## EXPLANATORY NOTE

*This note is not part of the order, but is intended to indicate its general effect.*

This order makes miscellaneous amendments to the new Customs Tariff as set out in the First Schedule to the Customs Amendment Act 1971 and comes into force on 1 January 1972, so that the Tariff will operate as amended by the order.

Turmeric is now provided for under heading No. 09.10.

The rates of duty applicable to certain goods when imported from Canada are reduced to the level of the Most Favoured Nation rates of duty.

The separate provision for colouring matter containing more than 50 percent by weight of titanium dioxide, brought into force in the present Tariff by Customs Tariff Amendment Order (No. 6) 1971, is translated to the new Tariff.

The approval procedures for bonded fibre fabrics and similar yarn fabrics, and articles made from these fabrics, which were incorporated in the present Tariff by Customs Tariff Amendment Order (No. 12) 1971, are translated to the new Tariff.

The separate provision for elastic fabrics and articles thereof consisting of textile materials combined with certain elastomeric fibres is withdrawn.

Separate provision is made for certain air-cushion vehicles propelled by water screws.

A new Tariff item has been created to provide for imports of worked ivory and articles of ivory not being finished articles or identifiable as parts of any article.

The Third Schedule amends the text of Note 3 to Chapter 59 and Note 5 (a) to Chapter 60. It also amends the wording of certain Tariff items.
