

Sale and Supply of Alcohol (Rugby World Cup 2023 Extended Trading Hours) Amendment Bill

Government Bill

As reported from the Justice Committee

Commentary

Recommendation

The Justice Committee has examined the Sale and Supply of Alcohol (Rugby World Cup 2023 Extended Trading Hours) Amendment Bill and recommends that it be passed. We recommend all amendments unanimously.

Introduction

The bill would temporarily amend the Sale and Supply of Alcohol Act 2012. Under the Act, eligible licensees can apply for a special licence for specific events, or a series of events, to allow them to trade outside the hours included in their existing licence. The bill would temporarily amend the Act to allow eligible licensees to extend their trading hours for the purposes of televising games played as part of the men's Rugby World Cup 2023, without applying for a special licence. The bill would also establish a notification system for licensees to notify the Police in advance about their plans, and a new record-keeping requirement for the Police.

The key changes that the bill would introduce are as follows:

- eligible on-licence and club licence holders could extend their trading hours to televise games from the men's Rugby World Cup 2023 without applying for a special licence
- the primary or sole purpose of the premises being open during extended hours must be to allow customers to watch a live televised game of the men's Rugby World Cup 2023
- opening and closing times for the extended trading hours would be regulated by the bill

- licence holders would be required to give the Police and territorial authorities at least 7 days' written notice if they intend to extend their trading hours to televise a game and explain how they are going to avoid additional noise disruption
- licence holders would be required to notify the Police and territorial authorities as soon as practicable if they change their plans and decide not to open after having notified otherwise
- the Police would retain the power under section 266 of the Act to immediately shut down premises in certain circumstances (such as serious disorder, a significant threat to public health or safety, or a substantial public nuisance)
- the Police would be required to keep records of the notifications, including information on the number of notifications received, the periods of the extended hours notified, the period of notice given, and the number of cancelled notifications.

Legislative scrutiny

As part of our consideration of the bill, we have examined its consistency with principles of legislative quality. We have no issues regarding the legislation's design to bring to the attention of the House.

Proposed amendments

This commentary covers amendments we recommend to the bill as introduced.

Clause 4 of the bill would insert new sections 45A to 45H into the Act to establish the temporary notification system, and set out its conditions and requirements.

Changing “outside area” to “open area”

New section 45E(1)(c) of the bill as introduced would restrict the use of outdoor areas during extended trading hours. Licensees would have to comply with the following conditions:

- Outside areas could not be used for any purpose (despite section 12 of the Smokefree Environments and Regulated Products Act 1990).
- Outside audio equipment could not be used.
- Bottles or other rubbish could not be disposed of, or left for collection, outside.

Neither the bill nor the Act defines “outside” or “outside area”. Some submitters told us that they have experienced issues arising from differing interpretations of these terms.¹

¹ The same terms were used in section 45E(1)(c) of the Sale and Supply of Alcohol (Rugby World Cup 2019 Extended Trading Hours) Amendment Act 2019.

We do not think it would be appropriate for a temporary amendment bill to define such general terms. We consider it more appropriate for the terminology in this section to be aligned with that used in existing legislation. The Smokefree Environments and Regulated Products Act is already mentioned in new section 45E(1)(c)(i). That Act uses and defines the term “open area” in the context of licensed premises. “Open area” is defined in section 2(1) of that Act as any area that is not an “internal area”. An “internal area” is defined as, essentially, any area within a premises that is enclosed by a ceiling or roof, walls, and windows and doors that shut.

We recommend amending proposed section 45E(1)(c) to replace references to “outside” and “outside areas” with “open areas”. We also recommend specifying that, for the purposes of section 45E(1)(c), “open area” has the same meaning as under section 2(1) of the Smokefree Environments and Regulated Products Act.

Clarifying that it is an offence not to display required information

New section 45F would specify that all licensed premises operating under the notification system must promptly display a general statement about how their trading hours are to be extended.

Submitters told us that there was widespread non-compliance with the equivalent provision when temporary amendments to the Act were made for earlier rugby world cups.

Section 259 of the Act sets out the offence provisions in the Act and establishes a maximum penalty of \$5,000 for failure or refusal to comply. For the avoidance of doubt, we recommend inserting a new section 45F(3) to make it clear that any failure to comply is to be treated as an offence under section 259(1) of the Act.

Wider alcohol reform

Some submitters made suggestions for wider reform of alcohol laws, including:

- implementing a permanent legislative solution for similar events
- reviewing the special licence process
- amending the Act to provide stricter controls on advertising, sponsorship, and promotion of alcohol, including in relation to sports.

We are aware that the Government intends to consider further alcohol reforms in 2024. We note that similar bills were passed prior to the 2015 and 2019 Rugby World Cups. We recommend that the Government consider a permanent legislative solution for the sale and supply of alcohol during future rugby world cups and other similar events. We also recommend that work on further reforms include a review of the special licence process.

The Labour Party members of the committee recommend that, as part of further reform, the Government also consider the suggestion of amending the Act to provide stricter controls on advertising, sponsorship, and promotion of alcohol, including in relation to sports.

4	New sections 45A to 45H and cross-heading inserted	
	After section 45, insert:	

Rugby World Cup 2023 extended trading hours

45A	Purpose	
	The purpose of sections 45B to 45H is to facilitate extended trading hours (and related adjustments to one-way door restrictions) for some premises—	15
	(a) for which an on-licence or a club licence is held; and	
	(b) in which the licensee intends to televise, and televises, on a particular night, a notified game or games.	
45B	Game, and other terms, defined	20
(1)	In section 45A , this section, and sections 45C to 45H ,—	
	game means a game of the Rugby World Cup 2023 tournament (the tenth quadrennial international rugby world championship, to be held in France, from 8 September 2023 (Central European Summer Time) to 28 October 2023 (Central European Summer Time), game details for which are set out, for public information and reference purposes only, in Schedule 4)	25

- night**, for licensed premises, means a period all or some of which is outside the permitted trading hours, including morning hours
- televise**, for a game, means to show customers the game via a live audiovisual communication—
- (a) in any form, on any basis (for example, subscription to a television channel or service, or on demand), and using any medium or media (for example, satellite television broadcast, or Internet video streaming); and 5
 - (b) to or for, or to or for a class of, the public.
- (2) **Permitted trading hours**, and other terms defined in section 5(1), have, in **section 45A**, this section, and **sections 45C to 45H**, the same meanings given to them by section 5(1). 10
- 45C Eligible premises**
- (1) **Sections 45D to 45F** apply to any licensed premises for which an on-licence or a club licence—
- (a) is held, and not suspended or cancelled, immediately before a night— 15
 - (i) on or after 9 September 2023 (New Zealand standard time); and
 - (ii) before or on 29 October 2023 (New Zealand daylight time); and
 - (b) has not been varied or suspended under section 280 within 12 months before the date on which the licensee gives notice under this section.
- (2) However, **sections 45D to 45F** apply to the premises only if the licensee has given the territorial authority and the Police at least 7 days' written notice— 20
- (a) that the licensee intends to televise in the premises on the night the game, all games, or any 1 or more stated games; and
 - (b) of the details of a noise management plan that is, or the other arrangements for managing noise levels that are, appropriate to the locality and that the licensee is to have in place during every proposed extension under **section 45D** to the permitted trading hours. 25
- (3) The details under **subsection (2)(b)** must state how the licensee will comply with the noise level management conditions in **section 45E(1)(c)**.
- (4) The notification to the Police must be sent to the constable in charge of the police station nearest to the premises for which the licence is held. 30
- (5) **Sections 45D to 45F** cease to apply to the premises if—
- (a) an application for an order under section 280 suspending or cancelling a licence is made on the grounds, expressly stated in the application, that the premises have clearly been conducted in breach, without reasonable excuse, of any of **sections 45D to 45F**; and 35
 - (b) a copy of the application is sent to, and received by, the licensee.
- (6) A licensee who has given notice under **subsection (2)** but subsequently decides not to televise in the premises any games on the night specified in that

notice must, as soon as is reasonably practicable, give notice of the decision to the territorial authority and the constable in charge of the police station nearest the premises for which the licence is held.

- (7) If notice is given under **subsection (6)**, **sections 45D to 45F** cease to apply. 5

45D Trading hours extended

- (1) The licensee has the extension provided in this section to the permitted trading hours, but only if the primary or sole purpose of the premises being open on the night is to allow customers to watch the televised game or games notified by the licensee under **section 45C**. 10

- (2) The premises may open 1 hour before the start of each game to be televised.

- (3) However, if the first or only game to be televised is to start no more than 2 hours after the end of the last period of permitted trading hours for the premises, the premises can stay open after that period, and until that game starts.

- (4) The premises can be open during each game televised. 15

- (5) The premises are required to close for the sale of alcohol 30 minutes after the end of each game televised (unless that 30-minute period ends after the start of the 1-hour period under **subsection (2)** for the next game to be televised).

- (6) Sections 255 and 256 make it an offence for a person to whom section 255(1) applies to be found in (and for the licensee or a manager of the premises to allow the person to be on) any part of the premises, if they are on-licence premises used principally or exclusively for the sale, supply, or consumption of alcohol, at any time that— 20

(a) is not a time when a special licence applies to the premises; and

(b) is not between 6 am and the time when the next period of permitted trading hours for the premises begins; and 25

(c) is—

(i) more than 30 minutes after the premises are required to close for the sale of alcohol; or

(ii) a time when the premises are required to be closed for the sale of alcohol. 30

Example 1: game starts during and finishes outside permitted trading hours

The licensee notifies for the Italy v Namibia game played on 9 September at 23.00 NZST.

The last period of permitted trading hours for the premises ends at 23.30 NZST. 35

The premises can be open during the game televised, which ends at 0.45 NZST.

The premises are required to be closed for the sale of alcohol at 1.15 NZST.

The premises are on-licence premises used mainly or only for the sale, supply, or consumption of alcohol, so no customer can be found in, or allowed to be on, the premises after 1.45 NZST and before 6.00 NZST.

Example 2: game starts no more than 2 hours outside permitted trading hours

5

The licensee notifies for the Japan v Argentina game played on 9 October at 0.00 NZDT.

The last period of permitted trading hours for the premises ends at 22.00 NZDT.

As the game is to start no more than 2 hours after 22.00 NZDT, the premises can stay open after 22.00 NZDT until the game starts at or about 0.00 NZDT.

10

The premises can be open during the game televised, which ends at 1.45 NZDT.

The premises are required to be closed for the sale of alcohol at 2.15 NZDT.

The premises are on-licence premises used mainly or only for the sale, supply, or consumption of alcohol, so no customer can be found in, or allowed to be on, the premises after 2.45 NZDT and before 6.00 NZDT.

15

Example 3: game starts more than 2 hours outside permitted trading hours

The licensee notifies for the Australia v Fiji game played on 18 September at 3.45 NZST.

The last period of permitted trading hours for the premises ends at 17.00 NZST.

The premises can open at 2.45 NZST (1 hour before the start of the game).

20

The game ends at 5.30 NZST.

The premises are required to be closed for the sale of alcohol at 6.00 NZST.

Example 4: successive games

The licensee notifies for the first, second, and third of these 3 games played on 8 October:

25

- the Wales v Georgia game to start at 2.00 NZDT;
- the England v Samoa game to start at 4.45 NZDT;
- the Ireland v Scotland game to start at 8.00 NZDT.

The last period of permitted trading hours for the premises ends at 0.30 NZDT.

The opening time for permitted trading hours is 8.00 NZDT.

30

The premises can remain open and sell, supply, and let people consume alcohol on the premises from 0.30 NZDT on 8 October (the end of the last period of permitted trading hours) until 0.30 NZDT on 9 October (the end of last period of permitted trading hours the following day), because—

- (a) the first game is to start no more than 2 hours after 0.30 NZDT; and
- (b) premises can open 1 hour before the start of each game to be televised; and
- (c) alcohol sales are required to close 30 minutes after the game ends, unless that 30-minute period ends after the start of the 1-hour period under (b), and

35

- (d) the third game starts at the premises' opening time for permitted trading hours at 8.00 NZDT.

Example 5: non-successive games

The licensee notifies for the first and third, but not the second, of these 3 games played on 8 October: 5

- the Wales v Georgia game to start at 2.00 NZDT:
- the England v Samoa game to start at 4.45 NZDT:
- the Ireland v Scotland game to start at 8.00 NZDT.

The last period of permitted trading hours for the premises ends at 0.30 NZDT.

The opening time for permitted trading hours is 8.00 NZDT. 10

As the game is to start no more than 2 hours after the end of the last period of permitted trading hours, the premises can remain open from 0.30 NZDT to the end of the first game, at 3.45 NZDT.

The premises are required to be closed for the sale of alcohol at 4.15 NZDT.

The premises are on-licence premises used mainly or only for the sale, supply, or consumption of alcohol, so no customers can be found in, or allowed on, the premises after 4.45 NZDT and until 6.00 NZDT. 15

The premises can open again for the sale of alcohol at 7.00 NZDT (1 hour before the start of the third game).

The third game ends at 8.45 NZDT, within the premises permitted trading hours, and can remain open until 0.30 NZDT on 9 October (the last period of permitted trading hours the following day). 20

45E Effect of extensions (on one-way door restrictions, etc)

- (1) While the premises are open under an extension under **section 45D**,— 25
- (a) the licensee has, for the purposes of section 247(1), the authority of this Act to do any of the following things: 25
- (i) sell or supply alcohol on the premises for consumption there; or
 - (ii) let people consume alcohol on the premises; and
- (b) sections 46 to 63 and 259(1) require the licensee to comply with all applicable requirements and restrictions imposed by or under this Act, and with every (and, in particular, with the most restrictive relevant applicable) condition subject to which the licence has been issued or renewed, except so far as those requirements, restrictions, or conditions are overridden under **subsection (4)(a)**; and 30
- (c) the licensee must comply with the following conditions: 35
- (i) ~~outside~~ open areas cannot be used for any purpose (despite section 12 of the Smokefree Environments and Regulated Products Act 1990):
 - (ii) ~~outside~~ audio equipment (for example, loudspeakers, amplifiers, or audio relay equipment) cannot be used in an open area: 40

- (iii) bottles, or other rubbish, cannot be disposed of, or left for collection ~~outside~~ in an open area.
- (2) An extension under **section 45D**—
- (a) must be treated as if it were part of the permitted trading hours (for example, under sections 46(1) and 259(1)(a)) on a day on which alcohol may be sold and supplied; and
- (b) is not (for example, under sections 255(1)(c)(i) and (ii) and 256), while it operates, a time when the premises are required to close, or to be closed, for the sale of alcohol.
- (3) Any one-way door restriction (whether imposed on the licence, or in a relevant local alcohol policy) applicable to the premises during the permitted trading hours does not operate—
- (a) within 1 hour before an extension starts under **section 45D(3)**; or
- (b) during an extension under **section 45D** to the permitted trading hours; or
- (c) within 1 hour after the premises are required under **section 45D(5)** to close for the sale of alcohol.
- (4) **Section 45D** and this section—
- (a) override any contrary provisions of this Act, of a relevant local alcohol policy, or of a condition of the licence; and
- (b) do not affect closure of the premises under section 265 or 266, or the operation of subpart 9 of Part 2 (other enforcement provisions) in respect of the premises.
- (5) A person's use of land must be treated as not contravening section 9 of the Resource Management Act 1991 if—
- (a) it complies with **section 45D** and the rest of this section; and
- (b) it would comply with section 9 of the Resource Management Act 1991 if it occurred only during permitted trading hours.
- (6) For the purposes of **subsection (1)(c)**, **open area** has the same meaning as in section 2(1) of the Smokefree Environments and Regulated Products Act 1990.
- 45F Display of information about extensions**
- (1) If **sections 45D and 45E** apply, under **section 45C**, to licensed premises, the licensee must display promptly a general statement about how **sections 45D and 45E** may be, and are to be, used in respect of the premises.
- (2) The statement must be displayed in the way section 57(1) or (2) requires display of a statement of all conditions subject to which the licence is issued.
- (3) To avoid doubt, a person who fails or refuses to comply with **subsection (2)** commits an offence against section 259(1).

- 45G Special licences unaffected, and not limiting, but do not apply if notice given**
- (1) **Sections 45A to 45F** and this section do not limit or affect—
- (a) an application for a special licence issued in respect of an event related to a game or games; or 5
- (b) the operation of a special licence of that kind.
- (2) **Section 45C(1)** applies to premises even if a special licence is also held for the premises, and has been issued in respect of an event related to all or any games that the licensee intends to televise in those premises in reliance instead on **sections 45D and 45E**. 10
- (3) However, if the holder of the special licence gives notice under **section 45C(2)** that the licensee intends to televise 1 or more games in reliance on **sections 45D and 45E**,—
- (a) **sections 45D to 45F** apply to the premises; and
- (b) for the period of the extension provided by **section 45D**, the special licence does not apply to the premises. 15
- 45H Duty to keep records for research purposes**
- (1) The Police must keep records of the notices given under **section 45C** for research purposes.
- (2) The records must— 20
- (a) specify the number of notices given under **section 45C(2)**; and
- (b) specify the number of notices given under **section 45C(6)**; and
- (c) classify the premises to which the notifications relate (including size, type, and location); and
- (d) specify, for each premises,— 25
- (i) the period of extended hours that have been notified (hours and times); and
- (ii) the period of time between the giving of a notice and the start of the extended hours to which the notice relates.
- 5 New Schedule 4 inserted** 30
- After Schedule 3, insert the **Schedule 4** set out in the **Schedule** of this Act.
- 6 Repeal of extended trading hours provisions**
- Sections 44(3), 45(3), 45A to 45H, and 50(3)**, the cross-heading above **section 45A**, and **Schedule 4** are repealed on 31 October 2023.
