## EXPLANATORY NOTE

*This note is not part of the notice, but is intended to indicate its general effect.*

This notice, which comes into force on 1 June 1985, amends the Fisheries (Sea Fishing) Notice 1984.

*Clause 2* adds the names of further companies to 2 of the groups of companies which are deemed to constitute a specified company to which a fishing quota has been allocated.

*Clause 3* revokes the table of allocations for the fishing year commencing on 1 October 1984, and substitutes a new table. The new table corrects the allocation of the ling quota and allocates the additional quota of 5000 tonnes in respect of squid, which additional quota is provided for in the Fisheries (Commercial Quotas) Regulations 1984, Amendment No. 1.

*Clause 4* substitutes a new table of conversion factors which may be used in converting the weight of processed fish to whole greenweight.

*Clause 5* excludes barracouta from the requirement relating to onshore processing.
