

## MARINE MAMMALS PROTECTION BILL

---

### EXPLANATORY NOTE

THIS Bill consolidates and amends various provisions which relate to the protection of marine mammals and which are at present contained in the Whaling Industry Act 1935 and the Fisheries Act 1908.

The main changes relate—

- (a) To the granting of permits for all purposes where the taking of a marine mammal is involved;
- (b) To the introduction of a system of collection of statistical records relating to marine mammals.

*Clause 1* relates to the Short Title and to the application of the Bill.

*Clause 2* is the interpretation clause. Significant definitions include “marine mammal” and “take”.

*Clause 3* provides for the Bill to bind the Crown.

*Clause 4* provides that no person is to take any marine mammal, whether alive or dead, without a permit from the Minister of Fisheries. Certain limited exceptions are made to a person who finds or collects certain parts of marine mammals if the Ministry is advised of the find. The clause also prohibits the import or export of marine mammals or marine mammal products except pursuant to a permit.

*Clause 5* provides for an application to be made for a permit. Details required in every application are set out in the clause. The Director-General of Agriculture and Fisheries is empowered to investigate the application, and to report to the Minister accordingly.

*Clause 6* provides that the issue or refusal to issue a permit is at the discretion of the Minister.

*Clause 7* sets out the nature of some of the conditions that may be attached to a permit.

*Clause 8* provides that it is an offence to take a marine mammal without a permit.

*Clause 9* relates to a requirement that a permit holder must supply certain information to the Director-General.

*Clause 10* provides for the appointment of Marine Mammal Officers for the purposes of the Bill, and sets out their powers. Generally, the powers are those of Inspectors of Sea Fishing under the Fisheries Act 1908.

*Clause 11* relates to the entitlement of special Officers to be provided with subsistence and accommodation in certain circumstances. This provision is presently contained in the Whaling Industry Act 1935, but only in relation to Officers on board whaling vessels.

*Clause 12* relates to the powers of search of an Officer to enforce the provisions of the Bill. A warrant obtained pursuant to *clause 13* of the Bill is required before any search can be made of a dwellinghouse.

*Clause 14* protects the Crown and Inspectors from proceedings in certain cases.

*Clause 15* imposes an obligation on certain fishermen to advise the Ministry of accidents involving marine mammals.

*Clause 16* relates to the treatment of sick marine mammals, and the disposal of dead marine mammals.

*Clause 17* provides for the destruction of diseased or badly injured marine mammals in certain cases.

*Clause 18* provides that nothing in the Bill shall derogate from the provisions of the Animals Protection Act 1960, certain regulations made under the Antarctica Act 1960, or the Ross Dependency Whaling Regulations, 1929.

*Clause 19* allows the Minister to establish advisory and technical committees to assist him.

*Clause 20* relates to the establishment of marine mammal sanctuaries.

*Clause 21* relates to general offences.

*Clause 22* provides that the onus of proof in respect of the holding of a permit or authority rests on a defendant.

*Clause 23* relates to the time in which an action for an offence may be commenced.

*Clause 24* provides for defences available to persons charged with certain offences.

*Clause 25* provides for the Crown to recover from any defendant the costs which an Officer may have incurred because of that defendant's breach of the provisions of the Bill.

*Clause 26* is the regulation making provision.

*Clause 27* relates to the costs of administering the Bill.
