**1 Short Title**

This Act may be cited as the Local Legislation Act 1931.

*County Councils*

**2 Provision in respect of purchase of cattle dips by Bay of Islands County Council**

Whereas in pursuance of the power conferred on it by section 77 of the Reserves and other Lands Disposal and Public Bodies Empowering Act 1925, the Bay of Islands County Council (hereinafter called the **Council**) has purchased certain cattle dips and the land on which such dips were constructed as described in subsection (5):

And whereas the Council has made certain payments in or towards repayment of certain subscriptions made by sundry persons towards the cost of establishing such cattle dips and desires to make further such repayments:

And whereas doubts have arisen as to the power of the Council to make such repayments and as to the validity of such purchases in view of the repayments heretofore made by the Council as aforesaid:

Be it therefore enacted as follows:

- (1) The respective purchases by the Council of the pieces of land described in subsection (5) and of the cattle dips constructed thereon are hereby declared to have been lawfully made in pursuance of the said section 77.
- (2) All payments heretofore made or that may hereafter be made by the Council in or towards the repayment of any subscriptions made towards the cost of establishing any such cattle dip are hereby declared to be valid.

- (3) Nothing in this section shall render the Council legally liable to make any such payments.
- (4) All moneys heretofore duly paid or that may hereafter be payable by the Council on account of any such purchase, and all moneys heretofore paid or that may hereafter be paid by the Council pursuant to subsection (2), may be charged against the riding accounts of the Okaihau, Waimate, Pakaraka, Kirikiri, Tautoro, and Mataraua Ridings of the Bay of Islands County in equal shares.

### **3 Validating certain expenditure by the Dannevirke County Council**

Notwithstanding that in neither case was a special order in that behalf made pursuant to section 131 of the Counties Act 1920, as amended by section 9 of the Counties Amendment Act 1921–22, the Dannevirke County Council shall be deemed to have been lawfully empowered in respect of the financial year ended 31 March 1930—

- (a) to apportion between its General Account and the Nga-paeruru Riding Account the expenditure of the sum of

182 pounds 18 shillings on metalling Lower Manguka Road:

- (b) to charge in full to its General Account expenditure on concrete pipes.

**4 Taumarunui County Council may pay certain loans out of Otunui Riding Account**

The Taumarunui County Council may, in the manner prescribed by section 22 of the Local Bodies' Loans Act 1926, pay out of the Otunui Riding Account, instead of out of its General Account, the interest and sinking fund charges in respect of the loans raised by that Council known as the Kururau, Te Maire Bluff, and Herlihy Bluff loans.

**5 Making special provision with respect to repayment of certain loans by Manukau County Council**

Whereas the Manukau County Council was authorised by a poll of ratepayers taken on 13 December 1930 to raise a special loan of 65,000 pounds, known as the Manukau County Council Mangere Special Area Water-supply Loan of £65,000 (1930), (hereinafter referred to as the **new loan**):

And whereas one of the purposes of the new loan was the repayment of the loans, known respectively as—(a) The Mangere Road Board Water-supply Loan of £3,000, (b) The Mangere Road Board Water-supply Additional Loan of £300, (c) The Manukau County Council Water-supply Loan of £7,000 (1921), and (d) The Manukau County Council Mangere Crossing Water-supply Supplementary Loan of £700 (1927); and hereinafter collectively referred to as the **former loans**:

And whereas for purposes of convenience it is desired that the repayment of the former loans be postponed until their maturity or such earlier date as the Council may determine:

And whereas it is desired that pending such repayment as aforesaid the burden of payment of the interest, sinking fund, and other charges in connection with the former loans be borne by the whole of the special rating area affected by the new loan, the respective rating areas of the former loans being parts of that area:

Be it therefore enacted as follows:

- (1) The Council may repay the balance of the principal of any of the former loans at such time, or by such instalments, as the Council thinks fit, and may from time to time, as and when required for the purpose of making any such repayment, raise such parts of the new loan as may lawfully be applied to such purpose.
- (2) Subject to the payment of all interest, sinking fund, and other charges due and payable in respect of the new loan, the Council may from time to time, pending the repayment of any of the former loans, pay out of the proceeds of the special rate made and levied for the purposes of the new loan the interest, sinking fund, and other charges payable in respect of such former loan.

**6 Authorising Waimairi County Council to make a grant to the Port and City League, Christchurch**

Whereas the Waimairi County Council in the year 1930 resolved to grant the sum of 42 pounds to the Port and City League, Christchurch, as a contribution towards the cost of the Direct Access to the Sea Commission:

And whereas the said Council has no legal authority to make such grant:

Be it therefore enacted as follows:

The Waimairi County Council is hereby authorised to grant a sum not exceeding 42 pounds to the Port and City League, Christchurch.

**7 Empowering the Kaitieke County Council to pay certain loans out of Manganui Riding Account**

Notwithstanding any enactment to the contrary, the Kaitieke County Council may from time to time, with the consent of the Audit Office, and pursuant to a special order, pay out of the Manganui Riding Account the whole or any part of the interest and sinking fund on the Waimarino-Retaruke Loans, secured by a special rate over portion of the Manganui Riding, and to the extent to which such payments are so made it shall not be necessary for the Council to collect the said special rate securing the said loans.

*City and Borough Councils*

**8 Validating proceedings in connection with the Wellington City and Suburban Highways Loan, 1930, of £23,000**  
*[Repealed]*

Section 8: repealed, on 29 September 1939, by section 7(1) of the Hutt Road Act 1939 (1939 No 18).

**9 Authorising Invercargill City Council to expend unexpended balances of certain loans**

Whereas, as authorised by a poll of ratepayers, the Invercargill City Council (then Borough Council) raised a special loan of 52,000 pounds known as Special Loan No 3, 1911, of £52,000, of which loan there is now an unexpended balance of 680 pounds:

And whereas as authorised by a poll of ratepayers the Invercargill City Council (then Borough Council) raised a special loan of 29,760 pounds known as the Public Works Loan, 1919, of £29,760, of which loan there is now an unexpended balance of 4,147 pounds:

And whereas the South Invercargill Borough Council, in pursuance of a poll of ratepayers, raised a special loan of 7,000 pounds, known as the South Invercargill North Ward Loan, 1911, of £7,000; and also in pursuance of a poll of ratepayers raised a special loan of 5,900 pounds known as the South Invercargill Middle Ward Loan, 1918, of £5,900:

And whereas in consequence of alterations made in the boundaries of the City of Invercargill and of the Borough of South Invercargill respectively, and by agreement as provided for by the Municipal Corporations Act 1920, in respect of alterations of boundaries of boroughs, made between the Invercargill City Council of the one part and the South Invercargill Borough Council of the other part, the balances of the said loans of 7,000 pounds and 5,900 pounds were paid by the South Invercargill Borough Council to the Invercargill City Council, and the said City Council now holds the unexpended balances of its said loans amounting to 184 pounds and 332 pounds respectively:

And whereas none of the said unexpended balances is now required for the purposes for which the aforesaid special loans were respectively raised, and it is expedient that such balances, amounting in all to the sum of 5,343 pounds, should be appropriated and expended upon public works within the City of Invercargill as hereinafter authorised:

Be it therefore enacted as follows:

Notwithstanding anything to the contrary in the Municipal Corporations Act 1920 or any other Act, the Invercargill City Council is hereby authorised and empowered to appropriate and expend the unexpended balances of the before-mentioned loans, amounting in all to 5,343 pounds, upon public works within the City of Invercargill as follows:

The construction and paving of footpaths, 3,000 pounds;

The kerbing and kerb channelling of footpaths, 750 pounds;

The drainage of streets, 750 pounds; and

The formation, gravelling, or metalling of streets, 843 pounds.

**10 Authorising Invercargill City Council to withdraw £9,890 from Depreciation Fund to assist in repayment of certain loans**

Whereas 2 loans raised by the Invercargill City Council, known respectively as the Electricity Redemption Loan, 1914, of £10,000 and the Tramways and Electricity No 4 Redemption Loan, 1921, of £4,100, both mature on 31 December 1931, when the sinking fund of the first-named loan will amount to 3,410 pounds and the sinking fund of the secondly named loan will amount to 800 pounds, leaving a balance of 9,890 pounds as the sum required in addition to such sinking funds to repay the said loans:

And whereas the said Council desires to appropriate the said sum from the Depreciation Fund of the City of Invercargill Tramways and Electricity Department:

And whereas there are sufficient moneys in the said Depreciation Fund for the purposes thereof in addition to the said sum:

Be it therefore enacted as follows:

Notwithstanding anything to the contrary in the Municipal Corporations Act 1920 or any other Act, the Invercargill City

Council is hereby authorised and empowered to appropriate and use the sum of 9,890 pounds from the Depreciation Fund of the City of Invercargill Tramways and Electricity Department towards wholly repaying the said loans.

**11 Authorising Te Awamutu Borough Council to utilise part of unexpended balance of loan of £40,000**

Whereas by a poll of ratepayers of the Borough of Te Awamutu taken on 14 July 1920, the Te Awamutu Borough Council was duly authorised to raise, under the Local Bodies' Loans Act 1913, a special loan of 40,000 pounds for the purpose of providing a sewerage system for the said borough:

And whereas the said sewerage system has been completed, and there is an unexpended balance of the said loan amounting to 862 pounds 8 shillings and 1 penny:

And whereas one of the works constructed in good faith as part of the said sewerage system was a public convenience in Walton Street in the said borough:

And whereas the said convenience was by inadvertence not included as one of the works set out in the proposal submitted to the ratepayers, and accordingly the cost of such convenience, amounting to 358 pounds 2 shillings and 4 pence, could not lawfully be paid out of the proceeds of the said loan, and was paid out of the General Account of the said borough:

And whereas it is expedient to authorise the said Council to recoup its General Account for the said amount out of the unexpended balance of such loan:

Be it therefore enacted as follows:

The Te Awamutu Borough Council is hereby authorised to expend the sum of 358 pounds 2 shillings and 4 pence out of the unexpended balance of the said loan of 40,000 pounds in recouping its General Account for the cost of the said public convenience.

**12 Validating irregularities in connection with Tauranga Borough Council's loan of £4,470 for sewerage and drainage works**

Whereas the Tauranga Borough Council (hereinafter referred to as the **Council**) took a poll of the persons entitled to vote upon loan proposals within that portion of the Borough of Tauranga known as the Special-rating Drainage Area Number 2 upon a proposal to raise a special loan of 4,470 pounds for sewerage and drainage works in and for the said portion of the borough, and such poll was carried:

And whereas the area in and for which it is proposed to expend the proceeds of the said special loan is that portion of the Borough of Tauranga particularly described in subsection (2):

And whereas the special roll deposited for the purposes of the said poll contained the names of all persons entitled to vote in the said portion of the borough, but certain of the lands therein were not inserted in the said special roll:

And whereas certain lands not included in the said portion of the borough and the names of certain persons not entitled to vote therein were inserted in the said special roll:

And whereas it appears that the ratepayers were not misled nor was the result of the said poll affected by the errors above-mentioned, and it is desired to validate the proceedings in connection with the said special loan:

Be it therefore enacted as follows:

- (1) The Council is hereby authorised, without further authority than this Act, to raise the said special loan for the purposes of constructing sewerage and drainage works in and for the Number 2 Drainage Area, extending reticulation therein, and extending the outfall.
- (2) The special rating area for the purpose of the said special loan shall be all that area in the Borough of Tauranga, comprising the whole of the existing Special-rating Drainage Area Number 1 with the addition thereto of—
  - (a) all that area in Section 1 of the Borough of Tauranga, bounded on the south by that part of Brown Street between Chapel Street and Cliff Road, and including such part of Brown Street; thence on the east by Cliff Road

- to Mission Street; thence on the north by Mission Street to a line across Mission Street and along the western boundaries of Lots 18, 19, 20, and 21 of the subdivision of the Elms Estate (CMS), and on the east by such line; thence on the north by the northern boundary of Lots 52 and 48, Elms Estate (CMS); thence on the west by the western boundary of the said Lot 48 to Lot 51 of the said subdivision; thence on the north by the northern boundary of the said Lot 51 to Chapel Street; and thence on the west by Chapel Street to Brown Street; and
- (b) all that area in Section 1 of the Borough of Tauranga, bounded on the north by Spring Street; on the west by the western boundary of Allotments 380 and 381; thence on the north again by the northern boundary of Allotments 384 and 385; thence again on the west by the western boundary of Allotment 385 and a line across Williams Street to a continuation of the line of the western boundaries of Lots 1 to 3 of the subdivision of 6, 7, and 8, Block 17, CMS, on Plan 14661, and by such line to the southern boundary of the said Lot 3; thence on the south by the southern boundary of the said Lot 3 and a line across Selwyn Street to the southern boundary of Lot 3 of the subdivision of Block 17, CMS, on Plan 140; thence along the southern boundary of the said Lot 3 to the western boundary of the Special-rating Drainage Area Number 1; and thence on the east and north by such drainage-area boundary to Spring Street.
- (3) The special rate provided for in such loan poll shall be levied on all rateable property in the special rating area described in the last preceding subsection.
- (4) All Orders in Council heretofore issued in respect of the said special loan shall be deemed to be valid for all purposes, and the Council and all other persons may rely and act upon the same accordingly.

**13 Authorising Tauranga Borough Council to recoup  
General Account from loan moneys**

Whereas on 14 October 1929, the Tauranga Borough Council took a poll of ratepayers on a proposal to raise a loan

of 4,000 pounds for the purpose of constructing the Tauranga–Matamata and Tauranga–Waihi Main Highways within the Borough of Tauranga:

And whereas the proposal for such loan (known as the Streets Improvement Loan, £4,000) was carried, and the loan was raised:

And whereas, prior to the authority to raise the loan and in anticipation thereof and in order not to delay the work, which was required to be done at the proper season of the year in conjunction with other maintenance work on the same road not included in the loan works, the Council arranged to procure the necessary metal and place the same in position ready for the work, and advanced the cost of such metal, amounting to 971 pounds 10 shillings and 8 pence, out of the General Account, and subsequently refunded the said sum to the General Account out of the loan:

Be it therefore enacted as follows:

The refund by the Tauranga Borough Council of the said sum of 971 pounds 10 shillings and 8 pence from the Streets Improvement Loan £4,000 Account to the General Account is hereby validated and declared to have been lawfully made.

**14 Authorising changing of purposes of portion of loan of £106,000 by Takapuna Borough Council**

Whereas the Corporation of the Borough of Takapuna (hereinafter called the **Corporation**) has raised by way of a special loan under the provisions of the Local Bodies' Loans Act 1913 the sum of 106,000 pounds for the following purposes—provision, construction, and laying of sewers, tanks, outfalls, and drainage works constituting sewerage systems within the Borough of Takapuna, including the acquisition of land necessary for the purposes of the said works and payment of compensation for land purchased or taken and for land injuriously affected, 101,000 pounds; and provision of funds for advances to ratepayers for connections to the said system under section 228 of the Municipal Corporations Act 1908, 5,000 pounds:

And whereas the Corporation has advanced to the ratepayers of the borough for the purpose of paying the cost of connecting

their drains with the Corporation's sewerage system portion of the above-mentioned sum of 5,000 pounds, and has in hand the balance of such sum—namely, the sum of 4,979 pounds 18 shillings and 7 pence:

And whereas claims have been made against the Corporation by certain landowners under the provisions of the Public Works Act 1928 for compensation in respect of the Corporation's drainage works, and compensation is now payable by the Corporation to certain claimants and the Corporation may become liable to pay further compensation:

And whereas the Corporation considers that it is not expedient to make any further advances to the ratepayers out of the said sum of 4,979 pounds 18 shillings and 7 pence now in hand, and that such moneys can be more advantageously used in paying the compensation that is now or may hereafter become due and payable by it in respect of such drainage works or for any of the other purposes for which the sum of 101,000 pounds, part of the said special loan, is to be applied:

Be it therefore enacted as follows:

It shall be lawful for the Corporation to apply the said sum of 4,979 pounds 18 shillings and 7 pence, being the unexpended balance of the said sum of 5,000 pounds raised by the said special loan, in or towards any of the purposes for which the sum of 101,000 pounds, part of the said special loan of 106,000 pounds, is to be applied.

**15 Authorising Hawera Borough Council to renew a certain lease**

Whereas the Corporation of the Borough of Hawera is registered as proprietor of all that parcel of land containing 20 perches, more or less, being part of Section 15 of Block XIX of the Town of Hawera, and being the whole of the land in certificate of title, Volume 63, folio 194, Taranaki Registry:

And whereas by a lease dated 21 July 1910, registered as Number 8557, the Corporation leased the said land to one Albert Morgan Conroy for a term of 21 years from 20 June 1910, at the rental and subject to the covenants therein contained, including a covenant that 1 year before the expiry of the said

term 2 valuations should be made by arbitration, one of the improvements effected by the lessee pursuant to the said lease, and one of the ground rent without improvements for a further term of 21 years, and also including a covenant by the Corporation at the option of the lessee either to pay to the lessee as compensation the value of the said improvements so ascertained, or to grant to the lessee a renewal of the said lease for a further term of 21 years at the rental so ascertained, such renewal lease to contain a covenant by the Corporation to pay to the lessee at the expiry of such term as compensation the value of the improvements effected by the lessee, such value to be ascertained by arbitration:

And whereas the said lease Number 8557 is now vested in Ada Mary Welsh, of Hawera, widow, and Bernard McCarthy, of Hawera, solicitor (hereinafter with their executors, administrators, and assigns referred to as the **lessees**), as tenants in common in equal shares and as purchasers thereof for value:

And whereas the lessees have elected to take a renewal of the said lease as aforesaid, and the Corporation is desirous of granting such renewal lease, and it is expedient to enable the Corporation so to do:

Be it therefore enacted as follows:

- (1) The Corporation is hereby empowered to grant to the lessees a renewal of the said lease as aforesaid for a term of 21 years from 20 June 1931; and it shall be lawful for the Corporation at the expiry of such term to pay to the lessees compensation in pursuance of the covenant in that behalf to be contained in such renewal lease as aforesaid.
- (2) The Corporation may from time to time set aside moneys out of its General Account to form a fund for the purpose of paying such compensation as aforesaid, and in the meantime to accumulate at interest.
- (3) Until all such compensation is paid the Corporation shall apply all moneys in such fund and all interest thereon for the purpose aforesaid and for no other purpose.

**16 Authorising Raetihi Borough Council to expend unexpended balance of loan of £15,565**

Whereas the Raetihi Borough Council (hereinafter called the **said Council**) was duly authorised by a poll of ratepayers on 28 February 1924 to raise a loan of 15,565 pounds under the Local Bodies' Loans Act 1913 for the purpose of certain street works in the Borough of Raetihi:

And whereas the said Council duly raised for the purpose of the said works the sum of 15,500 pounds:

And whereas all the said works have been completed, except the construction in bitumen of a small portion of Seddon Street lying between the Makotuku Stream Bridge and the intersection of the Makotuku Valley Road with Seddon Street:

And whereas the unexpended balance of the said loan of 15,500 pounds amounts to 909 pounds 6 shillings and 5 pence:

And whereas it is estimated that the completion of the remainder of the said works will cost not more than 200 pounds, and that there will thereafter be a final unexpended balance of the said loan moneys amounting to 709 pounds 6 shillings and 5 pence:

And whereas it is not expedient to complete the said works at the present time:

And whereas the said Council desires to use the amount of the said estimated final unexpended balance as hereinafter provided:

Be it therefore enacted as follows:

Notwithstanding anything to the contrary in the Local Bodies' Loans Act 1926 or in any other Act, it shall be lawful for the said Council to use and apply the said sum of 200 pounds to complete the construction of the said portion of Seddon Street in bitumen, such work to be carried out whenever expedient so to do, and forthwith to use the said estimated final balance of the said loan moneys, amounting to 709 pounds 6 shillings and 5 pence—firstly to refund to the General Account the sum of 302 pounds 3 shillings and 2 pence expended from that account in and towards the construction of a temporary bridge over the said Makotuku Stream and approaches thereto; and, secondly, to apply any balance of the said loan moneys then

remaining in and towards the cost of reconstruction of the said Makotuku Stream Bridge and the approaches thereto.

**17 Validating expenditure out of Wharf Account of Opotiki Borough Council for unemployment relief purposes**

It shall be deemed to have been lawful for the Opotiki Borough Council to expend out of the revenues of its Wharf Account, not later than 30 September 1931, the sum of 1,000 pounds for the purpose of contributing to the fund established by the said Opotiki Borough Council for the relief of unemployment.

**18 Authorising Wellington City Council to accept a surrender of a lease and to grant a new lease**

**19 Authorising Hawera Borough Council to purchase certain land for cemetery purposes**

Whereas the Corporation of the Borough of Hawera has the control and management of the Hawera Cemetery, containing 10 acres 1 rood 29 perches, more or less, situated within the Borough of Hawera, and being Section 33, Township of Hawera, and portion of a closed road:

And whereas the Corporation is desirous of extending the said cemetery by the purchase of a certain piece of land in the said borough adjoining the eastern boundary of such cemetery, containing 5 acres, more or less, being part of Section 546, Patea District, and being part of an education reserve vested in His Majesty the King, containing 25 acres 3 roods 21 perches, more or less:

And whereas it is expedient to authorise the Corporation to make the aforesaid extension of the said cemetery:

Be it therefore enacted as follows:

- (2) It shall be lawful for the Corporation to pay to the Receiver of Land Revenue for the Land District of Taranaki, to the credit of the Education Endowment Account, the sum of 200 pounds as the purchase price for the freehold of the said piece of land, and also to pay to William George Tozer, of Hawera, farmer, his executors, administrators, and assigns, the annual sum of 4 pounds 2 shillings and 6 pence on 1 November in each of the years 1931 to 1948 inclusive, as and for compensation for his interest as lessee of the said piece of land under memorandum of lease, registered Number 13859, Taranaki Registry.

## **20 Validating agreement as to Eastbourne Borough water supply, and authorising the raising of a loan**

Whereas in pursuance and exercise of the powers conferred upon it by section 22 of the Health Act 1920, the Board of Health, by requisition under its seal dated 13 September 1929, required the Eastbourne Borough Council to provide within its district drainage works, sewerage works, and waterworks for the purpose of affording drainage and water supply to the Borough of Eastbourne:

And whereas a large sum of money has been spent in an endeavour to find water in the said borough to enable the erection of waterworks for the supply to the said borough of water for domestic, trade, and other purposes, but such endeavour was unsuccessful:

And whereas, for the purpose of complying with such requisition, the Eastbourne Borough Council (hereinafter called the **purchaser**) approached the Lower Hutt Borough Council (hereinafter called the **vendor**) with a request to supply the purchaser with water, which the vendor agreed to do:

And whereas, by an agreement dated 5 October 1931, made between the vendor of the one part and the purchaser of the other part, the vendor agreed to supply to the purchaser and the purchaser to take from the vendor water for domestic, trade, and public purposes for a term of 15 years from 1 March 1932, upon the conditions set out in the said agreement:

And whereas it is expedient that such agreement should be validated:

Be it therefore enacted as follows:

- (1) Notwithstanding anything to the contrary in section 249 of the Municipal Corporations Act 1920, the said agreement is hereby validated and confirmed as from the date of execution thereof.
- (2) The Lower Hutt Borough Council may, without taking the steps prescribed by sections 9 to 13 of the Local Bodies' Loans Act 1926, raise by special order a loan for the purposes of the construction of all or any of the works required in terms of the said agreement to be constructed by that Council, including the acquisition of all lands and easements required in connection therewith.

**21 Authorising Foxton Borough Council to continue to levy for 4 years the Gasworks Loan special rate, and to repay overdraft**

Whereas the Foxton Borough Council (hereinafter referred to as the **Council**) pursuant to a proposal carried by the ratepayers of the borough on 6 October 1910 raised a loan of 11,000 pounds, known and hereinafter referred to as the Gasworks Loan, for the purchase of certain land, gasworks, and plant in the borough, and the Council duly made and levied a special rate of 2 pence and fifteen-sixteenths of a penny in the pound, known as the Gasworks Loan special rate, on the rateable property in the Borough of Foxton for the

purpose of securing the payment of interest and providing a sinking fund in respect of the Gasworks Loan:

And whereas the date of maturity of the Gasworks Loan was 14 December 1931, but the said special rate levied by the Council provided a sinking fund of only 7,634 pounds 6 shillings and 2 pence, leaving a deficiency of 3,365 pounds 13 shillings and 10 pence in the amount required to repay the Gasworks Loan:

And whereas, in order to take advantage of the unusually favourable rate of exchange, the Council repaid the Gasworks Loan on 30 June 1931, and by so doing effected a saving of 1,762 pounds 17 shillings and 9 pence, thus reducing the said deficiency to the net amount of 1,602 pounds 16 shillings and 1 penny:

And whereas the Council borrowed the amount of such net deficiency from its bankers on overdraft in the mistaken belief that it was legally empowered under the Local Bodies' Loans Act 1926, at any time prior to the date of maturity of the Gasworks Loan, to raise a renewal loan for the purpose of repaying so much of the principal of the Gasworks Loan as was not provided by the Accumulated Sinking Fund in respect thereof, and that such renewal loan could be applied in repaying to its bankers the amount borrowed on overdraft as aforesaid:

And whereas it is expedient to authorise the Council to continue to levy the Gasworks Loan special rate, or so much thereof as shall be necessary to repay to its bankers the amount borrowed as aforesaid, together with interest, for a period of 4 years, commencing on 1 April 1932:

Be it therefore enacted as follows:

The Council is hereby authorised to levy and collect the Gasworks Loan special rate for a period not exceeding 4 years, commencing on 1 April 1932, for the purpose of repaying to its bankers the said sum of 1,602 pounds 16 shillings and 1 penny borrowed as aforesaid, together with interest thereon at the rate charged to the Council by its bankers for overdrafts. The said sum shall not be deemed to have been borrowed under the power conferred by section 3 of the Local Bodies' Finance Act 1921–22.

**22 Authorising the Birkenhead Borough Council to pay annual levies made by the Birkenhead Fire Board out of moneys contributed and raised to aid in establishing a local fire brigade**

Whereas the Birkenhead Borough Council is the holder of a fund of 637 pounds voluntarily contributed and raised by the ratepayers and residents of the borough for the purpose of assisting the Borough Council in the establishment of a municipal fire brigade and the provision of fire-fighting appliances and equipment for the Borough of Birkenhead:

And whereas the district of the said borough was declared to be a fire district under the provisions of the Fire Brigades Act 1926, before any part of the said fund was expended by the Borough Council for the said purposes, and the Council thereupon ceased to have authority in law to provide fire-fighting appliances and establish a fire brigade in such district:

And whereas it was always intended by the contributors of the said fund that the money raised should be used in relief of or towards payment of additional rates which would otherwise have to be provided by the ratepayers of the district for the purpose, and it is expedient that the Borough Council should have power to apply such moneys accordingly:

Be it therefore enacted as follows:

Notwithstanding anything to the contrary in any Act, the Birkenhead Borough Council is hereby empowered and authorised, and shall be deemed to have been authorised, to use and expend the aforesaid fund and any accretion thereto in or towards payment of the contributions from time to time due or to become due from the said Council to the Birkenhead Fire Board by way of levy under the provisions of section 26 of the Fire Brigades Act 1926.

*[Repealed]*

Section 23: repealed, on 31 March 1934, by section 23(4).

**24 Authorising Auckland City Council to raise a special loan of £9,000**

Whereas the Auckland City Council (hereinafter referred to as the **Council**) was recently authorised to raise a loan of 198,600 pounds for the purpose of redeeming a portion of the outstanding liability in respect of a loan of 310,200 pounds maturing on 1 January 1931:

And whereas it was anticipated that surplus sinking funds of the consolidated loan of 1879 would also be available for redemption of debentures issued in respect of the maturing loan:

And whereas the surplus sinking fund has been very considerably reduced by the decision of the Sinking Fund Commissioners to write down the values of the securities when transferring such securities to sinking funds on other City Council loans:

And whereas, in order to complete the repayment of the maturing loan the Council has been compelled to provide additional money from its District Fund:

Be it therefore enacted as follows:

- (1) The Council may by special order raise the sum of 9,000 pounds by way of special loan under the provisions of the Local Bodies' Loans Act 1926, but without taking the steps described in sections 9 to 13 of that Act, and may pay the proceeds of such special loan into its District Fund.
- (2) The Council shall make a special rate on all rateable property in the City of Auckland as security for the interest and other charges in respect of the said loan of 9,000 pounds, and such special rate may be levied as part of the special rate made and levied in respect of the said loan of 198,600 pounds, or may be levied in addition to the said special rate.

*Town Boards*

**25 Making provision for a financial adjustment consequent upon an alteration of the boundaries of Howick Town District**

The provisions of section 145 of the Municipal Corporations Act 1920, shall, with the necessary modifications, apply with respect to the alteration of the boundaries of the Howick Town District, made pursuant to the provisions of the Town

Boards Act 1908, by Proclamation dated 23 February 1931, and gazetted on 26 February 1931, in all respects as if the said district were a borough, and as if such alteration of boundaries had been made on the date of the passing of this section.

*Harbour Boards*

**26 Validating payment by Napier Harbour Board of sum of £1,245 out of loan moneys**

Whereas the sum of 1,245 pounds was expended by the Napier Harbour Board (hereinafter called the **Board**) out of loan moneys raised under the authority of the Napier Harbour Board Empowering and Loan Act 1914, in the construction of concrete piles for works authorised by the said Act, and were charged by the Board to the Loan Account:

And whereas the said piles, having been fractured and in other ways rendered useless for the purpose for which they were constructed, were used by the Board for wharf reconstruction works of a capital nature other than those authorised by the said Act, but the Loan Account has not been recouped by the Board out of its General Account for the value thereof:

Be it therefore enacted as follows:

The action of the Board in using the said concrete piles in manner aforesaid is hereby validated, and it shall not be incumbent upon the Board to recoup the Loan Account out of its General Account for the said sum of 1,245 pounds or any part thereof.

And whereas the Board has borrowed the sum of 5,500 pounds, being a part of the said sum of 250,000 pounds, on the security of the debentures described in subsection (2), repayable on 1 April 1966:

And whereas doubts have arisen as to whether the sanction of the Local Government Loans Board, which was obtained by the Board to the said debentures having a currency not exceeding thirty-six years and a half, will avail to extend the period of the currency of the said debentures beyond the limit of time set by the Acts hereinbefore mentioned, and it is therefore expedient that the issue by the Board of the said debentures in manner aforesaid should be validated:

Be it therefore enacted as follows:

- (1) Notwithstanding anything to the contrary in the 1914 Act or in the 1920 Act, the issue by the Board of the debentures mentioned in the next succeeding subsection, repayable on 1 April 1966, is hereby validated and declared to have been lawfully made, and the said sum of 5,500 pounds secured by such debentures shall, for the purposes of the Napier Harbour Board Loans Enabling Act 1930, and for all other purposes, be deemed to have been duly borrowed under the authority of the 1914 Act and the 1920 Act.
- (2) The debentures to which this section applies are the following:
  - (a) 10 debentures of 100 pounds each, numbered respectively 800 to 809, dated 1 October 1929, bearing interest at the rate of 5.5% per annum, and repayable on 1 April 1966; and

  - (a) from the revenue derived by the Board from the sale of electric energy as a result of the construction of such extension line; or

provided that no such loan shall be raised for the purpose of repaying any such moneys unless the consent of the Local Government Loans Board to the raising of such loan is obtained before such moneys are advanced.

## **Notes**

### **1 *General***

This is a reprint of the Local Legislation Act 1931. The reprint incorporates all the amendments to the Act as at 1 May 1988, as specified in the list of amendments at the end of these notes. Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, *see* <http://www.pco.parliament.govt.nz/reprints/>.

### **2 *Status of reprints***

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

### **3 *How reprints are prepared***

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked are omitted.

For a detailed list of the editorial conventions, see <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

#### **4 Changes made under section 17C of the Acts and Regulations Publication Act 1989**

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
  - indentation
  - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)

- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
  - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
  - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
