Authorizing
Hauraki Plains
County
Council to
acquire a
water-main for
water-supply
district and
making special
provision in
connection
therewith.

7. Whereas the Hauraki Plains County Council (hereinafter called the Council) in the year nineteen hundred and twenty-six constituted an area of the Hauraki Plains County a water-supply district under the provisions of the Water-supply Act, 1908, called the Pekapeka Road Water-supply District and instituted in that water-supply district a water-pumping system and reticulation for the supply of water from the Waihou River to the ratepayers in the district: And whereas for the purpose of such water-supply system a loan of two thousand pounds, called the Pekapeka Road Water-supply Loan, maturing on the first day of September, nineteen hundred and forty-six, was raised and secured by a special rate of one penny and three farthings in the pound on the unimproved value of all the property in such water-supply district which was constituted a special-rating area: And whereas a sinking fund for such loan was established by annual contributions of forty pounds, and the Public Trustee is the Sinking Fund Commissioner thereof: And whereas the Council is now instituting a major water-supply system for the supply of water from the Thames mountain range to the eastern part of the Hauraki Plains County, and for that purpose has constituted a water-supply district under the said Act called the Hauraki Plains East Water-supply District, and also a special-rating area called the Hauraki Plains East Water-supply Special-rating Area: And whereas such last-mentioned water-supply district and special-rating area include both the Pekapeka Road Water-supply District and the Pekapeka Road Water-supply Special-rating Area: And whereas the major system is designed to supply good pure water at gravitational pressure, and it is desirable that the Pekapeka Road water-supply system be converted to the major system aforesaid to afford to the ratepayers therein the benefits of the purer water and greater pressure which the major system is designed to supply: And whereas to effect such conversion it is necessary that the Hauraki Plains East Water-supply District and Special-rating Area shall take over the existing water-main in the Pekapeka Road Water-supply District

at the valuation thereof of five hundred pounds, and that the Council be authorized to apply the loan-moneys and other funds of the Hauraki Plains East Water-supply Special-rating Area in payment of five hundred
5 pounds as the purchase price for such main into the sinking fund for the Pekapeka water-supply loan and in payment of the capital of such loan at the maturity thereof to the extent to which the accumulated sinking fund therefor shall or may be insufficient, and also
10 to apply the revenue of such last-mentioned special-rating area in payment of interest and sinking fund instalments on such loan as and when the same shall become due: Be it therefore enacted as follows:—

(1) The Council is hereby authorized to acquire for
15 the Hauraki Plains East Water-supply District and Special-rating Area the existing water-main in the Pekapeka Road Water-supply District at the valuation thereof—namely, the sum of five hundred pounds, and to convert such water-main to the Hauraki Plains
20 East water-supply system.

(2) The Council is hereby authorized to apply the funds of the Hauraki Plains East Water-supply District and the Hauraki Plains East Water-supply Special-rating Area in the manner following:—

(a) Out of loan or other moneys, to pay to the
25 Public Trustee as Sinking Fund Commissioner for the sinking fund of the Pekapeka Road Water-supply Loan above recited the sum of five hundred pounds in respect of the acquisition of the said water-main of the Pekapeka
30 Road water-supply system:

(b) In payment and out of revenue moneys only of the interest and the sinking fund instalments of the said Pekapeka Road Water-supply Loan of two thousand pounds as from
35 the thirty-first day of March, nineteen hundred and thirty-eight:

(c) Out of loan or other moneys, to pay at the
40 maturity of the said Pekapeka Road Water-supply Loan the capital thereof to the extent to which the accumulated sinking fund therefor shall or may be insufficient to liquidate such loan.

(3) The Pekapeka Road Water-supply District is hereby abolished as from the date of the passing of this Act, but the Pekapeka Water-supply Special-rating Area and the special rate or rates constituting the security for the said loan shall remain in full force and effect until such loan shall have been fully redeemed. 5
