Amendment No. 2: (Revoked by S.R. 1993/236)

2. Applications for approval certificates—Regulation 4 (2) (b) of the principal regulations is hereby amended by revoking subparagraph (iii), and substituting the following subparagraph:

“(iii) The tending regime to be carried out in respect of the planted area.”

MARIE SHROFF,
Clerk of the Executive Council.

EXPLANATORY NOTE

This note is not part of the regulations, but is intended to indicate their general effect.

These regulations, which come into force 28 days after the date of their notification in the *Gazette*, amend the Forestry (East Coast) Grants Regulations 1992.

The purpose of the amendment is to remove from regulation 4 of the principal regulations a requirement to submit a 10-year management regime when applying for an approval certificate. The requirement was appropriate for plantings of radiata pine but, with the inclusion of Douglas fir plantings in the scheme, it is no longer appropriate. In future, applicants will be required to submit the tending regime.

Issued under the authority of the Acts and Regulations Publication Act 1989.
Date of notification in *Gazette*: 9 June 1994.
These regulations are administered in the Ministry of Forestry.
