LOCAL GOVERNMENT AMENDMENT BILL (NO. 4)

Proposed Amendments

SANDRA LEE, in Committee, to move the following amendments:

Clause 19 (2): To add to proposed paragraph (a) of section 707ZF (1), the words "and the sustainable management of natural resources".

Clause 19 (4): To insert, after proposed paragraph (m) of section 707 ZF (1), the following paragraph:

"(ma) Shall, at least 4 months before the end of each financial year, prepare and supply to the Trust and to each customer territorial authority, after undertaking a comparative assessment of different demand management options, an indicative demand management plan for the next financial year, which demand management plan shall identify for the next financial year the nature and scope of the activities proposed to be undertaken by it, and those which it recommends be considered by the customer territorial authorities (including, but not limited to, the provision of public education and information, promotion, and introduction of water saving technology which increases the efficiency with which existing water supplies are used, leak detection, pressure reduction, and the use of alternative sources for potable or non-potable uses):"

To insert in proposed paragraph (n) (i) of section 707ZF (1), after the words "paragraph (m) of this subsection" (line 36 on page 6), the words "or the demand management plan prepared under paragraph (ma) of this subsection".
