Preamble.

10 BE IT THEREFORE ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows :—

1. The Short Title of this Act is “The Fisheries Encouragement Act, 1885.”

Short Title.

2. In the construction of this Act,—

15 “Fish” means all kinds of salt-water fish, including oysters and crayfish.

Interpretation.

“Foreshore line” means the line laid down as provided by the *fourth* section of this Act.

20 “Foreshore” means the land defined by the *fourth* section of this Act.

Governor may set
apart land for
fishing towns, &c.

3. The Governor may, by Order in Council from time to time, set apart upon the coast-line of New Zealand, or of any bay, harbour, estuary, salt-water creek, or other inlet of the sea, any Crown lands for the purpose of the formation of fishing towns or fishing villages, herein called fishing townships. 5

4. The Governor shall cause a line, herein called the "foreshore line," to be laid out in every fishing township at such distance inland from the line of low-water mark as he thinks fit, and all the land lying between the said line and the line of low-water mark shall be deemed to be the foreshore for the purposes of this Act. 10

Mode of dealing
with such lands.

5. Every Order in Council setting apart any such lands shall provide, amongst other things,—

(1.) For selling, or letting with or without right of purchase, sections of land within any fishing township not being part of the foreshore, but so that no section shall contain more than ten acres, or have a frontage of more than one hundred feet upon the foreshore line; 15

(2.) For granting licenses to the owner or lessee of any section having frontage on the foreshore line, for the use and occupation of the part of the foreshore adjacent to such section, not being part of any highway or thoroughfare thereon, for the purpose of erecting thereon such wharves, jetties, and other buildings as may be necessary for carrying on the occupation of fishing, curing, and canning fish, and for the import and export of goods connected therewith and otherwise used by the inhabitants of the fishing township, and for determining the conditions and restrictions of such use and occupation under any such license; 25

(3.) For granting licenses to any person for such purposes and under similar conditions and restrictions, for the use and occupation of any part of the foreshore within a fishing township, not being adjacent to any section so let or sold, and not being part of any highway or thoroughfare; 30

(4.) For laying out highways and thoroughfares on and through the foreshore, and limiting and defining the right of thoroughfare over the same, and for laying out highways over other parts of the fishing township, and generally for regulating the management, use, and occupation of the lands within the same for the purposes of this Act; 35

(5.) For granting to the holder of any such license the right to charge tolls for the use of any wharf or jetty, or rent or storage for the use of any building he may have erected under the provisions of such license, and to limit the amount of any such charges. 40

6. If any person shall use or occupy any part of the foreshore within any fishing township in any other manner than is provided by the license granting the same, or shall violate the conditions and restrictions attached thereto, the Governor may cancel such license, and all right or title accruing thereunder shall absolutely cease. 45

7. No license granted under this Act shall entitle the holder thereof, either during the term or after the expiry or cancellation 50

thereof, to any compensation in respect of any buildings or other works he may have erected on the land in respect of which such license shall have been granted, unless the right to such compensation shall have been specially set forth in such license.

5 **8.** In order to encourage the production and curing of fish for export the Colonial Treasurer may during the next seven years after the passing of this Act, without further appropriation by Parliament, pay out of the Consolidated Fund to any person who shall prepare canned fish for export, and actually export the same from
10 the colony, a bonus or bonuses upon the quantity of canned fish prepared and exported by such person as hereinafter mentioned, that is to say,—
