A BILL INTITULED

AN ACT in Settlement of certain Claims to Land of Naval and Military Settlers and Volunteers. Title.

WHEREAS by "The Naval and Military Settlers' and Volunteers' Preamble.  
 5 Land Act, 1889," the Commissioners of Crown Lands in the several land districts of the colony were authorised to inquire and determine upon all claims for grants of land by naval and military settlers and Volunteers, and other persons coming within the category described in section two of the aforesaid Act, who should have sent in their  
 10 claims not later than the thirty-first day of December, one thousand eight hundred and ninety, and to report the results of their investigations to the Governor :

And whereas the aforesaid Commissioners have reported to the Governor that, having inquired into the claims of all persons who  
 15 have advanced any such claims, they have found that the several persons mentioned in the Schedule A to this Act had respectively substantiated such claims, and to the extent in the said Schedule expressed :

And whereas, by the Act hereinabove first recited, it is provided  
 20 that all claims recommended by the aforesaid Commissioners should be satisfied by the remission of money in the purchase of land, and it is expedient that the Governor should be authorised to satisfy any of such claims by the issue of certificates for remission of money in the purchase of land, in lieu of cash :

And whereas it is expedient to make provision for the final  
 25 settlement of all claims to land of military and naval settlers and Volunteers under any Acts heretofore in force :

BE IT THEREFORE ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

Short Title.

1. The Short Title of this Act is "The Naval and Military Settlers' and Volunteers' Land Act, 1891." 5

Remission certificates may be issued in satisfaction of claims to be exercised before 31st March, 1894.

2. The Governor may grant to the several persons mentioned in the Schedule A to this Act certificates in the form or to the effect of the certificate in Schedule B, entitling them respectively to the remission of money in the purchase of land in any part of the colony as shall not exceed the sums specified in the said Schedule A, and set opposite the names of the aforesaid persons respectively, and such certificates shall be transferable by indorsement attested by a Justice of the Peace. 10

Every certificate of remission of money in purchase of land (herein referred to as "remission certificates") which is issued under the authority of this section shall be barred unless exercised on or before the thirty-first day of March, in the year one thousand eight hundred and ninety-four. 15

Time for exercise of scrip under Act of 1888 extended.

3. Notwithstanding anything contained in section three of "The Naval and Military Settlers' and Volunteers' Land Act, 1888," 20 every certificate of remission of money issued under that Act may be exercised within *twelve* months after the thirty-first day of March, one thousand eight hundred and ninety-one; and the said section shall be read as if the word "ninety-two" had been inserted therein in lieu of the word "ninety-one." 25

Persons and times for sending in claims under Act of 1889 extended.

4. The time for sending in claims for land under "The Naval and Military Settlers' and Volunteers' Land Act, 1889," is hereby extended to the thirtieth day of June, one thousand eight hundred and ninety-two, and that Act shall be read subject to the following amendments:— 30

(1.) In section two, subsection two, the word "seventy" is hereby substituted for "sixty-eight;"

(2.) In section three the words "thirtieth day of June" are hereby substituted for "thirty-first day of December," and the word "ninety-two" is substituted for "ninety." 35

In case of death certificate may issue to persons equitably entitled thereto.

5. In case of the death of any person found entitled to a remission certificate of money under this Act, or under any Act heretofore in force, the Governor may direct such certificate to be issued to such person or persons as he shall think most equitably entitled thereto, or in any manner he shall think best on behalf of any such person or persons. 40

Every certificate so issued shall be in full discharge to Her Majesty of all claims of the deceased person, and of all persons claiming through him for land or remission of money in the purchase of land in respect of any services referred to in any such Act, rendered 45 by the deceased to Her Majesty.

Commissioners may rehear all rejected claims.

6. Whereas many claims have heretofore been rejected by the several Commissioners respectively investigating the same, upon technical grounds, and also some claimants have felt themselves aggrieved by the rejection of their claims by one Commissioner when 50 other claims of a similar nature have been allowed by another Commissioner, for the purpose of removing these grievances, and of finally

settling all claims to land of naval and military settlers and Volunteers, it is hereby further enacted as follows:—

This section shall apply, subject as hereinafter mentioned, to—

- 5 (1.) Every person who at any time heretofore has sent in a claim for land under this Act, or any Act of a similar tenor, heretofore in force, and has had the same rejected by any Commissioner; or by
- 10 (2.) Every person who through injuries received during the time of his actual service was thereby prevented from completing the full time of service to entitle him to a claim of land, or the widow and children of such person; and by
- 15 (3.) The widow or children of every person who served in the Volunteer or Colonial Defence Forces, and who, had he lived, would have been entitled to land under either of the Acts aforesaid:
- 20 (4.) Every person who, having at any time heretofore received a remission certificate, shall produce to the Commissioner conclusive proof that such certificate was absolutely destroyed by fire or other inevitable accident before the expiration of the time within which it could have been exercised:

Provided that every such claim shall be sent in to the Commissioner of Crown Lands of the district wherein the claimant resides not later than the thirtieth day of June, one thousand eight hundred and ninety-two; and such Commissioner shall absolutely reject every claim sent in after that day.

Claims to be sent in before 31st March, 1892.

Every Commissioner shall investigate and report upon every claim sent in to him by or on behalf of any of the aforesaid persons; and for the purpose of such inquiry every Commissioner shall have and may exercise all the powers and authorities conferred upon Commissioners by sections five to seven of "The Naval and Military Settlers' and Volunteers' Land Act, 1889."

7. If any Commissioner as aforesaid shall be satisfied that any claim brought before him has been substantiated, he shall report accordingly to the Governor, stating in such report that the claimant has proved his claim to a certificate entitling him, according to his rank on retirement or discharge from service, as the case may be, to the remission of money in the purchase of land in any part of the colony.

Commissioner may decide, according to rank of claimant on retirement, and report to Governor.

But no Commissioner shall in any case, other than as mentioned in subsection *four* of section *six* make any recommendation for a grant of land to any person in virtue of his services as a military or naval settler or Volunteer who has already received land in any part of the colony in virtue of services of a like nature.

All such reports shall be submitted by the Governor to Parliament at the earliest opportunity after the receipt thereof.

8. For the purposes of satisfying the claims approved under this Act or any Act heretofore in force, and any claims which may hereafter be approved, and at the same time to encourage settlement, the Governor shall set apart in each land district, where necessary, lands which shall be surveyed in sections of suitable size, to be grouped

Conditions of occupation of land acquired under remission certificates.

into allotments according to the area of claims, for selection by the various holders of remission certificates issued either under this Act or any other Act of a similar tenor at any time in force; and shall fix the price of such lands, which shall not exceed the price of cash lands under "The Land Act, 1891," for lands of the same class. 5

- (1.) Any holder of a remission certificate (hereinafter referred to as a "claimant") may select any allotment of land the cash price whereof does not exceed in amount the sum of money to be remitted under such certificate, and may apply for such allotment to the Land Board of the land district wherein the selected land is situate (herein referred to as the "Board"). 10
- (2.) The application shall be made in such form and to such effect as the Board may from time to time prescribe, and with his application the claimant shall deposit with the Board his remission certificate, and thereupon the Board may issue to the claimant a certificate of occupation, in the form or to the effect in Schedule F of "The Land Act, 1891," altered to suit the case. 15

Where more than one application for the same allotment is made on the same day, the priority of choice shall be decided by lot between the applicants. 20

- (3.) No Crown grant for land acquired under or by virtue of a remission certificate shall issue to any claimant until the Board shall be satisfied that such claimant has within five years from the date of his purchase brought into cultivation or otherwise improved not less than one-fifth of the land held under his occupation certificate by fencing and laying down with artificial grass, or ploughing and sowing with root or cereal crops, or planting as a vineyard or orchard, or partly in one and partly in another or others of such manner. 25 30
- (4.) As soon as the Board are satisfied, either by the report of a Ranger or by any other evidence they may require to be produced to them in proof, that the claimant has fulfilled the above conditions, a Crown grant shall be made out to the claimant, who shall return to the Commissioner the certificate of occupation before receiving such Crown grant. 35
- (5.) A claimant in occupation of any allotment who has been in such occupation not less than one year may transfer his interest in such allotment, subject to the approval of the Board, and in manner provided by "The Land Act, 1891," and the transferee shall be subject to all the conditions of the certificate of occupation aforesaid as if he were the original holder under such certificate, but no subsequent transfer from the aforesaid transferee shall be permitted in any case. 40 45
- (6.) Every transferee of an allotment in occupation of a claimant shall, before being admitted into possession, make a declaration such as is required under "The Land Act, 1891," from the purchaser of cash lands; and such declaration may be in such form as the Board may direct. 50

- 5 (7.) If the aforesaid improvements are not made upon the land held under or by virtue of a remission certificate within the time limited, the Board may declare such land to be forfeited, and thereupon all rights under the certificate for the remission of money in the purchase of lands shall also be absolutely forfeited to Her Majesty.
- 10 (8.) No remission certificate issued after the passing of this Act shall be available for the purchase of land in any part of the colony other than set apart for occupation by military or naval settlers or Volunteers.
- 15 (9.) No claimant and no transferee of a remission certificate shall occupy more than one allotment under this Act in any part of the colony; and every transferee of a remission certificate shall be bound by all the conditions of occupation which apply to a claimant in occupation, in the same manner as if he were the original holder of the certificate transferred to him.
- 20 (10.) No transferee of more than one remission certificate shall occupy more than one allotment in any part of the colony, no matter what amount of money may be represented in the remission certificates transferred to him.
- 25 (11.) As soon as all the claims aforesaid within any land district are satisfied, if there remain any allotments of land set apart for the purposes of this Act, which are not required for such purposes the Governor may declare the same to be open for disposal under the Land Act in such manner as he may think fit.

9. For the purpose of duly advertising this Act throughout the colony, the Defence Minister, as soon as may be after the passing thereof, shall cause printed placards to be affixed in conspicuous places in the various land offices, and at such post-offices and other public offices or places as he shall think fit, drawing the attention of all soldiers, seamen, and Volunteers who have heretofore had claims rejected, and of the widows and children of such men, to the provisions of section *six*; and shall in such notices indicate in a particular manner the latest date at which claims are to be sent in to the Commissioner of Crown Lands of the district where the claimant resides for rehearing under the provisions of this Act. Act to be classified.
