A BILL INTITULED

AN ACT to vest certain Public Reserves in the Taranaki County Council.

BE IT ENACTED by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

1. The Short Title of this Act shall be "The Taranaki County Reserves Act, 1877."

2. From and after the passing of this Act the lands specified in the First Schedule hereto, set apart under "The Taranaki Waste Lands Act, 1874," as reserves for the improvement of roads in the Tarururangi and Hua and Waiwakaiho Road Districts, and vested in the Superintendent of Taranaki, shall, without any conveyance or assurance, be vested in the Taranaki County Council in trust for the improvement of the junction road in the said county.

3. The Taranaki County Council may lease the said lands by public auction or tender, for such period and on such conditions as they shall think fit not exceeding forty-two years, and apply the rents or profits arising therefrom to the improvement of the said road.

4. In the event of the New Zealand Titanic Steel and Iron Company (Limited) not manufacturing one hundred tons of cast-iron from Taranaki iron-sand, as recommended by the Public Petitions Committee in the report of the Committee on the petition of the Chairman of the Company, within the period which may be fixed by the Government, the lands described in the Second Schedule hereto, selected by the said Company under "The Taranaki Iron Smelting Works Land Act, 1874," shall in like manner be vested in the Taranaki County Council for improving the said junction road.

5. The Waste Lands Board of Taranaki may from time to time, when the lands in the Second Schedule shall become so vested in the said Council, sell or otherwise deal with and dispose of such lands in like manner as waste lands may be sold, dealt with, or disposed of, and the Receiver of Land Revenue shall, after deducting the costs of survey of such land, pay the proceeds and profits thereof to the Council, to be applied to the improvement of the said road.
