in relation to the introduction of the system of decimal
currency**
[28 October 1965]

BE IT ENACTED by the General Assembly of New Zealand
in Parliament assembled, and by the authority of the same,
as follows:

1. Short Title—This Act may be cited as the Decimal Currency Amendment Act 1965.

PART I

TRANSITIONAL PROVISIONS AND MISCELLANEOUS AMENDMENTS

2. This Part to be read with Decimal Currency Act 1964—
(1) This Part of this Act shall be read together with and deemed part of the Decimal Currency Act 1964 (in this Part referred to as the principal Act).

(2) Except as otherwise provided in this Part, this Part shall come into force on the commencement of Part II of the principal Act.

3. Interpretation—In this Part of this Act, unless the context otherwise requires,—

“Bill of exchange”, or “bill”, includes any instrument to which section 5 of the Cheques Act 1960 applies:

“Transitional period” means the period commencing on the date of the commencement of Part II of the principal Act and ending with a date to be appointed by the Governor-General by Proclamation.

4. Certain coins in existing currency deemed to be decimal coins—Section 10 of the principal Act is hereby amended by adding the following subsection:

“(6) The following coins in the existing currency, namely, the florin, the shilling, and the sixpence, shall be deemed for all purposes to be decimal coins duly made and issued under this Act of the denominations of twenty cents, ten cents, and five cents respectively.”

5. Use of certain other coins in existing currency during transitional period—During the transitional period, and unless in respect of any transaction the parties otherwise agree,—

(a) Coins in the existing currency of the denominations specified in the first column of the First Schedule to this Act shall, on the basis of the equivalent decimal values specified in the second column of that Schedule opposite those denominations, be exchangeable for decimal coins in lots only of five cents' worth or a multiple thereof; and

- (b) A tender of payment in such coins shall accordingly, if made in the same lots, be a legal tender for the payment of an amount not exceeding twenty cents.

6. Payment in decimal currency of bill of exchange or promissory note made in existing currency—(1) Where before the date of the commencement of this Act a bill of exchange or promissory note is issued or made according to the existing currency, and the bill or note is not paid before that date, any sum specified in it shall be converted into decimal currency in accordance with subsection (2) of this section.

(2) The said sum shall be converted on the basis of the equivalents specified in subsection (4) of section 5 of the principal Act, except that pence amounting to less than one shilling shall be converted into cents on the basis that an amount of pence specified in the first column of the Second Schedule to this Act corresponds to the amount of cents specified in the second column of that Schedule opposite that amount of pence.

(3) Where at any time during the transitional period it is necessary to alter any sum specified in any such bill or note for the purpose of facilitating its negotiation, collection, or payment, and the alteration is made in accordance with this section, the alteration shall not render the bill or note void as against any party.

7. Payment of sum in existing currency by bill of exchange or promissory note made in decimal currency—Where a bill of exchange or promissory note issued or made according to decimal currency is taken in respect of any sum payable according to the existing currency, the conversion of that sum into decimal currency shall be made in accordance with subsection (2) of section 6 of this Act, and that subsection shall apply accordingly.

8. Acknowledgment of payment during transitional period—Where in respect of any payment made during the transitional period it is necessary, by reason of the use of a machine or instrument that operates according to the existing currency, to provide an acknowledgment expressed in the existing currency, the reference in the acknowledgment to the sum paid shall be construed as a reference to the corresponding sum in decimal currency, calculated in accordance with subsection (2) of section 6 of this Act.

9. Closing of banks—(1) Section 19 of the principal Act is hereby amended by adding the following subsection:
