Serial Number 1943/160

THE ELECTRICAL SUPPLY REGULATIONS 1935, AMENDMENT NO. 5

C. L. N. NEWALL, Governor-General ORDER IN COUNCIL

At the Government Buildings at Wellington, this 6th day of October, 1943

Present:

THE HON. D. G. SULLIVAN PRESIDING IN COUNCIL

Pursuant to the Public Works Act, 1928, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations.

REGULATIONS

- 1. These regulations may be cited as the Electrical Supply Regulations 1935, Amendment No. 5.
- 2. These regulations shall be read together with and deemed to form part of the Electrical Supply Regulations 1935* (hereinafter called the principal regulations).
- 3. These regulations shall come into force on the seventh day following the date of notification hereof in the Gazette.
- 4. The principal regulations are amended by inserting, next following Regulation 51-06 thereof, the following additional regulations:—

"TEMPORARY DEFERMENT OF TESTING

"51-07. (1) Notwithstanding anything to the contrary in Regulation 51-02 hereof, so long as this regulation remains in force it shall be deemed sufficient compliance with the said regulation if all earthing-leads and earth-connections to which the said regulation applies, other than those referred to in clause (2) of this regulation, are tested at intervals of not more than two years.

"(2) Nevertheless, earthing-leads and earth-connections to which Regulations 31–34, 32–02, and 42–51 hereof apply shall be tested every six months, and earth-connections known to or believed by the licensee to be of less satisfactory standard than normal shall be tested at

intervals of not more than twelve months.

Gazette, 6th September, 1935, Vol. III, page 2496.
Amendment No. 1: Gazette, 13th February, 1936, Vol. I, page 266.
Amendment No. 2: Statutory Regulations 1938, Serial number 1938/2, page 6.
Amendment No. 3: Statutory Regulations 1942, Serial number 1942/237, page 588.
Amendment No. 4: Statutory Regulations 1942, Serial number 1942/258, page 628.

- "51-08. (1) So long as this regulation remains in force the licensee may, instead of the certified copies of records required by Regulation 51-04 hereof, furnish—
 - "(a) To the Chief Electrical Engineer a certificate stating how many earth tests have been made during the year to which the certificate refers, giving details of all unsatisfactory earthing-leads and earth-connections, and certifying that all other such leads and connections tested were satisfactory:
 - "(b) To the Telegraph Engineer a certificate stating how many tests have been made during the year to which the certificate refers on guards erected over telegraph-wires and on earthed metal at telegraph crossings, and giving details of all cases where the results of such tests were not satisfactory and certifying that the results of all other such tests were satisfactory:
 - "(c) To the Signal and Electrical Engineer a certificate stating how many tests have been made during the year to which the certificate refers on guards and earthed metal at railway crossings, and giving details of all cases where the results of such tests were not satisfactory and certifying that the results of all other such tests were satisfactory.
- "(2) Every such certificate shall be furnished not later than the 30th day of June in each year in respect of the twelve months ended on the 31st day of March then last past.
- "(3) Every such certificate shall be signed by the licensee if an individual, or by some Town Clerk, County Clerk, Secretary, or other responsible officer of a licensee being a local or public authority, or by some director or manager, secretary, or other like officer of a licensee being an incorporated body.
- $\lq\lq$ (4) Regulation 51–05 hereof shall apply to the certificates aforesaid."

C. A. JEFFERY, Clerk of the Executive Council.

Issued under the authority of the Regulations Act, 1936. Date of notification in *Gazette*: 14th day of October, 1943. These regulations are administered in the Public Works Department.
