EXPLANATORY NOTE

*This note is not part of the regulations, but is intended to indicate their general effect.*

The effect of these regulations is to eliminate the distinction between particular, general, and purchaser's export licences for the export of goods from New Zealand. Henceforth all exports will be made under one kind of export licence. The form required under the Customs Regulations 1968 for the appropriate Customs entry is to be used for the application for such a licence.
