

## SUPPLEMENTARY ORDER PAPER.

## HOUSE OF REPRESENTATIVES.

Friday, the 17th day of August, 1883.

## NOTICES RELATING TO ORDERS OF THE DAY.

## LAND ACTS AMENDMENT BILL.

Mr. VINCENT PYKE, in Committee, to move,

That clauses 75 to 85, both inclusive, of "The Land Act, 1877," be repealed.

Mr. J. GREEN, in Committee, to move the following new clause:—

## TEMPORARY OCCUPATION LICENSES.

It shall be lawful for the Board to issue licenses for the temporary occupation of Crown lands for pastoral purposes over any rural or pastoral land not included in a hundred which may for the time being be open for sale or disposal, either for cash or on deferred payments or on lease, or which may have been withdrawn or temporarily reserved from sale or disposal, at such price, not being less than sixpence per acre per annum, and on such terms and conditions as to the Board shall seem fit:

Provided always that no greater area than six hundred and forty acres shall be disposed of to any one person hereunder without the Board calling for tenders for such occupation license, or offering the same for sale by public auction.

The provisions of section eighty-eight of "The Land Act, 1877," shall apply to all such licenses, provided that, if the land included in any such license shall be sold, leased, reserved, or otherwise dealt with, the licensee shall be entitled to a refund of any rents or fees he may have paid for the proportionate part of the term beyond the date of such sale, reservation, leasing, or other dealing with the land.

The term of all such licenses shall be year to year, renewable at the discretion of the Board; but, in addition to the determination of the license by the sale, reservation, leasing, or other dealing with the land, such license may at any time be determined by the Board on giving one month's notice to the licensee.

If any licensee shall erect, or shall have erected, a fence round the outside boundaries of any surveyed allotment or section held by him under such occupation license, the incoming tenant or purchaser of such allotment or section shall, within three months after coming into occupation of such allotment or section, pay to the licensee or other person who may have erected such fence the full then value of such fence, if such licensee shall have erected the same entirely at his own cost, or the one-half of such then value if such licensee shall have erected such fence at the joint expense of himself and an adjoining occupier or owner.

The provisions of "The Rabbit Nuisance Act, 1882," shall be held to apply to the land held under such occupation license and to the licensee thereof during the term of the currency of such license.

## NATIVE LAND LAWS AMENDMENT BILL.

Mr. VINCENT PYKE, in Committee, to move,

That all the words in clause 6 after the word "therein," be struck out, with a view of inserting the following words, viz., "except by and through the Government of the colony"; and that the following words be excised from clause 7 of the said Bill: "and before the day to be so fixed as aforesaid," with the view of inserting the following words: "except by and through the Government of the colony."
