#### Māori Purposes Bill

Government Bill

#### **Explanatory note**

#### **General policy statement**

A Māori Purposes Bill is an omnibus Bill that enables minor, technical, and non-controversial amendments to be made to Māori development legislation. A Māori Purposes Bill may also deal with authorisations, transfers, and validations in respect of Māori land and property.

The proposed amendments in this Māori Purposes Bill, individually and collectively, are intended to contribute to Māori well-being and development by providing Māori entities with greater autonomy and decision making, addressing previous technical issues within legislation, and reducing administrative compliance.

First, the Bill proposes amendments to Te Ture Whenua Maori Act 1993 to ensure the Ruapuha Uekaha Hapū Trust can continue to exist and exercise powers, rights, and duties in a manner consistent with the 1990 settlement of the Wai 51 claim in relation to the Waitomo Caves. It also addresses technical and non-controversial matters in Te Ture Whenua Maori Act 1993 that were identified for revision, but not included in Te Ture Whenua Maori (Succession, Dispute Resolution, and Related Matters) Amendment Act 2020. These matters include the extension of notification periods, provision for the use of electronic communications, and a linguistic amendment to the preamble.

Second, it proposes amendments to the Maori Purposes Act 1959 to give the Rotoaira Trust more autonomy and flexibility in managing Lake Rotoaira and its trout fishery. These amendments—

- remove a requirement to hold a trout licence to fish for fish other than trout:
- clarify that a right of entry to the Lake without an entry permit does not authorise fishing:
- include the Trustees of Motuopuhi Māori Reservation and their invitees in the list of people allowed access to the Lake without an entry permit:

- increase outdated low penalties for offences from \$100 to \$5,000:
- include a warranted officer under the Conservation Act 1987 in the definition of a stipendiary ranger:
- enable the Rotoaira Trustees to recommend all fishing conditions for an Anglers Notice to the Minister of Conservation, not just open and closed seasons:
- add a specified area to the definition of adjoining waters forming part of the Lake to enable the Rotoaira Trustees to manage trout spawning areas:
- revoke provisions that tie the daily bag and size limits for Lake Rotoaira to those set for the Lake Taupo fishery:
- correct the misspelling of the name Wairehu Canal in the Maori Purposes Act 1959

Third, the Bill proposes technical and non-contentious amendments to the Maori Trust Boards Act 1955 to—

- provide for electronic voting; and
- remove the Māori Trust Boards from the Cabinet Fees Framework; and
- provide for resignations of members of Boards to be made in writing to the Board and for the Board to then notify the Minister for Māori Development (rather than for the member to resign in writing to the Minister); and
- remove the Taranaki Māori Trust Board annuity payment provision from the Act, consequent upon the Crown buyout of the annuity.

Finally, an amendment is proposed to the Maori Community Development Act 1962 to require District Māori Councils to provide a copy of their audited financial statements directly to the New Zealand Māori Council rather than to the chief executive of Te Puni Kōkiri.

#### **Departmental disclosure statement**

Te Puni Kōkiri is required to prepare a disclosure statement to assist with the scrutiny of this Bill. The disclosure statement provides access to information about the policy development of the Bill and identifies any significant or unusual legislative features of the Bill.

A copy of the statement can be found at http://legislation.govt.nz/disclosure.aspx?type=bill&subtype=government&year=2021&no=92.

#### Regulatory impact statement
