s 4

###### Resolution 2178 (2014)

**Adopted by the Security Council at its 7272nd meeting, on 24 September 2014**

*The Security Council,*

*Reaffirming* that terrorism in all forms and manifestations constitutes one of the most serious threats to international peace and security and that any acts of terrorism are criminal and unjustifiable regardless of their motivations, whenever and by whomsoever committed, and *remaining* determined to contribute further to enhancing the effectiveness of the overall effort to fight this scourge on a global level,

*Noting with concern* that the terrorism threat has become more diffuse, with an increase, in various regions of the world, of terrorist acts including those motivated by intolerance or extremism, and *expressing* its determination to combat this threat,

*Bearing in mind* the need to address the conditions conducive to the spread of terrorism, and *affirming* Member States' determination to continue to do all they can to resolve conflict and to deny terrorist groups the ability to put down roots and establish safe havens to address better the growing threat posed by terrorism,

*Emphasizing* that terrorism cannot and should not be associated with any religion, nationality or civilization,

*Recognizing* that international cooperation and any measures taken by Member States to prevent and combat terrorism must comply fully with the Charter of the United Nations,

*Reaffirming* its respect for the sovereignty, territorial integrity and political independence of all States in accordance with the Charter,

*Reaffirming* that Member States must ensure that any measures taken to counter terrorism comply with all their obligations under international law, in particular international human rights law, international refugee law, and international humanitarian law, *underscoring* that respect for human rights, fundamental freedoms and the rule of law are complementary and mutually reinforcing with effective counter-terrorism measures, and are an essential part of a successful counter-terrorism effort and notes the importance of respect for the rule of law so as to effectively prevent and combat terrorism, and *noting* that failure to comply with these and other international obligations, including under the Charter of the United Nations, is one of the factors contributing to increased radicalization and fosters a sense of impunity,

*Expressing grave concern* over the acute and growing threat posed by foreign terrorist fighters, namely individuals who travel to a State other than their States of residence or nationality for the purpose of the perpetration, planning, or preparation of, or participation in, terrorist acts or the providing or receiving of terrorist training, including in connection with armed conflict, and *resolving* to address this threat,

*Expressing grave concern* about those who attempt to travel to become foreign terrorist fighters,

*Concerned* that foreign terrorist fighters increase the intensity, duration and intractability of conflicts, and also may pose a serious threat to their States of origin, the States they transit and the States to which they travel, as well as States neighbouring zones of armed conflict in which foreign terrorist fighters are active and that are affected by serious security burdens, and *noting* that the threat of foreign terrorist fighters may affect all regions and Member States, even those far from conflict zones, and *expressing grave concern* that foreign terrorist fighters are using their extremist ideology to promote terrorism,

*Expressing concern* that international networks have been established by terrorists and terrorist entities among States of origin, transit and destination through which foreign terrorist fighters and the resources to support them have been channelled back and forth,

*Expressing particular concern* that foreign terrorist fighters are being recruited by and are joining entities such as the Islamic State in Iraq and the Levant (ISIL), the Al-Nusra Front (ANF) and other cells, affiliates, splinter groups or derivatives of Al-Qaida, as designated by the Committee established pursuant to resolutions 1267 (1999) and 1989 (2011), *recognizing* that the foreign terrorist fighter threat includes, among others, individuals supporting acts or activities of Al-Qaida and its cells, affiliates, splinter groups, and derivative entities, including by recruiting for or otherwise supporting acts or activities of such entities, and *stressing* the urgent need to address this particular threat,

*Recognizing* that addressing the threat posed by foreign terrorist fighters requires comprehensively addressing underlying factors, including by preventing radicalization to terrorism, stemming recruitment, inhibiting foreign terrorist fighter travel, disrupting financial support to foreign terrorist fighters, countering violent extremism, which can be conducive to terrorism, countering incitement to terrorist acts motivated by extremism or intolerance, promoting political and religious tolerance, economic development and social cohesion and inclusiveness, ending and resolving armed conflicts, and facilitating reintegration and rehabilitation,

*Recognizing* also that terrorism will not be defeated by military force, law enforcement measures, and intelligence operations alone, and *underlining* the need to address the conditions conducive to the spread of terrorism, as outlined in Pillar I of the United Nations Global Counter-Terrorism Strategy (A/RES/60/288),

*Expressing concern* over the increased use by terrorists and their supporters of communications technology for the purpose of radicalizing to terrorism, recruiting and

inciting others to commit terrorist acts, including through the internet, and financing and facilitating the travel and subsequent activities of foreign terrorist fighters, and *underlining* the need for Member States to act cooperatively to prevent terrorists from exploiting technology, communications and resources to incite support for terrorist acts, while respecting human rights and fundamental freedoms and in compliance with other obligations under international law,

*Noting* with appreciation the activities undertaken in the area of capacity building by United Nations entities, in particular entities of the Counter-Terrorism Implementation Task Force (CTITF), including the United Nations Office of Drugs and Crime (UNODC) and the United Nations Centre for Counter-Terrorism (UNCCT), and also the efforts of the Counter Terrorism Committee Executive Directorate (CTED) to facilitate technical assistance, specifically by promoting engagement between providers of capacity-building assistance and recipients, in coordination with other relevant international, regional and subregional organizations, to assist Member States, upon their request, in implementation of the United Nations Global Counter-Terrorism Strategy,

*Noting* recent developments and initiatives at the international, regional and subregional levels to prevent and suppress international terrorism, and *noting* the work of the Global Counterterrorism Forum (GCTF), in particular its recent adoption of a comprehensive set of good practices to address the foreign terrorist fighter phenomenon, and its publication of several other framework documents and good practices, including in the areas of countering violent extremism, criminal justice, prisons, kidnapping for ransom, providing support to victims of terrorism, and community-oriented policing, to assist interested States with the practical implementation of the United Nations counter-terrorism legal and policy framework and to complement the work of the relevant United Nations counter-terrorism entities in these areas,

*Noting* with appreciation the efforts of INTERPOL to address the threat posed by foreign terrorist fighters, including through global law enforcement information sharing enabled by the use of its secure communications network, databases, and system of advisory notices, procedures to track stolen, forged identity papers and travel documents, and INTERPOL's counter-terrorism fora and foreign terrorist fighter programme,

*Having regard to and highlighting* the situation of individuals of more than one nationality who travel to their states of nationality for the purpose of the perpetration, planning, preparation of, or participation in, terrorist acts or the providing or receiving of terrorist training, and *urging* States to take action, as appropriate, in compliance with their obligations under their domestic law and international law, including international human rights law,

*Calling* upon States to ensure, in conformity with international law, in particular international human rights law and international refugee law, that refugee status is not abused by the perpetrators, organizers or facilitators of terrorist acts, including by foreign terrorist fighters,

*Reaffirming* its call upon all States to become party to the international counter-terrorism conventions and protocols as soon as possible, whether or not they are a party to regional conventions on the matter, and to fully implement their obligations under those to which they are a party,

*Noting* the continued threat to international peace and security posed by terrorism, and *affirming* the need to combat by all means, in accordance with the Charter of the United Nations, threats to international peace and security caused by terrorist acts, including those perpetrated by foreign terrorist fighters,

*Acting* under Chapter VII of the Charter of the United Nations,

1. *Condemns* the violent extremism, which can be conducive to terrorism, sectarian violence, and the commission of terrorist acts by foreign terrorist fighters, and *demands* that all foreign terrorist fighters disarm and cease all terrorist acts and participation in armed conflict;
2. *Reaffirms* that all States shall prevent the movement of terrorists or terrorist groups by effective border controls and controls on issuance of identity papers and travel documents, and through measures for preventing counterfeiting, forgery or fraudulent use of identity papers and travel documents, *underscores*, in this regard, the importance of addressing, in accordance with their relevant international obligations, the threat posed by foreign terrorist fighters, and *encourages* Member States to employ evidence-based traveller risk assessment and screening procedures including collection and analysis of travel data, without resorting to profiling based on stereotypes founded on grounds of discrimination prohibited by international law;
3. *Urges* Member States, in accordance with domestic and international law, to intensify and accelerate the exchange of operational information regarding actions or movements of terrorists or terrorist networks, including foreign terrorist fighters, especially with their States of residence or nationality, through bilateral or multilateral mechanisms, in particular the United Nations;
