB to 8HD of the Treaty of Waitangi Act 1975. Sections 8HA to 8HD of the Treaty of Waitangi Act 1975 will apply subject to certain specified modifications set out in *clause 24*.

Clause 23 provides that the Waitangi Tribunal may exercise its jurisdiction to inquire into the historical claims of any other CNI claimant to the CNI forests land, and to make recommendations, in accordance with sections 8HB to 8HD of the Treaty of Waitangi Act 1975, despite *clauses 6 and 20 to 22*. Sections 8HA to 8HD of the Treaty of Waitangi Act 1975 will apply subject to certain specified modifications set out in *clause 24*.

Clause 24 sets out the modifications to sections 8HA to 8HD of the Treaty of Waitangi Act 1975 referred to in *clauses 22(3) and 23(3)*. One modification is that the jurisdiction of the Waitangi Tribunal is limited to the extent of the Crown agreed proportion that the Crown holds at any given time during the Crown initial period and the settlement of the historical claims of any other CNI claimant as it occurs from time to time will result in a corresponding change to that jurisdiction. Another modification is that any recommendation under section 8HB(1)(a) of that Act for the return of land to the ownership of the claimant must be taken to apply only to CNI forests land comprised in part or all of the Crown agreed proportion.

Clause 25 requires the company to give effect to a recommendation from the Waitangi Tribunal for the return to the ownership of the claimant of a specific area of CNI forests land comprised in part or all of the Crown agreed proportion if, during the Crown initial period, the Tribunal, in inquiring into the historical claim of any other CNI claimant in accordance with *clause 22(2) or 23(1)*, makes an interim recommendation in that regard and the interim recommendation becomes a final recommendation.

Clause 26 is an interpretation clause for *subpart 5*. It defines terms such as **DSP property**, which means property that is Crown land and is subject to the deferred selection procedure referred to in clauses 8.1 to 8.18 of the deed of settlement.

Clause 27 authorises the Crown to transfer the fee simple estate in a selected DSP property and to sign a transfer instrument or other document, or do any other thing, to give effect to the transfer.

Clause 28 provides for the creation of a computer freehold register relating to a selected DSP property.

Clause 29 provides that certain enactments do not apply to the transfer of a selected DSP property made in accordance with the Bill. It also provides that, subject to certain exceptions, the Crown is not required to comply with any other enactment that would otherwise regulate or apply to the transfer of a selected DSP property made in accordance with the Bill.

Clause 30 provides that certain enactments relating to resumptive powers and obligations no longer apply to any CNI forests land or any selected DSP property.

Clause 31 provides for the removal of existing resumptive memorials from the certificates of title or computer freehold registers relating to any CNI forests land or any selected DSP property.

Clause 32 clarifies that the CNI Iwi Holdings Trust is eligible, under section HF 2 of the Income Tax Act 2007, to become a Māori authority despite the Crown holding the Crown agreed proportion.

Clause 33 consequentially amends the Treaty of Waitangi Act 1975 to exclude the jurisdiction of the Waitangi Tribunal to consider the historical CNI forests land claims covered by the deed of settlement or the Bill.

Preamble

- (1) The historical CNI forests land claims made by the Central North Island iwi to the Central North Island (CNI) forests land are based on historical breaches of the Treaty of Waitangi by the Crown and the desire of those iwi to secure the return of that land and to achieve an enduring settlement of those claims: 5
- (2) The Crown and the CNI Iwi Collective have agreed to negotiate in good faith in accordance with the framework and principles of the Crown Forests Agreement that was entered into on 20 July 1989 between representatives of Māori and the Crown and the Crown Forest Assets Act 1989, in order to reach a fair and durable settlement of those historical claims: 10
- (3) The Crown and the CNI Iwi Collective have made significant progress towards reaching a collective settlement, and the Crown has therefore agreed to facilitate the completion of that settlement by vesting the CNI forests land in a company, to be known as CNI Iwi Holdings Limited. The company will act 15

as trustee of the CNI Iwi Holdings Trust and will hold and administer the CNI forests land for the CNI Iwi Collective and the Crown in accordance with this Act, the deed of settlement between the CNI Iwi Collective and the Crown, and a deed of trust: 5

- (4) Under the terms of that deed of trust, 86.4% of the beneficial interest in the CNI forests land is to be held for the CNI Iwi Collective and the individual beneficial entitlement of each member of that Collective is to be determined by reference to the allocation process that has been agreed amongst those 10 members and is set out in this Act. The remaining 13.6% of the beneficial interest in the CNI forests land is to be held for the Crown for a period of 6 years beginning on the date of vesting of the land in the company. The Crown agreed proportion will allow claims to the forests land by other CNI claimants who 15 are not represented by the CNI Iwi Collective to be settled during that period of 6 years:

The Parliament of New Zealand therefore enacts as follows:

- (2) If the Crown and the CNI Iwi Collective cannot reach an agreement on the question referred to in **subsection (1)**, either the 35

The modifications to sections 8HA to 8HD of the Treaty of Waitangi Act 1975 referred to in **sections 22(3) and 23(2)** are as follows:

- (a) the jurisdiction of the Waitangi Tribunal is limited to the extent of the Crown agreed proportion that the Crown holds at any given time during the Crown initial period and the settlement of the historical claims of any other CNI claimant as it occurs from time to time will result in a corresponding change to the Tribunal’s jurisdiction; and 5
- (b) the Crown must advise the Waitangi Tribunal of any change to the Crown agreed proportion in order to inform the Tribunal of the extent of its jurisdiction for the purposes of **paragraph (a)**; and 10
- (c) any recommendation under section 8HB(1)(a) of the Treaty of Waitangi Act 1975 for the return of land to the ownership of the claimant must be taken to apply only to CNI forests land comprised in part or all of the Crown agreed proportion; and 15

- 25 Company must give effect to Waitangi Tribunal recommendation** 25
- (1) **Subsection (2)** applies if, during the Crown initial period,—
- (a) the Waitangi Tribunal, in inquiring into the historical claims of any other CNI claimant in accordance with **section 22(2) or 23(1)**, makes an interim recommendation under section 8HB(1)(a) of the Treaty of Waitangi Act 1975 for the return to ownership of the claimant of a specific area of CNI forests land comprised in part or all of the Crown agreed proportion; and 30
- (b) the interim recommendation becomes a final recommendation under section 8HC of that Act. 35

- (2) The company must give effect to the final recommendation by transferring to the claimant in question, or the claimant's nominee, the following comprised in part or all of the Crown agreed proportion:
- (a) the specific area of CNI forests land; and 5
 - (b) the accumulated rentals relating to that specific area.

- (4) Allocation of CNI forests land will be to members of the CNI Iwi Collective only, or their nominees (acknowledging that it is up to members of the Collective whether they make their own internal arrangements with hapu or other entities). 30
- 3 Governance of process**
- (1) Each member of the CNI Iwi Collective will be represented by their governance entity in the resolution process. 35

- (2) The resolution process will be governed by the company and the governance entities, in their capacity as shareholders in the company.
- (3) The governance entities may amend the resolution process from time to time by unanimous resolution, passed in accordance with the procedures set out in the Trust Deed and Shareholders' Agreement of the company. 5
- (4) The company may appoint individuals or committees to undertake particular roles in relation to the resolution process.
- (5) The Crown appointed observer to the company is not entitled to attend meetings concerning the resolution process unless they are relevant to the Crown agreed proportion. 10
- (6) The resolution process will be run within set time frames for each stage, and be completed by 1 July 2011.
- 4 Stage 1: Identification of mana whenua interests: 1 July 2009 to 1 October 2009 15**
- (1) By 31 August 2009, each iwi will provide maps indicating the extent of their mana whenua interests over the CNI forests land. This determination is not constrained by the current legal boundaries of the Crown forest licence blocks. 20
- (2) The test of mana whenua is the mana that iwi traditionally held and exercised over the land, determined according to tikanga including, but not limited to, such factors as—
- (a) take whenua; and
- (b) demonstration of ahi kaa roa, ahi tahutahu, or ahi maataotao. 25
- (3) Evidence of mana whenua may be derived from whatever sources of knowledge that each iwi considers relevant, including—
- (a) oral korero, including whakapapa, waiata, and tribal history; and 30
- (b) written sources, including Native Land Court evidence and decisions, research reports, and other records.
- (4) The members of the CNI Iwi Collective will be provided with maps depicting the claims of all iwi. The maps will be confidential to the company and the iwi and may not be disclosed to third parties or used for any other purpose. 35

- (5) By 30 September 2009, the board of the company will identify—
- (a) the areas of CNI forests Land in which a particular iwi has exclusive mana whenua interests; and
 - (b) the extent to which there is agreement on allocation of particular areas of CNI forests land to particular iwi. Agreements must be in writing, signed by authorised representatives of the governance entities of each of the iwi that had claimed mana whenua interests; and
 - (c) areas of land for which agreement has not been reached, and the iwi that are claiming that land; and
 - (d) areas of land that the Crown has advised are or may be subject to claims by any other CNI claimant to the Crown agreed proportion.
- (6) The company will record in its draft allocation agreement the agreed allocations under **subclause (5)(a) and (b)**.
- (7) All land for which allocation is not agreed will be the subject of the Stage 2 process of negotiation between iwi kanohi ki te kanohi, provided that land that may be subject to the Crown agreed proportion cannot be included in the Collective’s allocation agreement or proceed through the resolution process unless and until the Crown has confirmed that the land is not part of the Crown agreed proportion.
- 5 Stage 2: Kanohi ki te kanohi negotiation: 1 October 2009 to 30 June 2010**
- (1) Following Stage 1, iwi will embark on kanohi ki te kanohi negotiations with iwi with whom they have overlapping claims, to reach agreement on allocation of the land in question.
 - (2) The process will be kanohi ki te kanohi between iwi:
 - (a) the iwi involved will determine the tikanga that applies to the process; and
 - (b) the governance entity of each iwi will appoint their representatives to engage in the Stage 2 process; and
 - (c) the expectation is of korero rangatira (open principled trustworthy dialogue by rangatira with authority to commit their iwi); and

- (d) no expert advisors, including lawyers and historians, are permitted to participate directly in the kanohi ki te kanohi negotiations.
- (3) The iwi concerned in each process will endeavour to reach consensus on the allocation of the CNI forests land in question, 5
having regard to the strength of the mana whenua interests. Innovative solutions that reflect tikanga, whanaungatanga, manaakitanga and kotahitanga, and the complexity of mana whenua interest could include, but are not limited to—
- (a) joint or multiple ownership as tenants in common, either 10
divided in equal shares or proportionally according to the respective interests of the iwi; and
- (b) subdividing land and allocating the subdivided portions to each iwi; and
- (c) agreeing to “exchange” interests in more than 1 block, 15
so that exclusive interests can be granted to each of the blocks; and
- (d) one iwi becoming the owner, but acknowledging the relationship of other iwi with the land in an agreed manner; and 20
- (e) agreeing not to transfer title of the land from the company, but acknowledging mana whenua interests in a manner agreed by the iwi.
- (4) Minutes of each hui will be taken and confirmed by the iwi participating. 25
- (5) Agreements reached during Stage 2 must be signed in writing by the authorised representatives of each iwi.
- (6) Throughout Stage 2, the company will obtain regular reports from iwi on the progress of negotiations, and consider whether it can facilitate the resolution of any disputes with the agree- 30
ment of the iwi concerned.
- (7) The iwi involved in each kanohi ki te kanohi process may request the appointment of mediators to assist in the Stage 2 process, as set out in **clause 5(7) to (9)**.

- (2) The board of the company may only alter the agreements reached between iwi with the consent of the iwi concerned. 10
- (3) For remaining areas of dispute, the iwi involved in the dispute will decide whether to refer the dispute to—
- (a) mediation, to endeavour to reach agreement; or
 - (b) adjudication, in order to determine the dispute (whether or not mediation has been attempted first). 15
- (4) If the iwi involved in the dispute cannot reach agreement on which process to follow under **subclause (3)**, the board of the company will decide.
- (5) If agreement is not reached through mediation by 30 November 2010, then the dispute will be determined by adjudication. 20
- (6) Following determination of the dispute, the decision reached will be recorded in the allocation agreement.
- Mediation: to be completed by 30 November 2010*
- (7) The company may appoint 1 or more mediators to mediate the dispute between the iwi who— 25
- (a) should be fluent in te reo Māori, and have knowledge of, and be skilled in, Tikanga based dispute resolution; and
 - (b) must be independent of the dispute; and
 - (c) are nominated by the iwi concerned and are appointed with their consent. 30
- (8) The mediator will decide, in conjunction with the iwi concerned, the process to be followed in the mediation.
- (9) The mediator will not have power to determine the dispute, but may offer advice of a non-binding nature. 35

Adjudication: To be completed by 25 June 2011

- (10) If the dispute is referred to adjudication, the company will appoint an adjudication panel that comprises at least 3 members to determine the dispute. The company will have complete discretion to decide who the members of the panel should be, 5
subject to the following requirements:
- (a) the panel members must be fluent in te reo Māori, and be knowledgeable on matters of Tikanga, including in particular how mana whenua is held and exercised by iwi; and 10
 - (b) panel members must be independent of the dispute, and not be members of the iwi involved in the dispute.
- (11) The adjudication panel may seek legal advice on process, or legal or other expert advice on any other matter.
- (12) The adjudication panel will hear the claims of the iwi to the land at issue. 15
- (13) The adjudication panel will have complete discretion to determine the process and timetable for the hearing, subject to the following requirements:
- (a) the iwi will provide an agreed joint statement to the adjudication panel outlining the nature of the dispute; and 20
 - (b) each iwi will have the opportunity to provide a written submission to the adjudication panel stating their mana whenua interests and their position concerning the dispute; and 25
 - (c) the iwi involved will file written evidence; and
 - (d) each iwi claimant is entitled to a right of reply; and
 - (e) there is a right to question witnesses; and
 - (f) lawyers are not permitted to appear before the adjudication panel unless all parties agree; and 30
 - (g) a decision will be reached by 25 June 2011.
- (14) The adjudication panel will reach a decision on allocation of the land at issue, in accordance with the mana whenua test set out at **clause 4(2)**. The adjudication panel will have power 35
to—
- (a) allocate the land to 1 iwi; or
 - (b) allocate the land to more than 1 iwi in joint or multiple ownership as tenants in common in a block, either di-

 - (d) allocate the land to 1 iwi, but acknowledge the relationship of the other iwi with the land in a specified manner; or
 - (e) implement any other solutions proposed by 1 or more of the parties, subject to any modifications required by the adjudication panel.
- (15) A decision with reasons will be given. The decision of the adjudication panel will be final and binding on all the parties.

7 Allocation agreement

- (1) The board of the company will complete the allocation agreement by 1 July 2011.
- (2) The allocation agreement will be final and binding.
- (3) After 1 July 2011, on receiving a written request from a governance entity, the company will transfer the CNI forests land to that governance entity or nominee in accordance with the allocation agreement within a reasonable time, provided that—

 - (b) the ongoing licence rentals from the land will continue to be paid to the company and distributed according to the agreed proportions until the final allocation date (as defined in the deed of trust). After the final allocation date, they will run with the land.
- (4) If for any reason aspects of the allocation agreement are not finalised, or are subject to litigation, that will not prevent transfer to iwi of CNI forests land for which final agreement has been reached.
- (5) If agreement is reached not to transfer areas of the CNI forests land, or iwi do not request a transfer in writing, then the company will retain title, subject to the vested beneficial entitlement of iwi in accordance with the allocation agreement and the provisions of the deed of trust.
