### 1906, No. 4.—*Local.*

- Title.** AN ACT to provide for the Administration of a Tail-race or Flood-channel in the Waimumu Stream constructed by the Mataura Borough Council under a Deed of Arrangement purporting to be made in pursuance of "The Mining Act, 1898," and for the Formation of a Drainage District in the District drained by the Waimumu Stream. [8th October, 1906.]
- Preamble.** WHEREAS by a deed dated the thirteenth day of May, one thousand nine hundred and two, and purporting to be made between the Minister of Mines of the first part, the Corporation of the Borough of Mataura, acting by the Borough Council, of the second part, certain landowners therein described of the third part, and certain mining companies therein described of the fourth part, after reciting that by reason of the mining operations of the companies the riparian or other rights of the landowners were or might be infringed and the danger of flood increased, and that it was expedient to establish a scheme to enable the companies to carry on mining operations and at the same time protect the landowners from damage by such mining operations or by floods, provision was made that the Council should, in pursuance of "The Mining Act, 1898," and with the consent of the landowners thereby testified, apply for a license for a main tail-race, being partly a diversion of the Waimumu Stream and partly in the bed thereof, as described in the First Schedule hereto,

and proceed to construct the said race and efficiently maintain the same for the use of the companies and other persons in their mining operations, the companies and such other persons paying a proportion of the cost of such tail-race and also the cost of maintenance thereof: And whereas the Council, in pursuance and execution of the provisions of the said deed, applied for and obtained a grant of a license for such tail-race, and constructed the same, and have since controlled and managed the said race: And whereas by a Proclamation by His Excellency the Governor dated the fifth day of September, one thousand nine hundred and two, a portion of the Waimumu Stream was constituted and set apart under section one hundred and eight of "The Mining Act, 1898," to be a watercourse for the discharge of mining *débris* under such section: And whereas by an action in the Supreme Court of New Zealand it has been decided that the Council had no power to enter into the said deed or to hold such a license, and cannot recover in an action on the said deed for recovery of the cost of maintenance thereof: And whereas it is expedient to make provision for the administration, control, and management of the Waimumu Stream and the race so constructed, and generally for the efficient drainage of the lands within the area defined in the Second Schedule hereto:

BE IT THEREFORE ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

1. The Short Title of this Act is "The Waimumu Stream Drainage Act, 1906." Short Title.

2. (1.) There is hereby constituted a district to be called "The Waimumu Stream Drainage District," comprising all that area described in the Second Schedule hereto. Constitution of district.

(2.) The Governor may, on a petition in that behalf from a majority of the ratepayers of any area proposed to be included in or excluded from the district hereby constituted, alter the boundaries of such district.

(3.) The Governor by Order in Council may, on a like petition, abolish the said district or any portion thereof.

3. (1.) For such district there shall be a Board of Trustees, consisting of a Chairman and four persons to be appointed in the manner hereinafter appearing. Board of Trustees.

(2.) The Magistrate, on the day fixed for hearing objections, shall hear and determine all objections, and may alter the lists in respect of anything objected to by correcting anything therein, or by inserting any matter therein, or erasing any matter therefrom that appears to him ought to be altered, inserted, or erased, as the case may be, and his decision shall be final and without appeal.

(3.) 14. If at any time hereafter, owing to the extinguishment or diminution in number of the mining interests for the representation whereof on the Board provision is hereby made, or for other sufficient reason, the Governor may consider it desirable that the members of the Board should be elected in any other manner, he may from time to time proclaim and declare the manner in which and by whom such election shall thereafter be made.
