PUBLIC WORKS AMENDMENT BILL

Proposed Amendments

Hon. Mr ALLEN, in Committee, to move the following amendments:

Clause 4: To insert in subsection (1) of the proposed new section 168A, after the words "rule of law", the words "but subject to paragraph (d) of this subsection,".

To omit from paragraph (b) of subsection (1) of the proposed new section 168A the word "and".

To add to paragraph (c) of subsection (1) of the proposed new section 168A the word "and".

To add to subsection (1) of the proposed new section 168A the following new paragraph:

"(d) The necessity of complying with any other enactment by which express provision is made as to the distance of any pole or tower from any other thing or as to the distance between poles or towers that support different lines or transmission lines."

EXPLANATORY NOTE

Clause 4: The proposed amendments provide that the new section 168A will have to be read subject to any other enactment by which express provision is made as to the distance of any pole or tower from any other thing or as to the distance between poles or towers that support different lines or transmission lines.
