1 Short Title

This Act may be cited as the Local Legislation Act 1936.

*County Councils***2 Validating expenditure of unexpended balance of a loan of £50,000 by Thames County Council**

Whereas the Thames County Council (hereinafter called the **Council**), pursuant to a poll of ratepayers held on 10 December 1919, was authorised to borrow a sum of 50,000 pounds for the purpose of forming, regrading, metalling, and tar grouting the main and subsidiary roads within part of the county, part of such loan being repayable by instalments over a period of 36 and a half years and part thereof over a period of 10 years:

And whereas the said sum of 50,000 pounds was allocated as follows:

- (a) the sum of 21,000 pounds to the improvement of the main Thames–Paeroa Road from the boundary of the Borough of Thames to the Hikutaia Creek (the said road now being known as the Kopu–Hikutaia section of the Kopu–Raglan (No 17) Main Highway);
- (b) the sum of 23,000 pounds to the erection of bridges on the said main highway, and the forming, regrading, and metalling of subsidiary roads; and
- (c) the sum of 6,000 pounds for the purchase of the necessary plant and vehicles to carry out the various works:

And whereas the Council raised a sum of 36,000 pounds of the total amount authorised to be borrowed, and, at the request of the ratepayers in the special rating area, resolved not to raise the balance of the loan amounting to 14,000 pounds:

And whereas the Council expended the sum of 21,000 pounds on the purposes set out in allocation (a), the sum of 6,670 pounds 12 shillings and 7 pence on certain of the purposes set out in allocation (b), and the sum of 6,000 pounds on the purposes set out in allocation (c):

And whereas such expenditure left an unexpended balance of 2,323 pounds 7 shillings and 5 pence in the Loan Account:

And whereas the Council resolved to pay out of the said unexpended balance the premium payable on conversion of the Matatoki Quarry £10,000 Loan amounting to 516 pounds 5 shillings, leaving in hand the sum of 1,807 pounds 2 shillings and 5 pence:

And whereas the Council, having been called upon to re-form and tar-seal the said Kopu–Hikutaia section of the Kopu–Raglan (No 17) Main Highway, applied the said balance of 1,807 pounds 2 shillings and 5 pence towards meeting the cost of the said sealing works:

And whereas the diversion of the said sum of 1,807 pounds 2 shillings and 5 pence to the purposes aforesaid has been approved by the Local Government Loans Board subject to the passing of legislation validating the action of the Council in utilising the said sum towards such purposes:

And whereas it is desirable that the action of the Council should be validated:

Be it therefore enacted as follows:

The action of the Council in applying the said sum of 1,807 pounds 2 shillings and 5 pence towards meeting the cost of re-forming and tar-sealing the Kopu–Hikutaia section of the Kopu–Raglan (No 17) Main Highway is hereby validated.

3 Authorising Waipa County Council to rate on uniform scale over former Tuatamoana Drainage District

Notwithstanding anything to the contrary in the Land Drainage Act 1908 or in any other Act, the Waipa County Council may from time to time make and levy rates on a uniform scale on all rateable property within the area comprised in the Tuatamoana Drainage District immediately prior to the abolition of that district for the purpose of meeting the obligations of the Council pursuant to an award dated 15 August 1934, made under section 87 of the Land Drainage Act 1908, consequent upon the abolition of the said district.

4 Authorising Buller County Council to raise a special loan of £750

Whereas it became necessary for the Buller County Council (hereinafter called the **Council**) urgently to make provision for the erection of a dwelling for the occupation and use of the resident medical practitioner at Karamea:

And whereas the Council proposed to raise a loan of 750 pounds for that purpose under the powers contained in section 195 of the Counties Act 1920:

And whereas, prior to commencing to raise the said loan, the Council proceeded with the erection of the aforesaid dwelling and incurred certain expenditure in connection therewith:

And whereas the Council has now no power to raise a loan for the purpose hereinbefore set out:

And whereas it is desirable that the Council should be authorised to raise a loan of 750 pounds for the purpose of providing the moneys required for the erection of the aforesaid dwelling, and to repay to the General Account of the Council any moneys advanced therefrom for that purpose:

Be it therefore enacted as follows:

The Council is hereby authorised to borrow for the purpose of the erection of the aforesaid dwelling by way of special loan under the Local Bodies' Loans Act 1926, but without taking the steps prescribed by sections 9 to 13 of that Act, a sum not exceeding 750 pounds, and out of the proceeds of such loan to refund to the General Account of the Council all moneys now or hereafter advanced thereout on account of the cost of the erection of the said dwelling.

5 Provision respecting expenditure by Buller County Council on repair of earthquake and flood damage
[Repealed]

Section 5: repealed, on 16 September 1938, by section 4(5) of the Local Legislation Act 1938 (1938 No 18).

6 Making provision with respect to Bridge Rate Fund for Eketahuna County

- (1) The polls taken by the Eketahuna County Council (hereinafter called the **Council**) on 12 April 1923 in each of the ridings of the County of Eketahuna (hereinafter called the **county**) for the purpose of obtaining the consent of the ratepayers of those ridings to the making and levying of a bridge rate in each of such ridings shall, for the purposes of section 24 of the Local Bodies' Loans Act 1926, be deemed to have been

taken in accordance with the provisions of that section, and the proposals submitted at each of such polls shall be deemed to have been carried as 1 proposal submitted to the ratepayers of the whole county.

- (2) The several bridge rates heretofore made and levied by the Council over all rateable property in the ridings of the county shall together be deemed to be one rate duly made and levied by the Council under the said section 24 over the whole of the rateable property in the county.
- (3) The amounts remaining to the credit of each of the separate accounts into which the proceeds from each separate bridge rate have been paid shall forthwith be paid into a separate account, to be called “The Eketahuna County Bridge Fund Account”, to be established in accordance with the provisions of subsection (3) of the said section 24.

7 Authorising Hutt County Council to make and levy a uniform charge with respect to special loan for construction of roads

[Repealed]

Section 7: repealed, on 1 July 2003, by section 138(1) of the Local Government (Rating) Act 2002 (2002 No 6).

8 Validating certain rates of Inglewood County Council and authorising refunds

Whereas certain special rates (hereinafter referred to as the **said rates**) levied by the Inglewood County Council (hereinafter called the **Council**) for the year ended on 31 March 1936 were levied so as to produce a greater amount than was lawfully required to provide for the payment of interest, or interest and sinking fund, or interest and principal, as the case may be, on the loans in respect of which the said rates were made and levied:

And whereas certain of the said rates have been paid by various ratepayers and certain of the said rates remain outstanding and unpaid:

And whereas it is desirable to validate the said rates and to authorise the Council to make certain refunds in manner hereinafter appearing:

Be it therefore enacted as follows:

- (1) The said rates shall for all purposes be deemed to have been lawfully made, levied, and demanded by the Council.
- (2) The Council may in respect of the said rates forthwith determine the sum which, in respect of each ratepayer, represents the difference between the amount that would have been levied in order to produce the amount lawfully required to provide for the payments hereinbefore specified and the amount which was in fact demanded.
- (3) The Council may from its General Account refund such sum to any ratepayer who has paid the same or remit such sum in the case of any ratepayer who has not already paid the same.
- (4) The power to refund or to remit such sum shall, where the circumstances require, include the power to refund or to remit, as the case may be, such part of the additional charge of 10% as was added to such rates pursuant to the provisions of section 76 of the Rating Act 1925.

9 Authorising Taranaki County Council to write off balances owing by certain ratepayers pursuant to agreements made with the Council

Whereas the Taranaki County Council (hereinafter called the **Council**) in pursuance of the provisions of section 26 and section 27 of the Finance Act (No 4) 1931 undertook, in relief of unemployment, the metalling of certain roads in the County of Taranaki—namely, Henwood, York, Croydon, and Carrington Roads—and applied the funds of the respective ridings in which the said roads are situated in payment of the works so undertaken, under agreements made with a number of owners and occupiers of lands which derived benefit from the said works, for the repayment to the Council of the cost of such works by instalments over periods of years:

And whereas the Council expended in carrying out such works sums amounting in the aggregate to 1,058 pounds and 5 shillings, and has received from the said owners and occupiers towards repayment thereof sums amounting in the aggregate to 622 pounds 9 shillings and 3 pence, leaving a

balance of 435 pounds 15 shillings and 9 pence still outstanding:

And whereas the Council, in exercise of the powers conferred on it in that behalf by Part 2 of the Local Authorities Interest Reduction and Loans Conversion Act 1932–33 and section 7 of the Local Authorities Interest Reduction and Loans Conversion Amendment Act 1934, respectively, has converted the whole of the loan indebtedness of the Taranaki County convertible thereunder, and as security therefor has made a consolidated special rate over all the rateable property in the said county on a differential basis over the various ridings of the said county and has also made and levied a similar rate to produce the annual charges payable in respect of all the non-convertible securities of the said county:

And whereas by reason of the operations aforesaid the said owners and occupiers are now liable for rates levied for the purposes of providing funds for the payment of the annual charges for loan moneys for which they were previously not liable, and they have obtained no relief in respect of their liability for payment of the said sum of 435 pounds 15 shillings and 9 pence:

And whereas it is just and equitable that they should be relieved from such liability:

Be it therefore enacted as follows:

The Council is hereby authorised and empowered to write off the said sum of 435 pounds 15 shillings and 9 pence, and to discharge the said owners and occupiers from liability for payment of any instalments henceforth to become due in respect thereof under the agreements hereinbefore referred to.

Whereas in respect of the period between 1 April 1929 and 31 March 1935, James Bell, of the City of Wellington, tailor,

was assessed in respect of certain shops situated in Manners Street in the City of Wellington at full water rates on the assumption that such properties were shops and dwellings, and such full water rates have been paid by the said James Bell:

And whereas if the said premises had been assessed as shops they would have been liable only for one-half of the full water rates:

And whereas one-half of the said full water rates amounts to 520 pounds, and the Wellington City Council desires authority to refund the said sum of 520 pounds:

Be it therefore enacted as follows:

And whereas, owing to unavoidable delay, the said James Whitson Jack was compelled to pay the full water rates in respect of the said offices from 1 April 1935 to 31 March 1936:

And whereas if the said values had been amended before 1 April 1935, one-half of the said water rates would have been payable in respect of the said offices:

And whereas one-half of the said water rates amounts to 67 pounds 1 shilling, and the Wellington City Council desires authority to refund the said sum of 67 pounds 1 shilling:

Be it therefore enacted as follows:

The Wellington City Council is hereby authorised to refund to the said James Whitson Jack the sum of 67 pounds 1 shilling, being part of the money so paid as water rates.

And whereas Luke's Lane was not in fact a street but a private way, and it is therefore expedient that the land so proclaimed as a street should be deemed part of a private way:

And whereas in the year 1930 the Board adopted a new classification list in respect of the land in its district and has since that year been levying the said special differential rates on the basis of such new classification as required by law, but the rates levied on such basis are not sufficient to provide the amount of the annual charges on the said loans:

And whereas the Trust, being unable to borrow the moneys authorised on the exact terms set out in the said Order in Council, and not requiring the said sum of 12,000 pounds for immediate expenditure, arranged loans aggregating that amount on the terms set out in the debentures hereinafter referred to, and from time to time received progress payments on account of such loans, all of which loans are repayable with interest within the said period of 7 years:

And whereas the Trust has paid to the respective holders of the said debentures interest on the said loans at the same rates respectively as those set out in the debentures hereinafter referred to up to the date on which the interest on the said debentures commenced to run:

And whereas the proceeds from the said loan were expended in the Waimakariri Special Loan Area (constituted and defined by the Trust on 11 December 1928) and it is just and equitable that all future instalments in repayment of the said loan and in payment of the interest thereon should be charged upon and be payable out of a special annually recurring rate upon the lands in the said Waimakariri Special Loan Area according to the classification thereof by the Trust which is in force for the purposes of the Waimakariri River Improvement Loan, 1928,

and not by way of a uniform rate over the whole of the rateable lands in the said district:

Be it therefore enacted as follows:

- (1) The borrowing of the said sums of 6,857 pounds, 2,572 pounds, 2,271 pounds, and 300 pounds, and the receipt of the said progress payments on account thereof, and the rearrangement of the said loans for the periods and upon the terms and conditions set out in the said debentures, and the execution of the said debentures and the payments of interest made by the Trust for the broken periods hereinbefore referred to, are hereby validated and declared to have been lawfully paid, done, and executed.

- (2) The Trust is hereby authorised and empowered, out of the proceeds of the said loan, to repay to its General Fund all moneys, not exceeding a total of 1,500 pounds, which it may have or

Notes**1 *General***

This is a reprint of the Local Legislation Act 1936. The reprint incorporates all the amendments to the Act as at 1 July 2003, as specified in the list of amendments at the end of these notes. Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, *see* <http://www.pco.parliament.govt.nz/reprints/>.

2 *Status of reprints*

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

3 *How reprints are prepared*

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked are omitted.

For a detailed list of the editorial conventions, *see* <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

4 *Changes made under section 17C of the Acts and Regulations Publication Act 1989*

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
 - indentation
 - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)

- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
 - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
 - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
