AN ACT to amend the Licensing Act, 1908.

Title.

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

- 5 1. This Act may be cited as the Licensing Amendment Act, 1926, and shall be read together with and deemed part of the Licensing Act, 1908 (hereinafter referred to as the principal Act). **Short Title.**

PART I.

LICENSING POLLS.

Referendum as to Frequency of Licensing Polls.

Special poll to be taken to determine frequency of licensing polls under principal Act.

2. (1.) Simultaneously with the licensing poll to be taken next after the passing of this Act there shall be submitted for the determination of the electors of each licensing district the questions whether licensing polls under the principal Act shall thereafter be taken simultaneously with every general election for the return of members of Parliament, or, in the alternative, whether licensing polls shall thereafter be taken only at every alternate general election. 5-10

(2.) The questions referred to in the *last preceding* subsection shall be submitted in the form in the *First Schedule* hereto, and in the manner prescribed by the principal Act with respect to the taking of licensing polls. 10

(3.) The voting-papers used shall be different in colour from the voting-papers provided for other questions submitted to the electors at the licensing poll and from the ballot-papers used at the electoral poll. 15

(4.) As soon as practicable after the close of the poll in any district the Returning Officer shall count the votes recorded for each of the proposals submitted to the electors, and shall reject all informal votes. 20

(5.) Immediately after he has counted the said votes he shall transmit to the Minister, by telegraph or other expeditious means, a statement of the number of informal votes, and of the total number of valid votes recorded, and of the total number of valid votes so recorded for each of the proposals. 25

(6.) So soon as the Minister has received the said statements from all the Returning Officers he shall ascertain—

(a.) The total number of valid votes recorded at the poll throughout New Zealand; and 30

(b.) The total number of valid votes recorded throughout New Zealand for each of the proposals.

(7.) The Minister shall forthwith notify in the *Gazette* the number of the said votes as so ascertained by him, and the result of the poll as determined by the provisions hereinafter contained in that behalf. 35

(8.) If and as often as any amended statement under the *next succeeding* subsection is transmitted to the Minister, or if any error is discovered in any notice published by the Minister under the provisions of this section, the Minister shall make a reascertainment of the numbers of the said votes, and shall forthwith publish in the *Gazette* an amended notice of the numbers of the said votes and of the result of the poll. 40

(9.) If the result of the poll is disputed on the ground that the count of any Returning Officer was incorrect the following provisions shall apply:— 45

(a.) Any six electors may, within seven days after the publication by the Minister of the result of the poll, as hereinafter provided, apply to a Magistrate for a recount of the votes taken in the district of that Returning Officer: 50

(b.) Every such application shall be in writing under the hands of the applicants, and may be delivered to the Magistrate personally, or may be posted to him in a registered letter, or, where necessary, may be transmitted to him by telegraph:

(c.) Every such application shall be accompanied by a deposit of ten pounds :

5 (d.) The Magistrate shall, as soon as practicable after receiving the application and deposit as aforesaid, cause a recount of the votes to be made, and shall give at least two days' public notice of the time and place at which such recount will be made :

10 (e.) The recount shall be made in the presence of the Magistrate or of an officer appointed by him for the purpose, and shall, as far as practicable, be made in the manner provided in the case of the original count, and the provisions of the Legislature Act, 1908, relating to the secrecy of the ballot shall apply to such recount :

15 (f.) If on the recount the Magistrate finds that the statement of the Returning Officer as to the votes recorded was incorrect, he shall order the Returning Officer to transmit to the Minister an amended statement, and thereupon a copy of every such order, together with an amended statement in accordance therewith, certified by the Magistrate, shall be forthwith transmitted by the Returning Officer to the Minister :

20 (g.) Where the Magistrate is of opinion that the application was made on insufficient or frivolous grounds, he may order that the expenses of and incidental to the recount, or any part thereof, be defrayed out of the deposit made under this section :

25 (h.) Subject to any such order, the Magistrate shall direct that the deposit be returned to the person who made the same.

30 (10.) Any notice or amended notice, as the case may be, of the result of the poll published by the Minister under the foregoing provisions shall be final and conclusive for all purposes, and the result of the poll as stated therein shall not be questioned in any proceedings whatsoever.

35 (11.) As soon as practicable after the poll has been taken the Returning Officer shall proceed to deal with the voting-papers and other documents used thereat in the same manner in all respects as voting-papers and other documents used in connection with the licensing poll taken under the principal Act are required to be dealt with.

40 (12.) If more than one-half of the total number of valid votes recorded is in favour of the proposal that a licensing poll be taken simultaneously with every alternate parliamentary general election, the determination of the electors of New Zealand shall be deemed to be in favour of that proposal, and thereafter licensing polls shall be taken under the principal Act simultaneously with every alternate general election for members of Parliament, and not more frequently :

45 Provided that if at any general election a licensing poll would not have been taken if this Act had not been passed by reason of the provisions of paragraph (b) of section twelve of the principal Act, that general election shall not be taken into account in determining at what general elections a licensing poll shall be taken.

50 (13.) If the proposal referred to in the *last preceding* subsection is carried a licensing poll shall not be taken earlier than the second general election for members of Parliament held thereafter, but shall be taken simultaneously with that election unless the provisions of paragraph (b) of section twelve of the principal Act are applicable thereto.

National Restoration of Licenses.

In the event of national prohibition being carried, polls to be thereafter taken on proposal for national restoration of licenses.

3. (1.) The provisions of this section shall apply in the event of national prohibition being hereafter carried at any licensing poll, anything to the contrary in the principal Act or any other Act notwithstanding.

(2.) Simultaneously with the first general election for members of Parliament at which a licensing poll would have been taken under the principal Act if national prohibition had not been carried there shall be submitted for the determination of the electors of each electoral district the questions whether national prohibition shall continue, or, in the alternative, whether licenses to sell intoxicating liquor shall be restored in New Zealand. 5

(3.) The questions referred to in the *last preceding* subsection shall be submitted in the form in the *Second* Schedule hereto, and so far as practicable in the manner prescribed by the principal Act with respect to the taking of licensing polls thereunder. 15

(7.) So soon as the Minister has received the said statements from all the Returning Officers he shall ascertain—

(a.) The total number of valid votes recorded at the poll throughout New Zealand; and

(b.) The total number of valid votes recorded throughout New Zealand for each of the proposals. 30

(8.) The Minister shall forthwith notify in the *Gazette* the number of the said votes as so ascertained by him, and the result of the poll as determined by the provisions hereinafter contained in that behalf.

(9.) If and as often as any amended statement under the *next succeeding* subsection is transmitted to the Minister, or if any error is discovered in any notice published by the Minister under the provisions of this section, the Minister shall make a reascertainment of the numbers of the said votes, and shall forthwith publish in the *Gazette* an amended notice of the numbers of the said votes and of the result of the poll. 35 40

(10.) If the result of the poll is disputed on the ground that the count of any Returning Officer was incorrect the following provisions shall apply:—

(b.) Every such application shall be in writing under the hands of the applicants, and may be delivered to the Magistrate personally, or may be posted to him in a registered letter, or, where necessary, may be transmitted to him by telegraph: 50

(c.) Every such application shall be accompanied by a deposit of ten pounds:

(d.) The Magistrate shall, as soon as practicable after receiving the application and deposit as aforesaid, cause a recount of the votes to be made, and shall give at least two days' public notice of the time and place at which such recount will be made :

(f.) If on the recount the Magistrate finds that the statement of the Returning Officer as to the votes recorded was incorrect, he shall order the Returning Officer to transmit to the Minister an amended statement, and thereupon a copy of every such order, together with an amended statement in accordance therewith, certified by the Magistrate, shall be forthwith transmitted by the Returning Officer to the Minister :

(g.) Where the Magistrate is of opinion that the application was made on insufficient or frivolous grounds, he may order that the expenses of and incidental to the recount, or any part thereof, be defrayed out of the deposit made under this section.

(12.) As soon as practicable after the poll has been taken the Returning Officer shall make up into parcels all the voting-papers, marked copies of the roll, and other documents used in connection with the poll, and, having sealed those parcels and endorsed them with a description of their contents, shall transmit them to the Clerk of the Magistrate's Court nearest to the principal polling-place, who shall deal with them in the manner provided by section thirty-four of the Local Elections and Polls Act, 1925.

(13.) If more than one-half of the total number of valid votes recorded is in favour of the proposal that licenses be restored in New Zealand, the determination of the electors shall be deemed to be in favour of that proposal.

(14.) Any such determination of the electors in favour of the restoration of licenses shall come into force throughout New Zealand on the expiration of three months after the day of the general election at which the poll was taken.

(15.) On the coming into force of that determination the following provisions shall apply :—

At the first annual meeting of the Licensing Committee so constituted in any district, and thereafter from time to time, licenses of the descriptions which may be granted under the principal Act shall be granted in accordance with that Act, and the Committee shall exercise in respect of such licenses all the powers vested in a Licensing Committee by the principal Act :
- (d.) The number of publicans' licenses so granted shall not exceed one for every complete *five* hundred electors of the district at the date of the coming into force of the determination in favour of the restoration of licenses, and shall not be less (if a sufficient number of such licenses is duly applied for) than one for every complete *one thousand* electors of the district at the date aforesaid :

Provided that every application for a license shall, notwithstanding anything herein, be subject to all the provisions of section eighty-three to section one hundred and five of the principal Act.

(16.) In determining applications for such licenses the owners of premises in respect of which a publican's license was in existence at the time of the coming into force of the licensing poll in favour of national prohibition shall, unless some objection under section one hundred and nine of the principal Act is established, be given preference over applications by other persons.

(17.) After the coming into operation of a determination in favour of the restoration of licenses in New Zealand, licensing polls shall from time to time be taken in accordance with this Act in the same manner as if national prohibition had never been in force, and all the provisions of the principal Act and of this Act shall apply accordingly.

Special Polls where Licenses affected by Changes in Electoral Boundaries.

Special poll to be taken in cases where licensed premises have by reason of change of boundaries been included in no-license district and have been subsequently excluded therefrom.

4. (1.) Where as the result of the division of New Zealand into electoral districts by the Representation Commissioners, as provided for by the Legislature Act, 1908, any licensed premises are included within the boundaries of a no-license district, and thereafter, by a subsequent change of boundaries, such premises are included within a district in which licenses may be granted, the following provisions shall, subject to the provisions of subsection *three* hereof, apply :—

- (a.) At the first licensing poll to be taken after the inclusion of the premises in a district within which licenses may be granted as aforesaid, there shall be submitted for the determination of the electors of that district a proposal that the Licensing Committee of the district be empowered to issue a new license in respect of any such premises, and for that purpose to increase the number of licenses held within the licensing district.
- (b.) The proposal shall be submitted in the form in the *Third* Schedule hereto, and in the manner prescribed by the principal Act with respect to the taking of licensing polls.

(c.) If more than one-half of the total number of valid votes recorded at the poll is in favour of the proposal, the proposal shall be deemed to be carried.

(d.) At the first annual meeting of the Licensing Committee for the district held after such proposal has been carried, the Committee shall, on application (unless in its opinion the premises fail to comply with the requirements of the principal Act), authorize the issue of a license in respect of any premises to which the said proposal related, to be held by the licensee on the same conditions in all respects as those on which other licenses of the same kind are held. Any license issued pursuant to this section shall be in addition to any other license which the Licensing Committee is by the principal Act empowered to authorize.

(2.) This section shall apply with respect to any premises heretofore licensed that, having at any time been included in a no-license district by reason of a change of boundaries, have subsequently at any time before the passing of this Act been included in a district in which licenses may be issued. In any case to which this subsection applies the poll to be taken under this section shall be taken simultaneously with the licensing poll to be taken next after the passing of this Act.

(3.) A poll of the electors of any district shall not be taken under this section unless a petition signed by not less than ten per centum of the electors of that district has, not later than the thirtieth day of June in the year in which the licensing poll is to be taken, been presented to the Governor-General praying that a poll be taken under this section.
