

HOSPITALS AMENDMENT BILL

EXPLANATORY NOTE

THIS Bill makes miscellaneous amendments to the Hospitals Act, 1926.

Clause 2 repeals the provision made in 1948, under which certain appointments made by Hospital Boards had to receive the prior approval of the Minister. It restores the original provisions of section 38 of the principal Act, under which the Board is free to make such appointments, but must first give the Minister notice of its intention to do so, and must give fair consideration to any recommendations made by the Minister. The new clause also includes dental officers, salaried architects, and Chief Engineers of Boards in the list of appointments affected.

Clause 3 allows Hospital Boards to keep separate Imprest Accounts, for payment of salaries and of emergency and petty expenditure, at institutions situated in different places, for example, the various district hospitals affected by the amalgamation of the Northland hospital districts.

Clause 4 substitutes a new section for section 78 of the principal Act, dealing with the appointment of committees. The existing section requires all the acts and proceedings of every committee to be reported to the Board and provides that those acts and proceedings shall have no effect until approved at a meeting of the Board. The new section authorizes the Board to delegate any of its powers, with specified exceptions, to committees, subject in all things to any general or special directions of the Board and to its standing orders. The new section is based on sections 48 and 50 to 52 of the Municipal Corporations Act, 1933, and has the effect of placing Hospital Boards in approximately the same position as city and borough councils in respect of delegation to committees.

Clause 5 authorizes the making, in respect of maternity wards in public hospitals, of regulations which may at present be made in respect of private hospitals, prescribing the staff, sanitary appliances, and sterilizing apparatus to be provided, regulating or prohibiting the performance of any specified class of surgical operation, and regulating or prohibiting the admission of persons suffering from infectious or contagious diseases.

This PUBLIC BILL originated in the HOUSE OF REPRESENTATIVES, and, having this day passed as now printed, is transmitted to the LEGISLATIVE COUNCIL for its concurrence.
