A BILL INTITULED

AN ACT to amend the Whangarei Borough Empowering Act, 1918. Title.

WHEREAS the Whangarei Borough Council was authorized by the
5 Whangarei Borough Empowering Act, 1918, to raise certain loans for
the purpose of the formation and construction of certain private
streets within such borough: And whereas in the public notice of
the poll taken for the purpose of raising such loans and which loans
were duly raised the sum of one thousand three hundred and twenty
10 pounds was stated as required for Raumanga Road, one of the streets
named as a private street in such Act: And whereas Raumanga
Road is, and was at the time of the passing of such Act, a public
street, and such loan is not now required for the purpose of forming
and metalling such street, as such street has now been formed and
15 metalled as a public street: And whereas it has been found that
the moneys allocated for the purpose of forming and metalling the
other private streets named in such Act are insufficient, and it is
necessary to give power to the Whangarei Borough Council to apply
such moneys towards the construction of such other private streets.

Preamble.

20 **BE IT THEREFORE ENACTED** by the General Assembly of New
Zealand in Parliament assembled, and by the authority of the same,
as follows:—

mutandis. Power to expend money raised for Raumanga Road on certain private streets.

New.

2. (1.) The said Council may allocate the said sum of one thousand three hundred and twenty pounds among those of the private streets named in the said public notice of poll for which the allocations made in the same public notice are, in the opinion of the said Council, insufficient, and the Council may make such allocation in such portions and manner as it thinks fit, and may expend the money so allocated upon the formation and the construction (including the construction of footpaths, kerbing, and channelling) of the said private streets respectively. 5 10

(2.) The said Council may impose annually upon the ratepayers within a separate or special area created with respect to any private street to which an allocation shall be made as aforesaid, proportionately to the unimproved value of their lands, a special rate in repayment to the said Council of one half of the part of the said sum of one thousand three hundred and twenty pounds allocated to that private street with interest thereon until the loan for which the said poll was taken shall be repaid, such special rate to be in addition to any other special rate imposed upon the said ratepayers under the Whangarei Borough Empowering Act, 1918. 15
