EARTHQUAKE AND WAR DAMAGE AMENDMENT BILL

*Proposed Amendments*

Hon. Mr. FORTUNE, in Committee, to move the following amendments:—

Clause 2, subclause (1): To insert, after the word “as” in line 7 (page 2), the words “approved by the Commission after being”; to insert, after the word “by” in line 8, the words “a valuer approved by the Commission, being”; to insert, after the words “Valuers Act 1948” in line 11, the words “or an engineer registered under the Engineers Registration Act 1924”; to omit the word “received” in line 13, and substitute the word “approved”.

EXPLANATORY NOTE

THE above amendments provide that the indemnity value of a property may be certified by a registered engineer as well as by a registered architect or a registered valuer, and that in every case the amount of the valuation as well as the architect, valuer, or engineer making it must be approved by the Earthquake and War Damage Commission.
