## Explanatory note

*This note is not part of the regulations, but is intended to indicate their general effect.*

These regulations, which come into force on 10 October 2022, amend the Social Security Regulations 2018 (the **principal regulations**).

*Regulation 4* amends regulation 3 of the principal regulations to insert a new definition of public transport service. This definition is based on the definition of that term in the Land Transport Management Act 2003 and means services that are offered in large passenger service vehicles, small passenger service vehicles, rail vehicles, hovercrafts, ferries, and any other form of transport (other than air transport) that is available to the public generally.

*Regulation 5* amends regulation 290 of the principal regulations to allow a SuperGold cardholder who is eligible for a community services card to show their combined SuperGold Card and community services card, for the purpose of receiving a discounted public transport fare, to a person collecting fares for travel on a public transport service, including a ticketing agent, a person operating a public transport service, or any person carrying out that work for those people.

*Regulation 6* amends regulation 291 of the principal regulations. Regulation 291 of the principal regulations prohibits persons from asking or demanding to see a SuperGold Card that is a combined SuperGold Card and community services card except in very limited circumstances. The amendment extends those circumstances to allow the following people to demand or ask to see a SuperGold Card as evidence that the SuperGold cardholder is eligible for a community services card:

- a person collecting fares for, or issuing tickets to, travel on a public transport service, including a ticketing agent;
- a person operating a public transport service;
- any person carrying out that work for those people.

Issued under the authority of the Legislation Act 2019.
