RUNANGA IWI BILL

Proposed Amendments

Hon. K. T. WETERE, in Committee, to move the following amendments:

Clause 28: To omit the word "rohe", and substitute the word "takiwa".

New clause 40x: To insert, after clause 40w, the following clause:

40x. Iwi management plans—(1) Any incorporated runanga or authorised voice may at any time prepare, in relation to the iwi for which it is the authorised voice, an iwi management plan.

(2) An iwi management plan shall be a document that provides a resource management planning overview of those matters that are of significance for the organisation and development of the iwi.

EXPLANATORY NOTE

Clause 28: The proposed amendment effects an amendment that is consequential on the amendments made to the Bill by the Maori Affairs Committee. Those amendments included substituting the term "takiwa" for the term "rohe".

New clause 40x: The new clause, which provides for the preparation of iwi management plans, is related to *clauses 51, 56, and 64* of the Resource Management Bill. Those clauses require regional councils and territorial authorities to have regard to certain matters in preparing or changing regional policy statements, regional plans, or district plans, as the case may require.
