(a.) A "side school" is a school which is attached to another school and is distant more than a quarter of a mile but not more than three miles therefrom, and to which there are admitted pupils up to a class not higher than Standard IV and up to an age not higher than eleven years.

(b.) A "main school" is a school to which a side school is so attached.

(c.) One school is attached to another within the meaning of the foregoing provisions when they have the same head teacher.

(d.) Every side school shall be deemed to form part of the main school, and the grade and staff of the main school (together with the side school or side schools so forming part thereof) shall be determined accordingly.

(e.) Notwithstanding the foregoing provisions, no main school or side school, taken separately, shall have a smaller number on its staff than if it were a mixed school of the same average attendance; and the additional teachers (if any) required in order to conform to this requirement shall receive salaries of Grade 1.

Part IV.—Part-time Schools.

(a.) A "part-time school" is one of a group of schools taught by the same sole teacher, each school being situated at least three miles by the nearest practicable means of access from any other school of the same group, and being open for not less than eight hours a week on the average, all the schools of the group being open for not less than twenty hours a week in the aggregate.

(b.) All the schools of a group of part-time schools shall be counted as one school. To ascertain the grade of the group of part-time schools the totals of the average attendance at the several schools of the group shall be added together; and the salary of the sole teacher of that group of schools shall be the salary attached to the grade so ascertained.

(c.) If the teacher of a group of part-time schools is required by the Education Board to teach on six days during the week (provided that he teaches for at least twenty-four hours in each week) he shall receive the salary for the grade of school next higher than the grade in which that group of schools is placed.
