78 How indigenous timber is regulated under this Part

This Part applies to a person who trades in indigenous timber only if—

- (a) it is regulated timber; or
- (b) the person has voluntarily complied with the legal harvest system in accordance with section 83.

Subpart 1—Who must comply with legal harvest information requirements

79 Responsible person must comply with legal harvest information requirements

- (1) A responsible person for the harvest of regulated timber must comply with the legal harvest information requirements when supplying that timber to another person in trade.
- (2) This section is subject to section 81.

80 Legal harvest information requirements

The **legal harvest information requirements** are as follows:

- (a) a responsible person who supplies regulated timber (the **supplier**) to another person (the **recipient**) in trade must provide the recipient with the legal harvest information for the timber:
- (b) the supplier must provide the legal harvest information to the recipient before or when the timber is supplied to the recipient:
- (c) if the supplier becomes aware that any part of the legal harvest information is false or misleading in any material particular, they must provide the recipient with correct and up-to-date legal harvest information,—
 - (i) if all the timber has not been supplied, before continuing to supply the timber to the recipient; or
 - (ii) if all the timber has been supplied, as soon as is reasonably practicable until trade between the supplier and the recipient is completed for that harvest:
- (d) the supplier must, in accordance with regulations, keep records of legal harvest information that they have provided under this section.

81 When responsible person not required to comply with legal harvest information requirements

- (1) A responsible person does not have to comply with section 79(1) if—

- (a) they belong to a class of persons specified by regulations as exempt from the legal harvest information requirements; or
 - (b) the timber they supply is of a kind specified in regulations as timber to which section 79(1) does not apply (whether in part or in whole); or
 - (c) the timber is supplied in the circumstances, or for the purposes, specified in regulations; or

- (2) The **activity exceptions** are the following:
- (a) if the responsible person carried out the activity in the previous full financial year,—
 - (i) their level of activity in that year was less than the threshold level of timber; and
 - (ii) their level of activity in the current financial year does not in fact exceed that threshold level:
 - (b) if the responsible person did not carry out the activity in the previous full financial year, their level of activity in the current financial year is reasonably expected by them not to, and does not in fact, exceed the threshold level of timber.
- (3) In this section, **threshold level**, in relation to regulated timber, means the level specified by regulations.
- (4) Regulations may specify a threshold level by reference to volume, number of units, number of consignments, value, or any other measure.

82 Requirements for legal harvest statement

- (1) A **legal harvest statement**—
- (a) must identify the timber to which it relates in accordance with any requirement or criteria in regulations (for example, by referring to location or by species of timber); and
 - (b) must include any information that is required by regulations; and
 - (c) must be made in the form approved by the Secretary.
- (2) However, a legal harvest statement for regulated timber that results from the harvest of indigenous species of New Zealand timber need not comply with subsection (1) if it complies with alternative requirements set in regulations.

83 Voluntary compliance with legal harvest information requirements

- (1) A responsible person who is not required to comply with section 79(1) may, however, choose to comply with that section for particular timber that they supply in trade.

- (2) If the person chooses to comply with section 79(1) for particular timber that they supply in trade,—
- (a) they must, in relation to that timber, comply with all of the legal harvest information requirements; and
 - (b) that timber is treated as regulated timber for the purposes of this Part.

- (4) A certificate or document to which subsection (1) applies is not admissible in evidence unless,—
- (a) at least 20 days before the hearing at which the certificate or document is to be tendered, a copy is served, by or on behalf of the prosecutor, on the defendant or the defendant’s agent or counsel, and that person is at the same time informed in writing that the prosecutor does not propose to call the person who signed the certificate or document as a witness at the hearing or to call evidence as to the nature of the certificate or document; and
 - (b) the court has not, on the application of the defendant made not less than 10 days before the hearing, ordered, not less than 5 days before the hearing (or any lesser period that the court in the special circumstances of the case thinks fit), that the certificate or document should not be admissible as evidence in the proceedings.
- (5) The court may not make an order under subsection (4)(b) unless it is satisfied that there is a reasonable doubt as to the accuracy or validity or identity of a certificate or document.

160 Liability of body corporate

If, in the course of proceedings against a body corporate for an offence under this Part, it is necessary to establish the state of mind of the body corporate, it is sufficient to show that a director, employee, or agent of the body corporate, acting within the scope of that person’s actual or apparent authority, had that state of mind.

161 Liability of directors and managers of companies

Where a body corporate is convicted of an offence under this Part, every director and every person concerned in the management of the body corporate is also guilty of a like offence if it is proved that—

- (a) the act or omission that constituted the offence took place with the authority, permission, or consent of the director or person; or
- (b) the director or person knew that the offence was to be or was being committed, and failed to take all reasonable steps to prevent or stop it.

Automated electronic system

162 Arrangement for system

- (1) The Secretary may arrange for the use of an automated electronic system to do the actions described in subsection (2) that this Part or another enactment allows or requires the persons described in subsection (3) to do for the purposes of this Part.
- (2) The actions are the following:
 - (a) exercising a power other than a power to make secondary legislation;
 - (b) carrying out a function;
 - (c) carrying out a duty;
 - (d) making a decision, including making a decision by—
 - (i) analysing information that a person described in subsection (3) holds or has access to about a person, regulated timber, or specified timber products; and
 - (ii) applying criteria predetermined by the Secretary to the analysis;
 - (e) doing an action for the purpose of exercising a power, carrying out a function or duty, or making a decision;
 - (f) communicating the exercising of a power, carrying out of a function or duty, or making of a decision.
- (3) The persons are the following:
 - (a) the Secretary;
 - (b) officers.
- (4) The Secretary may make an arrangement only if satisfied that—
 - (a) the system has the capacity to do the action with reasonable reliability; and
 - (b) a process is available under which a person affected by an action done by the system can have the action reviewed by a person described in subsection (3) without undue delay.

- (5) A system used in accordance with an arrangement may include components outside New Zealand.
- (6) The Secretary must consult the Privacy Commissioner about including in an arrangement actions that involve the collection or use of personal information.

163 Effect of use of system

- (1) This section applies to an action done by an automated electronic system.
- (2) An action allowed or required by this Part and done by the system—
 - (a) is treated as an action done properly by the appropriate person referred to in section 162(3); and
 - (b) is not invalid by virtue only of the fact that it is done by the system.
- (3) If an action allowed or required by another enactment and done by the system is done in accordance with any applicable provisions in the enactment on the use of an automated electronic system, the action—
 - (a) is treated as an action done properly by the appropriate person referred to in section 162(3); and
 - (b) is not invalid by virtue only of the fact that it is done by the system.
- (4) If the system operates in such a way as to render the action done or partly done by the system clearly wrong, the action may be done by the appropriate person referred to in section 162(3).

This Part applies to Part 5.

Subpart 1—Cost recovery**166 Obligation to recover costs**

- (1) This section applies to the direct and indirect costs of administering Part 5.
- (2) The Minister must take all reasonable steps to ensure that the costs are recovered, whether by way of fees, levies, or otherwise.
- (3) The obligation to recover costs does not apply to costs that are provided for by money appropriated by Parliament for the purpose.

167 Principles of cost recovery

- (1) In determining the most appropriate method of cost recovery to use, the Minister must have regard, as far as is reasonably practicable, to the following criteria:
 - (a) equity, in that funding for a particular function, power, or service, or a particular class of functions, powers, or services, should generally, and to the extent practicable, be sourced from the users or beneficiaries of the relevant function, power, or service at a level commensurate with their use or benefit from the function, power, or service:
 - (b) efficiency, in that costs should generally be allocated and recovered in order to ensure that maximum benefits are delivered at minimum cost:

- (c) justifiability, in that costs should be collected only to meet the actual and reasonable costs (including indirect costs) of the provision or exercise of the relevant function, power, or service:
 - (d) transparency, in that costs should be identified and allocated as closely as practicable in relation to tangible service provision for the recovery period in which the service is provided.
- (2) However,—
- (a) there need not be a strict apportionment of the costs to be recovered for a particular function or service based on usage; and
 - (b) without limiting the way in which fees or charges may be set, a fee or charge may be set at a level or in a way that—
 - (i) is determined by calculations that involve an averaging of costs or potential costs:
 - (ii) takes into account costs or potential costs of services that are not directly to be provided to the person who pays the fee or charge but that are an indirect or potential cost arising from the delivery of the service in question to a class of persons or all persons who use the service.

168 Requirement for consultation

- (1) Costs must not be recovered unless there has been consultation with affected persons or representatives of persons substantially affected, including representatives of tangata whenua and forestry industry bodies.
- (2) Consultation is not required in relation to specific fees or charges, or the specific levels of fees or charges, so long as the fees or charges set are reasonably within the scope of any general consultation.

169 Methods of cost recovery

The methods by which costs may be recovered are as follows:

- (a) fixed fees or charges:
- (b) fees or charges based on a scale or formula or at a rate determined on an hourly or other unit basis:
- (c) use of a formula or other method of calculation for fixing fees and charges:
- (d) the recovery by way of fee or charge of actual and reasonable costs expended in, or associated with, the performance of a service or function:
- (e) estimated fees or charges, or fees or charges based on estimated costs, paid before the provision of the service or function, followed by reconciliation and an appropriate further payment or refund after provision of the service or function:

- (f) levies:
- (g) any combination of the above.

170 Cost recovery to relate generally to financial year

- (1) This section applies to regulations—
 - (a) that are made under Part 5; and
 - (b) that set a fee, charge, or levy that applies in any financial year.
- (2) Regulations—
 - (a) must have been made before the start of that financial year, unless subsection (3) applies; and
 - (b) apply in that financial year and all subsequent financial years until revoked or replaced, unless regulations provide otherwise.
- (3) Regulations may be made during a financial year that alter or set a fee, charge, or levy payable in that financial year only if—
 - (a) the fee, charge, or levy is reduced, removed, or restated without substantive alteration; or
 - (b) in the case of an increased, or a new, fee, charge, or levy,—
 - (i) appropriate consultation has been carried out with persons or representatives of persons substantially affected by the alteration or setting, including representatives of tangata whenua and forestry industry bodies:
 - (ii) the Minister is satisfied that those persons or representatives agree or do not substantially disagree with the alteration or setting.
- (4) This section does not prevent the amendment of any regulation setting a fee, charge, or levy if any substantive alteration effected by the amendment is for the purpose of correcting an error.
- (5) Recovery may be made in any financial year of any shortfall in cost recovery for any of the preceding 4 financial years, and allowance may be made for any over-recovery of costs in those financial years (including any estimated shortfall or over-recovery for the immediately preceding financial year).

171 Minister may review levels and methods of cost recovery

- (1) The Minister may, from time to time, review the levels and methods of cost recovery in relation to Part 5.
- (2) A review may—
 - (a) make provision for recovery in any relevant financial year of any shortfall in cost recovery for any of the preceding 4 financial years; or
 - (b) make allowance for any over-recovery of costs in those years (including any estimated shortfall or over-recovery for the immediately preceding financial year).

- (3) To avoid doubt, all areas of cost recovery need not be reviewed at the same time, nor is there any time limit on the making of regulations to implement the results of a review.

172 Trust accounts required to be kept by persons collecting levies

- (1) This section applies if—
- (a) regulations are made under Part 5; and
 - (b) regulations require the operation of a trust account for any levy money by the person responsible for collecting the levy.
- (2) Any amount held on trust that is due to be paid to the Secretary by the levy collector—
- (a) is to be treated as levy money held on trust for the Secretary; and
 - (b) is not available for the payment of any creditor (other than the Secretary) of the levy collector, and is not liable to be attached or taken in execution at the instance of the creditor.
- (3) A person who ceases to be responsible for collecting a levy must continue to maintain the trust account until all the levy money payable to the Secretary for the period during which the person was responsible for collecting the levy has been paid.
- (4) Subsection (3) does not affect any obligation or liability under this Part of any other person who has become responsible for collecting the levy.

173 Fees, levies, and charges payable are debt due to the Crown

A fee, levy, or charge that has become payable under Part 5 is a debt due to the Crown that is recoverable by the Secretary in any court of competent jurisdiction.

174 Services may be withdrawn until debt paid

- (1) If a person fails to pay by the due date any fee, levy, or charge payable under Part 5, the person to whom the fee, levy, or charge is payable (the **collector**) may—
- (a) withdraw, or refuse to provide the person with, a service of the kind to which the debt relates; or
 - (b) refuse to perform a function under Part 5 in respect of the person in default.
- (2) The collector—
- (a) must give the person written notice of their intention to act under subsection (1) at least 10 working days before it acts; and
 - (b) must not act if the person satisfies the collector during that period that the debt is not payable.

- (3) The collector is not required to reinstate or supply the service, or perform the function, until a court holds that—
- (a) the debt or part concerned is paid; or
 - (b) the debt or part concerned is not payable; or
 - (c) some lesser amount is payable, and the amount is paid.

175 Obligation to pay fee, charge, levy, or penalty not suspended by dispute

- (1) This section applies if there is a dispute between a person and the Secretary regarding the person's liability to pay any amount of a fee, charge, levy, or penalty under Part 5.
- (2) The following are not suspended by the dispute:
- (a) the obligation of the person to pay the fee, charge, levy, or penalty;
 - (b) the right of the Secretary to receive and recover the amount owing.

Subpart 2—Infringement offences

176 Interpretation

In this subpart,—

infringement fee, in relation to an infringement offence, means the infringement fee specified in regulations

infringement offence means an offence—

- (a) against—
 - (i) a provision of the regulations; or
 - (ii) any of section 147(1)(a) to (l); and
- (b) that regulations specify as being an infringement offence.

177 Infringement offences

- (1) A person who is alleged to have committed an infringement offence may—
- (a) be proceeded against by the filing of a charging document under section 14 of the Criminal Procedure Act 2011; or
 - (b) be issued with an infringement notice under section 179.
- (2) Proceedings commenced in the way described in subsection (1)(a) do not require the leave of a District Court Judge or Registrar under section 21(1)(a) of the Summary Proceedings Act 1957.
- (3) *See* section 21 of the Summary Proceedings Act 1957 for the procedure that applies if an infringement notice is issued.

178 Who may issue infringement notices

Any officer may issue infringement notices under this subpart.

179 When infringement notice may be issued

An officer may issue an infringement notice to a person if they believe on reasonable grounds that the person is committing, or has committed, an infringement offence.

180 Revocation of infringement notice before payment made

- (1) An officer may revoke an infringement notice before—
 - (a) the infringement fee is paid; or
 - (b) an order for payment of a fine is made or deemed to be made by a court under section 21 of the Summary Proceedings Act 1957.
- (2) The officer must take reasonable steps to ensure that the person to whom the notice was issued is made aware that the notice is revoked.
- (3) The revocation of an infringement notice before the infringement fee is paid is not a bar to any further action as described in section 177(1)(a) or (b) against the person to whom the notice was issued in respect of the same matter.

181 What infringement notice must contain

An infringement notice must be in the form prescribed in regulations and must contain the following particulars:

- (a) details of the alleged infringement offence that fairly inform a person of the time, place, and nature of the alleged offence;
- (b) the amount of the infringement fee;
- (c) the address of the place where the infringement fee may be paid;
- (d) how the infringement fee may be paid;
- (e) the time within which the infringement fee must be paid;
- (f) a summary of section 21(10) of the Summary Proceedings Act 1957;
- (g) a statement that the person served with the notice has a right to request a hearing;
- (h) a statement of what will happen if the person served with the notice neither pays the infringement fee nor requests a hearing;
- (i) any other matters specified in regulations.

182 How infringement notice may be served

- (1) An infringement notice may be served on the person who the officer believes is committing or has committed the infringement offence by—
 - (a) delivering it to the person or, if the person refuses to accept it, bringing it to the person's notice; or
 - (b) leaving it for the person at the person's last known place of residence with another person who appears to be of or over the age of 14 years; or

- (c) leaving it for the person at the person's place of business or work with another person; or
 - (d) sending it to the person by prepaid post addressed to the person's last known place of residence or place of business or work; or
 - (e) sending it to an electronic address of the person in any case where the person does not have a known place of residence or business in New Zealand.
- (2) Unless the contrary is shown,—
- (a) an infringement notice (or a copy of it) sent by prepaid post to a person under subsection (1) is to be treated as having been served on that person on the fifth working day after the date on which it was posted; and
 - (b) an infringement notice sent to a valid electronic address is to be treated as having been served at the time the electronic communication first entered an information system that is outside the control of the Secretary.

183 Payment of infringement fees

All infringement fees paid for infringement offences must be paid into a Crown Bank Account.

184 Reminder notices

A reminder notice must be in the form specified in regulations and must include the same particulars, or substantially the same particulars, as the infringement notice.
