

INCOME TAX AMENDMENT BILL (NO. 2)

EXPLANATORY NOTE

THIS Bill amends the Income Tax Act 1976.

Clause 1 relates to the Short Title.

Clause 2: Subclause (1) amends section 125 of the principal Act which provides for a 100 percent deduction for certain capital expenditure incurred in the carrying on of any business in New Zealand for the purposes of energy conservation.

This amendment provides for a deduction for a new motorcar equipped to use compressed natural gas and acquired on or after 1 January 1981. The deduction is to be \$1,000 where not more than one storage cylinder is incorporated in the vehicle and \$1,400 where more than one is incorporated.

Subclauses (2) and (3) make consequential amendments to section 110 of the principal Act, which provide for an upper limit for the amount on which the depreciation may be claimed in respect of motorcars, to take into account any amount which has been allowed as a deduction under section 125.

Clause 3 substitutes a new scale of tax rates for the 1980/81 income year, taking into account the combined effect of the present scale and the new scale to apply from the 1981/82 income year.

Clause 4 substitutes the new scale of tax rates to apply from the 1981/82 income year.

Clause 5 substitutes new tables for basic tax deductions. The new tables are to apply with respect to every tax deduction from payments of salaries and wages made in respect of any period ending on or after 1 February 1981.

Clause 6 inserts a new Horowhenua area in the Sixth Schedule to the Act for the purposes of regional investment allowance.
