

1968/115**THE DRUG TARIFF 1967, AMENDMENT NO. 3**

PURSUANT to the Social Security Act 1964, the Minister of Health hereby gives the following direction.

1. Title and commencement—(1) This direction may be cited as the Drug Tariff 1967, Amendment No. 3, and shall be read together with and deemed part of the Drug Tariff 1967* (hereinafter referred to as the Tariff).

(2) This direction shall come into force on the 1st day of August 1968.

2. Interpretation—(1) Clause 2 of the Tariff shall be read as if the following definition were inserted after the definition of the term "licensed hospital" in subclause (1):

“‘Material allowance’ means the allowance specified in the column headed ‘Material Allowance’ in the Table of Allowances:”.

(2) Clause 2 of the Tariff shall be read further as if the following definition were inserted after the definition of the term “retail price” in subclause (1):

“‘Table of Allowances’ means the Table of Allowances on Specified Proprietary Products in the Prescription Pricing Schedules:”.

3. Discounts—Clause 11 of the Tariff shall be read as if the following proviso were added to subclause (1):

“Provided that if any uncompounded preparation supplied pursuant to a prescription is specified in the Table of Allowances, any discount computed for the purposes of this clause shall be computed on the material allowance, where that is in excess of \$2.50 exclusive of dispensing fee and average container charge, in each case as if the material allowance were the retail price, but in no case shall that discount reduce the material allowance of an ingredient below \$2.50.”

4. Bulk supply orders and medical practitioners supply orders—Clause 16 of the Tariff shall be read as if subclause (2) were revoked and the following subclause were substituted:

“(2) Before any discount provided for in this Tariff is deducted, there shall be deducted from the total price of any supply order, computed in accordance with subclause (1) of this clause, a special discount of 10 percent:

“Provided that the special discount of 10 percent shall not be deducted in the case of allergy treatment sets, insulin preparations, or radiographic preparatory substances.”

*S.R. 1967/143
Amendment No. 1: S.R. 1967/240
Amendment No. 2: S.R. 1968/18

5. Provision for payment of anaesthetic gases—The Tariff shall be read as if the following clause were inserted after clause 24:

“24A. Payment to a medical practitioner in respect of a gas specified in the Schedule to this Tariff shall be at the rate of \$0.60 for each occasion when an anaesthetic is administered containing that gas:

“Provided that if an anaesthetic contains more than one gas specified in the Schedule to this Tariff payment shall be made in respect only of one gas contained in that anaesthetic as if that one gas and no other gas were used on that occasion.”

6. Period and quantity of supply of certain antibiotics, etc.—The Tariff shall be read as if clause 25 were revoked, and the following clause were substituted:

“25. Period and quantity of supply—(1) Payment may be made pursuant to any one prescription for a quantity of the pharmaceutical requirement so prescribed sufficient to provide treatment for a period not exceeding 7 days in respect of the original supply and a further 7 days in respect of the repeat:

“Provided that, on the contractor supplying a lesser or greater quantity than that prescribed and endorsing the prescription accordingly, payment shall be made to him in respect of the amount so supplied—

“(a) If the quantity prescribed does not coincide with the volume of a standard container and the amount contained in the nearest next largest standard size container is supplied; or

“(b) If the quantity prescribed does not coincide with an original pack and the requirement is packed in a collapsible tube, dropper bottle, or other special container from which it is not practicable to dispense the exact quantity.

“(2) Notwithstanding anything to the contrary in subclause (1) of this clause, where any prescription prescribes any pharmaceutical requirement to which the restriction ‘antibiotic restriction’ applies, payment may only be made in respect of that prescription (which may provide for a repeat) to the extent that it prescribes sufficient of the requirement to provide a person with treatment for a period not exceeding 7 days.

“(3) Notwithstanding anything in paragraph (a) of the proviso to subclause (1) of this clause, in any case where the liquid oral form of a pharmaceutical requirement is prescribed and either the restriction ‘antibiotic restriction’ or ‘penicillin restriction’ applies, payment shall be made for—

“(a) The exact numerical proportion of the bulk pack if such a pack is available; or

“(b) The next smallest pack or the next smallest number of packs, as the case may be, if the quantity prescribed does not coincide with a standard pack and a bulk pack is not available; or

“(c) The next largest pack if the quantity prescribed does not coincide with a standard pack and neither a bulk pack nor a smaller pack is available:

“Provided that, in any case where the pharmaceutical requirement is ordered as an injection and the restriction ‘antibiotic restriction’ applies, payment may only be made for a quantity sufficient for a period not exceeding 72 hours’ treatment.

“(4) Notwithstanding anything in subclause (1) or subclause (3) of this clause, where a quantity is specified in the availability column of Part II of the Schedule to this Tariff, it refers to the maximum quantity of the pharmaceutical requirement for which payment may be made on each occasion that the requirement is dispensed, either on the original dispensing of the requirement or on the dispensing of any repeat. The restriction of availability to ‘one pack’ or ‘one tube’ shall not apply to a medical practitioner’s supply order or to a bulk supply order.

“(5) Notwithstanding anything in subclauses (1) to (4) of this clause, where, in the opinion of the prescribing medical practitioner, extended treatment is necessary for a period of not less than 1 month and no danger is involved in the use of a pharmaceutical requirement without medical supervision, a supply of that pharmaceutical requirement not exceeding a quantity sufficient to provide that person with treatment for a specified period of 1 month in the case of a narcotic or from 1 to 3 months in any other case may be made on any one prescription; and, if the medical practitioner has endorsed the prescription with the words ‘extended supply’ and has specified on it the period for which that pharmaceutical requirement is to be supplied, payment shall be made in respect of a claim made accordingly:

“Provided that in any case where a patient is receiving an extended supply of any pharmaceutical requirement, that requirement shall be dispensed in monthly lots, unless—

“(a) The prescriber makes a special endorsement on the prescription stating the period for which each lot is to be dispensed; or

“(b) The contractor or the patient endorses the back of the prescription with a statement of the special reasons why a quantity greater or less than a monthly lot is required to be dispensed:

“Provided also that, in the case of a pharmaceutical requirement in respect of which the restriction ‘antibiotic restriction’ or ‘penicillin restriction’ applies, no more than 1 month’s supply shall be dispensed at any one time.

“(6) Any prescription that is not presented to a contractor for dispensing within 4 days of its being written in the case of a narcotic, or within 3 months of its being written in any other case, shall cease to be a charge to the Department.

“(7) A repeat on a prescription that remains unfulfilled after 1 month from the date of first dispensing of any requirement named in the prescription shall cease to be a charge to the Department. The contractor concerned may submit a claim for the part fulfilment of the total quantity ordered in respect of the part that is due for payment.

“(8) A repeat on a prescription endorsed ‘extended supply’ that remains unfulfilled after 3 months from the date of first dispensing of any requirement named in the prescription shall cease to be a charge to the Department. The contractor concerned may submit a claim for the part fulfilment of the total quantity ordered in respect of the part that is due for payment, and payment shall be made accordingly.”

7. Payment in respect of medical practitioners’ supply orders—Clause 27 of the Tariff shall be read as if paragraph (c) of subclause (2) were revoked, and the following paragraph were substituted:

“(c) Sets out the pharmaceutical requirements (not being requirements that may only be supplied by a Hospital Board) that the medical practitioner requires at the time:”.

8. Definition of “Hospital Board—specialist” in Part I of Schedule to Tariff—Part I of the Schedule to the Tariff shall be read as if clause 5 were revoked, and the following were substituted:

“5. ‘Hospital Board—specialist’ means that the pharmaceutical requirement concerned may be supplied free of charge only by a Hospital Board to any person who is not an inpatient of a public hospital on the prescription of a specialist. Where treatment of any such person with the requirement has been recommended by a specialist and the requirement is prescribed by a medical practitioner, the prescription of the medical practitioner endorsed with the words ‘recommended by [*name of specialist*]’ shall be accepted by a Hospital Board and the requirement shall be supplied as aforesaid.

For the purposes of this definition it shall not make any difference whether the specialist is employed by the Board or not.”

9. Antibiotic restriction—Clause 1 of Part I of the Schedule to the Tariff shall be read as if subclause (2) were revoked, and the following subclause were substituted:

“(2) Any proprietary topical application of an antibiotic (other than a preparation that is specified in Part II of this Schedule) shall not be a charge to the Department. Where any quantity of any pharmaceutical requirement specified in this subclause, or its salts or derivatives, is present in any preparation compounded by a contractor, not being a preparation specified in Part II of this Schedule, it shall not be a charge to the Department. The requirements so specified are chloramphenicol, chlortetracycline, erythromycin, oxytetracycline, and tetracycline.”

10. Penicillin restriction—Part I of the Schedule to the Tariff shall be read as if clause 12 were revoked, and the following clause were substituted:

“12 (1) ‘Penicillin restriction’ means the supply of penicillin in accordance with clause 25 of this Tariff; but in the case of a prescription for penicillin which is endorsed ‘extended supply’, payment may be made only when the penicillin is used in the treatment of conditions in which it is regarded as the treatment of choice by authoritative medical opinion.

“(2) Any topical preparation of penicillin other than a preparation that is specified in Part II of this Schedule shall not be a charge to the Department.”

11. Definition of “anaesthetic gases”—Part I of the Schedule to the Tariff shall be read as if clause 13 were revoked, and the following clause were substituted:

“13 ‘Anaesthetic gases’ means that payment will be made to a medical practitioner who has administered the gas to a person who is neither an inpatient of a public hospital nor a person for whom the anaesthetic service has been provided as part of a maternity benefit, if the amount specified in clause 24A has been credited to that person’s account.”

12. Definition of "Hospital Board—O. and G. specialist" added to Part I of Schedule to Tariff—Part I of the Schedule to the Tariff shall be read as if the following clause were added:

"15. 'Hospital Board—O. and G. specialist' means that the pharmaceutical requirement concerned may be supplied free of charge only by a Hospital Board to any person who is not an inpatient of a public hospital on the prescription of an obstetrical or gynaecological specialist."

13. Certain pharmaceutical requirements omitted from Part II of Schedule to Tariff—Part II of the Schedule to the Tariff shall be read as if the pharmaceutical requirements specified in the First Schedule to this direction were omitted.

14. Certain pharmaceutical requirements added to Part II of Schedule to Tariff—Part II of the Schedule to the Tariff shall be read as if it included the pharmaceutical requirements specified in the Second Schedule to this direction and as if those requirements were available to the extent specified in that Schedule.

15. Revocation—The Drug Tariff 1967, Amendment No. 2, is hereby revoked; and the Drug Tariff 1967 shall be read as if this direction were the only amendment of the Tariff that had ever been made.

EXPLANATORY NOTE

This note is not part of the direction, but is intended to indicate its general effect.

This direction amends the Drug Tariff 1967 so as to make minor alterations in the general rules affecting the Drug Tariff and the definitions in Part I of the Schedule, and so as to provide for omissions from, and additions to, the list of pharmaceutical requirements in Part II of the Schedule. Omitted items do not in all cases disappear from the list. Certain of them are included with some variation in the Schedule of additions.

1. Some trade names for drugs that are included in the Drug Tariff for the first time are:

<i>Trade Name</i>	<i>Official Name</i>
Camcolit (Hospital Board—specialist)	Lithium carbonate.
Intraval suppositories	Thiopentone sodium suppositories.
Pentothal enema	Thiopentone sodium enema.
Polybactrin G	Polymyxin B sulphate with neomycin sulphate and gramicidin.
Pregamal	Ferrous fumarate with folic acid.
Propaderm lotion (part charge)	Beclomethasone dipropionate lotion.
Ultralan cream (part charge)	Fluocortolone caproate with fluocortolone pivalate cream.
Visceralgin	Tiemonium iodide.

2. Some trade names of items which were previously added to the Drug Tariff are:

<i>Trade Name</i>	<i>Official Name</i>
Acetest	Sodium nitroprusside with aminoacetic acid
Amicar (Hospital Board—specialist)	Aminocaproic acid.
Anatensol injection (Hospital Board—specialist)	Fluphenazine enanthate injection.
Atasorb-N (Hospital Board)	Attapulgit with neomycin sulphate and citrus pectin.
Betnovate scalp lotion (part charge)	Betamethasone valerate scalp lotion.
Cafergot PB	Ergotamine tartrate with belladonna, caffeine, and allylbarbituric acid.
Clomid (Hospital Board—O. and G. specialist)	Clomiphene hydrochloride.
Daxaid	Dihydroxyaluminium sodium carbonate.
Dimetane	Brompheniramine maleate.
Garamycin cream and ointment (part charge)	Gentamicin sulphate cream and ointment.
Garamycin injection (Hospital Board—specialist)	Gentamicin sulphate injection.
Imuran (Hospital Board—specialist)	Azathioprine.
Locorten-Vioform	Flumethasone pivalate with clioquinol.
Mandrax (part charge)	Methaqualone with diphenhydramine hydrochloride.
Melleril Retard	Thioridazine hydrochloride long acting tablets.
Mogadon (part charge)	Nitrazepam.
Natulan (Hospital Board—specialist)	Procarbazine hydrochloride.
Nubarene (part charge)	Mecloqualone.
Nydrane (Hospital Board—specialist)	Beclamide.
Otrivine-Antistin eye drops	Xylometazoline hydrochloride with antazoline sulphate eye drops.
Ponoxylan	Polynoxylin.
Propaderm (part charge)	Beclomethasone dipropionate.
Propaderm-A (part charge)	Beclomethasone dipropionate with chlor-tetracycline.
Propaderm-C (part charge)	Beclomethasone dipropionate with clioquinol.
Propaderm-N (part charge)	Beclomethasone dipropionate with neomycin sulphate.
Purapen (Hospital Board—specialist)	Benzylpenicillin sodium salt purified.
Quixalin tablets	Halquinol tablets.
Sulphenol	Sulphur with phenol and titanium dioxide.
Synalar Forte cream (Dermatological specialist, part charge)	Fluocinolone acetonide 0.2 percent.
Treps	Clioquinol with attapulgit.
Trevintix (Hospital Board—specialist)	Prothionamide.
Tyzine	Tetrahydrozoline hydrochloride.
Ultralan ointment (part charge)	Fluocortolone with fluocortolone caproate and clemizole hexachlorophenate ointment.

3. Items which have previously been omitted from the Drug Tariff are:
Acetylsalicylic acid with phenacetin and butobarbitone tablets.
Dusting powder, absorbable, B.P.

Issued under the authority of the Regulations Act 1936.

Date of notification in *Gazette*: 4 July 1968.

This Drug Tariff is administered in the Department of Health.
