EXPLANATORY NOTE

[*This note is not part of the regulations, but is intended to indicate their general effect.*]

Regulation 2 of these regulations gives to all holders of full season fishing licences issued by acclimatization societies the right to fish without a further licence in those South Westland waters, which, while lying within the Southern Lakes Acclimatization District, are only readily accessible through the district of the Westland Acclimatization Society. It extends a concession hitherto enjoyed only by adult male anglers residing in the Westland District.

Regulation 3 revokes the local fishing regulations that are specified in the Second Schedule to the regulations. The Buller and Grey District Acclimatization Societies, to which some of these regulations relate, have been amalgamated to form the West Coast Acclimatization Society. Matters provided for in the revoked regulations are, in the case of the new district, sufficiently covered in the principal regulations. In the case of the Nelson and Hawke's Bay Districts matters provided for in the revoked regulations are contained in the principal regulations, and in local modifications with respect to limit bag, size limits, methods of fishing, and operation of the open season, now being provided for in Modification Notices by the Minister of Marine, which are being issued at the same time as these regulations.

Issued under the authority of the Regulations Act 1936.

Date of notification in *Gazette*: 16 October 1952.

These regulations are administered in the Marine Department.
