EXPLANATORY NOTE

Since the Marlborough Harbour Amendment Bill was first considered by the Local Bills Committee, a further development has taken place between the Harbour Board, the Railways Department, and the Marine Department. The two Departments wish a further 100 ft to be added to the wharf to provide additional space for the ferry terminal, at an estimated cost of £20,000.

In addition, it has been decided to increase the car accommodation on the ferry by a further 40 cars, and to provide for these to be carried on an upper deck. It will be necessary to provide a ramp at the terminal at a cost of £6,000 to take these cars off the ferry. The loan authority requires to be increased by £26,000 to cover the cost of the additional work.
