- (2) An election may be made under this section notwithstanding that the contributor may have been appointed to a position in the Government service under another controlling authority.
- (3) No contributor may make any election under this section following an interval during which he was not in the Government service, except with the consent of the Authority.

provided that the annual retiring allowance of a contributor to whom this section applies by reason only of this subparagraph shall be reduced as provided in subsection (6):

- (b) every female contributor whose length of contributory service is not less than 30 years and whose contributory service commenced before 1 April 1962, being—

  - (iii) a female contributor who, in the opinion of her controlling authority, received as a result of the Government Service Equal Pay Act 1960 no benefit by way of either an increase in salary or an increase in salary maximum, being a benefit that became effective on or before 1 April 1962; or
  - (iv) a female contributor who, in the opinion of her controlling authority, received as a result of the Government Service Equal Pay Act 1960 an increase in salary or an increase in salary maximum that became effective on or before 1 April 1962, or a female contributor who was at that date undergoing a course of training for the purpose of qualifying for a position for which such a benefit by way of either an increase in salary or an increase in salary maximum would be obtained as a result of the Government Service Equal Pay Act 1960:  
provided that the annual retiring allowance of a contributor to whom this section applies by reason only of this subparagraph shall be reduced as provided in subsection (6):
- (c) every female contributor whose contributory service commenced before 1 April 1962 and to whom this section is applied by her controlling authority, being—

- (5A) Subsection (5) shall apply, in relation to any female contributor who is a member of the Police of New Zealand, as if every reference, in subparagraphs (i), (ii), (iii), and (iv) of paragraph (a), in subparagraphs (i), (ii), (iii), and (iv) of paragraph (b), and in subparagraphs (i) and (ii) of paragraph (c), of the said subsection (5), to 1 April 1962, were a reference to 1 November 1965, and as if every reference in those subparagraphs to 1 April 1965 were a reference to 1 November 1968.
- (6) In any case where this section applies to any female contributor by reason only of the operation of subparagraph (iv) of paragraph (a), or subparagraph (iv) of paragraph (b), of subsection (5), the annual retiring allowance which the contributor is entitled to receive from the Fund after her retirement from the Government service shall be computed as provided in subsections (1) to (1E), except that the amount of the said annual retiring allowance shall be reduced by an amount equal to half of the amount of the actuarial reduction necessary to ensure that the burden cast on the Fund because this section so applies to that contributor is the same as the burden that would have been cast on the Fund if this section had not so applied to that contributor.
- (7) In the case of any contributor to whom this section applies by virtue of paragraph (f) or paragraph (g) of subsection (3), and of every contributor to whom this section applies by virtue of paragraph (c) of subsection (5), the Authority may impose such terms and conditions, whether as to payments into the Fund, reduction of annual retiring allowance as that allowance is computed under this section, or otherwise, as the Authority thinks fit.
- (8) The Authority may, in its discretion, review any determination made before the commencement of this Act by the Teachers' Superannuation Board in so far as it effected a reduction in the retiring allowance payable to a contributor to the Teachers' Superannuation Fund who retired after attaining the age of 60 years but before he had completed 40 years' service.
- (9) For the purposes of this section, a person whose Government service was interrupted for any term which included any part of the period commencing with 1 April 1961 and ending with 1 April 1962, but whose Government service is deemed under subsection (4) of section 11, or under section 27, not to have been so interrupted, shall be deemed to have received, as a result of the Government Service Equal Pay Act 1960, a benefit by way of either an increase in salary or an increase in salary maximum that became effective on or before the last-mentioned date, if she resumes or has resumed duty in the Government service in a position in which, in the opinion of her controlling authority, she

- (1) For the purpose of computing the retiring allowance to be granted to a contributor, his annual salary shall be deemed to be the average rate of salary on the basis of which he contributed to the Fund during the 5 years immediately preceding his retirement, or, if the length of his contributory service is less than 5 years, then during his contributory service:

provided that where by reason of age or infirmity the contributor's salary has been reduced (whether by reason of his transfer or appointment to another position or otherwise), his retiring allowance shall be computed on the average rate of salary on the basis of which he contributed to the Fund during the 5 years immediately preceding that reduction or transfer, or the 5 years immediately preceding his retirement, whichever of those average rates is the higher:

provided further that, where the contributor was a contributor to the Government Railways Superannuation Fund at any time before 1 April 1948, his retiring allowance shall be computed on his annual rate of pay within the meaning of Part 3 of the Government Railways Act 1926, if computation under this proviso would increase the annual amount of the retiring allowance payable under paragraph (a) of subsection (1) of section 35 to an amount not exceeding \$300.

- (2) In computing for the purposes of this section the average rate of salary on the basis of which any contributor has contributed to the Fund during any period, no account shall be taken of any interval or intervals in respect of which he has paid no contributions or has paid reduced contributions by reason of his having

been temporarily out of employment or by reason of his salary having been temporarily stopped.

- (3) Where a contributor is employed otherwise than on a full-time basis, his annual salary for the purpose of computing the retiring allowance to be granted to him shall be deemed to be such an amount as the Authority may determine in each case:

### **40 Election of variable retiring allowance to secure a level income**

- (1) Subject to the provisions of this section, any contributor may, within the time and in the manner prescribed by this section, elect to surrender from any specified date a specified portion of the retiring allowance which, but for his election, he would be entitled to receive from the Fund on his retirement, in order to provide for payment to him from the Fund of an increased retiring allowance up to that specified date.
- (2) An election under this section may be for 1 reduction of the actual retiring allowance from 1 specified date or for successive reductions from 2 or more specified dates.

- (4) Nothing in the foregoing provisions of this section shall apply with respect to a contributor who retires on the ground of being medically unfit for further duty. Before the Authority consents to an election under this section by any other contributor, it may, in its discretion, obtain such medical evidence as to the health of the contributor as it may require.
- (5) No retiring allowance shall be granted in accordance with this section of an amount that is calculated to impose any additional liability on the Fund, and

- every such retiring allowance shall, in accordance with regulations in that behalf, be computed as the actuarial equivalent of the retiring allowance to which the contributor would have been entitled if he had not made an election under this section.
- (6) Every election under this section shall be in writing delivered to the Authority.
  - (7) An election under this section may be made—

- (1) A contributor who retires under circumstances entitling him to a retiring allowance may, at any time before accepting the first instalment of his retiring allowance, elect to accept a refund of the total amount of his contributions to the Fund (less any sums already received by him from the Fund) instead of his retiring allowance, in which case he shall be entitled to receive that refund accordingly without interest, but no further sum shall be payable out of the Fund in the event of his death.
- (2) Where the Authority has suspended, reduced, or cancelled a retiring allowance as provided in subsection (2) of section 36 or subsection (1) of section 69, the contributor may, at any time during his lifetime while the retiring allowance is suspended or reduced or cancelled as aforesaid, elect to receive a refund of his contributions, together with interest up to the date when it was first so suspended or reduced or cancelled, calculated in accordance with subsections (3) and (4) of section 42 (less any sums already received by him from the Fund), in which case no further sum shall be payable out of the Fund in the event of his death.

#### **42 Refund of contributions on retiring before entitled to retiring allowance**

- (1) Where before a contributor becomes entitled to a retiring allowance he retires from the Government service, whether voluntarily or otherwise, he shall be entitled to a refund of the total amount of his contributions to the Fund (less any sums already received by him from the Fund).
- (2) Except as hereinafter provided, every refund under this section shall be without interest.
- (3) Where the retirement of any contributor entitled to a refund under this section is compulsory for any reason other than misconduct, he shall be entitled, in addition to the refund, to receive a further sum by way of interest computed in the same manner as if the contributions from time to time paid by him (after deducting all sums from time to time received by him from the Fund) had been invested at compound interest with yearly rests at a rate calculated using a method that has been determined by the Authority (*see* subsections (7) and (8)).

- (4) All such interest shall be computed as if all moneys paid into or out of the Fund during any financial year have been so paid on 30 June in that year; but interest shall be allowed as aforesaid for the broken period of the year in which the contributor retires.
- (5) For the purposes of this Act no retirement of a contributor from the Government service shall be deemed to be compulsory merely because the contributor is deprived of the position held by him in that service if at any time within 3 months before the deprivation he has been offered and has failed or refused to accept some other position in the Government service which the controlling authority considers suitable for him at a salary not less than that of the position so held by him.
- (6) Where any money has been received, whether before or after the commencement of this subsection, from any person, and the money, for whatever reason, was received in error, the Authority may in its discretion pay to that person, in addition to any refund, interest on the money refunded from the date of its receipt into the Fund at a rate, and on a basis, calculated using a method that has been determined by the Authority (*see* subsections (7) and (8)).

- (6) Nothing in the foregoing provisions of this section shall apply with respect to a contributor who retires on the ground of being medically unfit for further duty, and no election under this section shall be considered by the Authority until it has obtained such medical evidence as to the health of the contributor as the Authority may require or as may be prescribed by regulations.
- (7) No retiring allowance or annual allowance shall be granted in accordance with this section of an amount that is calculated to impose any additional liability on the Fund, and every such retiring allowance and annual allowance that are granted to a contributor and to his spouse or partner or approved dependant shall, in accordance with regulations in that behalf, be computed as the actuarial equivalent of the retiring allowance to which the contributor would have been entitled if he had not made an election under this section.
- (8) Any annual allowance granted in accordance with this section to the spouse or partner of a contributor shall be in addition to any annuity or allowance which she would otherwise be entitled to receive from the Fund.
- (9) On the death of a contributor who has made an election under this section, the following provisions shall apply:

- (a) the right of his spouse or partner to receive a refund in respect of his contributions to the Fund shall be deemed to have ceased and determined:
  - (b) the right of his personal representatives to receive a refund in respect of his contributions to the Fund shall be deemed to have ceased and determined, except as otherwise provided in paragraph (c):
  - (c) on the death of the contributor or on the death of the spouse or partner or approved dependant, whichever is the later, the amount of the contributions of the contributor to the Fund, less any sums which the contributor has received out of the Fund in his lifetime, and less the amount of any annual allowance paid to the spouse or partner or approved dependant under this section, and less any sums which have been paid or may become payable in the future out of the Fund to or on behalf of any child or children of the contributor, shall be paid to the personal representatives of the deceased contributor in trust for the persons entitled thereto under his will or under the statutes relating to the distribution of intestates' estates, as the case may be.
- (10) Every election under this section shall be in writing delivered to the Authority.
- (11) An election under this section may be made at any time within the 3 months immediately preceding the retirement of the contributor or may be made after his retirement and before he has accepted the first instalment of a retiring allowance:
- (11A) Despite subsection (11), if the contributor marries or enters into a civil union or a de facto relationship while in receipt of a retiring allowance, he or she may make an election under this section in favour of his or her spouse or partner at any time within 3 months after the date on which he or she marries or enters into the civil union or the de facto relationship.
- (12) Notwithstanding anything in subsection (11), but subject to the provisions of this subsection, any contributor who, by reason of age or length of service, is at any time entitled to retire on a retiring allowance or to give notice of his intention so to retire may, on production to the Authority of satisfactory medical evidence as to his health, make an election under this section at any time before his retirement. No election shall be made under this subsection except with the concurrence of the controlling authority. Any election made under this subsection shall take effect on the retirement of the contributor, who shall not, on his retirement, be required to furnish any further medical evidence as to his health.
- (13) An election made by a contributor under subsection (12) shall not be revocable. In the event of the death of any such contributor before he has become entitled to a retiring allowance, his election shall operate in favour of the spouse or partner or approved dependant as if the contributor had been in receipt of a retiring allowance at the date of his death.

## 52A University contributors entering approved external employment

- (1) In this section the term **approved external employment** means employment by a university of a country within the Commonwealth (other than New Zealand), or employment by an organisation constituted in a country within the Commonwealth (other than New Zealand), being an organisation engaged in research or education services and approved by the controlling authority; and includes such period or periods of travelling time as the controlling authority may approve.
- (2) Where any contributor who is in the education service under any university or university college of agriculture, and who has been a contributor for a period of not less than 5 years, retires from that service and enters approved external employment, he may, with the approval of the controlling authority, elect in writing—
  - (a) to continue to contribute to the Fund on the basis set out in subsection (5) after his retirement for a period not exceeding 5 years so long as he remains in approved external employment:
  - (b) to postpone, for such period or periods while he remains in approved external employment as the controlling authority approves, the acceptance by him of a refund of the contributions made by him to the Fund.
- (3) Except with the approval of the Authority,—
  - (a) every initial election under subsection (2) in respect of any period shall be delivered to the Authority before the retirement of the contributor; and
  - (b) every subsequent election under subsection (2) which is made by a contributor who has continued to contribute to the Fund in respect of any period of approved external employment shall be delivered to the Authority before the contributor ceases to contribute to the Fund.
- (4) The period during which any person continues to contribute to the Fund under this section shall be deemed for the purpose of this Act to be contributory service; and he shall be deemed to receive during that period the salary on the basis of which he was contributing immediately before his retirement.
- (5) In respect of his contributory service during the last-mentioned period, every contributor shall pay into the Fund within such time and in such manner as the Authority may allow in that behalf—
  - (a) the contributions payable by him under this Act; and
  - (b) the amount by which those contributions are less than the amount certified by the Authority, after receiving advice from an actuary, as the total amount of contributions that would require to be so paid if the contributions provided the total cost of the benefits to which the contributor may become entitled under this Act.

- (6) Except with the consent of the Authority, no part of the amount paid by the contributor under paragraph (b) of subsection (5) shall be deemed to form part of his contributions to the Fund.
- (7) Where any contributor re-enters the education service immediately following the termination of any period of approved external employment,—
- (a) if he continued to contribute to the Fund during that period, he may continue to contribute to the Fund upon his re-entry into the education service:
- (b) if an election by him to postpone the acceptance of a refund of the contributions made by him to the Fund continued until the end of that period, that election shall be deemed to extend for a further period of 5 years after the date of his re-entry into the education service:
- provided that the contributor may, with the approval of the controlling authority, at any time during that further period, elect in writing to resume contributing to the Fund as from the date of the election or some subsequent date within that further period.
- (8) Any period of postponement approved by the controlling authority under subsection (2), and any extension of that period under subsection (7), may be at any time terminated by the contributor by notice in writing addressed to the Authority, and shall terminate in any case where the contributor ceases to be in approved external employment or in the education service. Every such period, and every extension of any such period, during which the contributor is not actually contributing to the Fund, is hereafter in this section referred to as a **period of postponement**.
- (9) An election may be made under this section after any second or subsequent retirement from, or re-entry to, the education service, whether or not the period to which the elections relate in the aggregate exceeds 5 years.
- (10) If on the termination of any period of postponement the contributor, before he has accepted a retiring allowance or a refund of his contributions, recommences to contribute to the Fund, the period of his contributory service before the commencement of that period of postponement shall be deemed, for the purpose of determining his percentage rate of contribution for the second or subsequent period under section 29, immediately to precede the period of his contributory service after that recommencement and to form part thereof.
- (11) The contributor shall be deemed to continue to be a contributor to the Fund during any period of postponement:
- provided that no contributions shall be payable by the contributor to the Fund, and no payments shall be made to the contributor for his own benefit out of the Fund in respect of any period of postponement or any part thereof, and no part of any such period shall be regarded as part of the period of his contributory service:

provided also that the provisions of section 36 shall not apply during any period of postponement.

- (12) Any contributor to whom section 35 becomes applicable during any period of postponement, or while he is contributing to the Fund under paragraph (a) of subsection (2), shall be entitled to receive from the Fund an annual retiring allowance computed in terms of that section as if he had retired from the Government service on the first date when that section became applicable to him; and he shall not be entitled to continue to contribute to the Fund after that date.
- (13) Where any contributor dies during a period of postponement or while the contributor is contributing to the Fund under paragraph (a) of subsection (2), the provisions of sections 45 and 47 shall apply as if the contributor would have become entitled to a retiring allowance if he had retired on the date of his death on the ground of being medically unfit for further duty.
- (14) Where any contributor retires, for whatever reason, from approved external employment before section 35 becomes applicable to him, whether or not he is contributing to the Fund under paragraph (a) of subsection (2), if he does not immediately re-enter the education service, section 42 shall apply as if he had retired from the Government service, and the provisions of section 36 shall not apply in any such case.

where—

P is the appropriate percentage multiplied by the number of years (including fractions of a year) of contributory service:

(2) *[Repealed]*

(3) Where a contributor's contributory service includes employment otherwise than on a full-time basis the length of the contributory service shall, for the purposes of this section, be reduced to the extent that the Authority considers appropriate in the circumstances.

- (4) A contributor who is entitled under section 61I(4) to receive a retiring allowance may elect to increase the amount of that retiring allowance to the amount that would have been payable if the contributor had retired at an age stated in the election and not exceeding 65 years subject to—
- (a) the contributor making the election before attaining the age of 60; and
  - (b) the contributor complying with any terms and conditions set by the Authority, including making any payments into the Fund that the Authority thinks fit to impose for the purpose of funding the increased benefit which will result from the election; and

- (5) *[Repealed]*
- (6) For the purposes of this section—

**earnings** means the salary on which a contributor paid contributions to the Fund, whether or not the contributor actually receives that salary and, in the case of a contributor whose contributory service has not been on a full-time basis at any time, shall include the earnings on which the contributor would have paid contributions if the contributory service had been on a full-time basis

**final average earnings** means—

- (a) the final average earnings of a contributor computed in accordance with the following formula:

$$\text{FAE} = \{[E1 \times (P5 \div P1)] + [E2 \times (P5 \div P2)] + [E3 \times (P5 \div P3)] + [E4 \times (P5 \div P4)] + E5\} \div 5$$

where—

FAE is the final average earnings:

E5 is the earnings of the contributor in respect of the 12 months ending with the day before the day on which the contributor is entitled to receive a retiring allowance:

E4 is the earnings of the contributor in respect of the 12 months immediately before E5:

E3 is the earnings of the contributor in respect of the 12 months immediately before E4:

E2 is the earnings of the contributor in respect of the 12 months immediately before E3:

E1 is the earnings of the contributor in respect of the 12 months immediately before E2:

- P3 is the index number of the Consumers Price Index for the quarter that occurred 4 quarters before the quarter from which P4 is derived:
- P2 is the index number of the Consumers Price Index for the quarter that occurred 4 quarters before the quarter from which P3 is derived:
- P1 is the index number of the Consumers Price Index for the quarter that occurred 4 quarters before the quarter from which P2 is derived; or

- (b) the earnings of the contributor in respect of the 12 months ending with the day before the day on which the contributor is entitled to receive a retiring allowance—

whichever is the lesser.

- (7) Notwithstanding subsection (6), where a contributor's contributory service has not been continuous during the 5 years immediately before the day on which the contributor becomes entitled to receive a retiring allowance, and the contributor has paid contributions in respect of all or part of the period of 12 months immediately before that day, the contributor's final average earnings shall comprise—

- (a) the contributor's final average earnings as determined under paragraph (a) of the definition of the term final average earnings in subsection (6); and
- (b) one-fifth of the contributor's earnings before that 5 year period for a period equal to the period of interruption of the contributory service, as adjusted by the Authority, which shall make the adjustments having regard to the formula set out in subsection (6) for the adjustment of earnings by reference to appropriate quarters of the index number of the Consumers Price Index—

but shall not exceed the earnings of the contributor during the 12 months immediately before the day on which the contributor is entitled to receive a retiring allowance, increased to an annual basis in any case where the contributor did not pay contributions in respect of the whole of that period.

- (8) Notwithstanding subsection (6), where a contributor's contributory service has not been continuous during the 5 years immediately before the day on which the contributor becomes entitled to receive a retiring allowance, and the contributor has not paid contributions in respect of any part of the 12 months immediately preceding that day, the contributor's final average earnings shall comprise—

- (a) the contributor's final average earnings as determined under paragraph (a) of the definition of the term final average earnings in subsection (6); and
- (b) one-fifth of the contributor's earnings before that 5 year period for a period equal to the period of interruption of the contributory service as adjusted by the Authority, which shall make the adjustments having regard to the formula set out in subsection (6) for the adjustment of earnings by reference to appropriate quarters of the index number of the Consumers Price Index,—

but shall not in any event exceed the earnings of the contributor during the 12 months immediately before the day on which the last interruption to the contributor's contributory service commenced, increased to an annual basis in any case where the contributor did not pay contributions in respect of the whole of that period; and further increased by the percentage (if any) as certified by the Government Statistician by which the index number of the Consumers Price Index for the quarter which immediately precedes the date upon which the retiring allowance is first to be paid exceeds the index number for the quarter immediately following the date on which contributions were last paid.

- (9) Where a contributor's contributory service is less than 5 years, the formula in subsection (6)(a) shall apply as if the expression " $\div 5$ " were omitted and the expression " $\times a/b$ " were substituted; and in any such case "a" shall be 365 and "b" shall be the number of days of the contributor's contributory service.

  - (b) if he is entitled to receive a retiring allowance under section 68, he may elect to continue as a contributor to the Fund and to reserve his right to that retiring allowance, in which case he shall be entitled on his retirement from the Government service to receive that retiring allowance from the date of that retirement, computed by reference to the portion of his contributory service before his retirement from the regular forces, and also, if he is entitled to a retiring allowance under Part 2, to receive that retiring allowance computed by reference to the portion of his contributory service subsequent to his retirement from the regular forces, or if he is not entitled to or elects not to receive such a retiring allowance, to receive a refund, without interest, of the amount of his contributions to the Fund in respect of that subsequent portion of his contributory service:
