

**THE FISHERIES (CONVERSION FACTORS) NOTICE 1986,
AMENDMENT NO. 3**

PURSUANT to section 3A (2) of the Fisheries Act 1983, the Minister of Fisheries, acting after consultation with the Fishing Industry Board, hereby gives the following notice.

NOTICE

1. Title and commencement—(1) This notice may be cited as the Fisheries (Conversion Factors) Notice 1986, Amendment No. 3, and shall be read together with and deemed part of the Fisheries (Conversion Factors) Notice 1986* (hereinafter referred to as the principal notice).

(2) This notice shall come into force on the day after the date of its notification in the *Gazette*.

2. Alteration to hoki surimi conversion factor for non-spawning hoki—The Schedule to the principal notice is hereby amended by revoking all items within the Schedule that appear beneath the table in the Schedule, and substituting the following clauses:

“1. *Scallops*—The conversion factor for shucked or shelled scallops (*Pecten novaenzelandiae*) is 8.00.

“2. *Paua*—The conversion factor for shucked or shelled paua (*Haliotis iris*; *Haliotis australis*; *Haliotis virginea*) is 2.50.

“3. *Rock lobster*—The conversion factor for rock lobster tails (*Jasus edwardsii*; *Jasus verreauxi*) is 3.00.

“4. *Fish meal*—The conversion factor for fish meal is 5.556 for all species or classes of fish.

“5. *Surimi or fish paste*—(1) The conversion factor for surimi or fish paste is 4.30 for all species or classes of fish other than hoki.

“(2) Except as provided in subclause (3) of this clause, the conversion factor for surimi or fish paste is 5.80 for hoki.

*S.R. 1986/283

Amendment No. 1: S.R. 1987/165

Amendment No. 2: S.R. 1989/277

- “(3) The conversion factor for surimi or fish paste is 4.40 for hoki that—
- “(a) Are taken in the Southland, South-East, and Sub-Antarctic areas (being those areas specified as quota management areas 3, 4, 5, and 6 in the Second Schedule to the Fisheries (Quota Management Areas, Total Allowable Catches, and Catch Histories) Notice 1986*); and
- “(b) Are taken in those areas during—
- “(i) The period commencing with the commencement of this notice and ending with the close of the 30th day of May 1990; or
- “(ii) The period commencing with the 15th day of September 1990 and ending with the close of the 30th day of May 1991;—
- not being hoki that, having been taken by any vessel within the areas referred to in paragraph (a) of this subclause, are subsequently transferred to or taken on board any factory vessel or other vessel outside those areas.”

3. Revocation—Clause 3 of the Fisheries (Conversion Factors) Notice 1986, Amendment No. 2 is hereby consequentially revoked.

Dated at Wellington this 4th day of April 1990.

KEN SHIRLEY,
Minister of Fisheries.

*S.R. 1986/284

EXPLANATORY NOTE

This note is not part of the notice, but is intended to indicate its general effect.

This notice amends the Fisheries (Conversion Factors) Notice 1986 to alter hoki surimi conversion factors for non-spawning hoki in the Southland, South-East, and Sub-Antarctic hoki fisheries.

The normal hoki surimi conversion factor of 5.8 is reduced to 4.4 for hoki taken from these areas during the following 2 periods:

- (a) The period commencing with the day after the date of the notification of this notice in the *Gazette* and ending on 30 May 1990; and
- (b) The period from 15 September 1990 to 30 May 1991.

The lower conversion rate will not apply where the hoki are transferred to a factory vessel outside the relevant areas.

The conversion factors for species other than hoki remain unchanged; they are referred to in this notice merely by reason of the newly introduced numbering of those items within the Schedule to the principal notice that are not set out in the table in that Schedule.

Issued under the authority of the Acts and Regulations Publication Act 1989.

Date of notification in *Gazette*: 5 April 1990.

This notice is administered in the Ministry of Agriculture and Fisheries.
