(ix) At any time for acclimatised fish in any boat harbour in Lake Aviemore or from either side of any mole at any boat harbour in Lake Aviemore.

(x) At any time for acclimatised fish from the south bank of Lake Waitaki between the notice at the east end of the spawning race and the Aviemore Dam.

5. Revocation—The Freshwater Fisheries Regulations (South Canterbury and Waitaki Valley) Modification Notice 1969* is hereby revoked.

Dated at Wellington this 14th day of July 1969.

W. J. SCOTT, Minister of Marine.

*S.R. 1969/26

EXPLANATORY NOTE

This note is not part of the notice, but is intended to indicate its general effect.

Except as varied by Modification Notices of local application, the Freshwater Fisheries Regulations 1951 provide, *inter alia*, that—

- (a) The *limit bag*, which is the maximum number of acclimatised fish that may be taken by one person in one day computed from midnight to midnight, shall be 50:
- (b) The *size limit*, which is the minimum size of fish that may lawfully be taken, measured from tip of nose to tip of tail, shall be 6 in. for trout and salmon. Undersized fish must be released unharmed and are not reckoned in the limit bag:
- (c) Only artificial or natural fly, insect, worm, crustacea, or fish are lawful lures or baits for acclimatised fish. Shellfish (mollusca) and fish roe are illegal. Not more than 2 lures or baits may be used. Artificial flies, which include feathered lures, must have only one hook. In waters restricted to fly, no weight or loaded lure is permitted. Any weight must be affixed above any lure or bait, and, with artificial minnow (which includes spoon), at least 15 in. above:
- (d) The duration of the *open season* for acclimatised fish is from 1 October to 30 April.

This notice modifies the provisions of the general regulations in the South Canterbury and Waitaki Valley Acclimatisation Districts, by reducing the bag limit to 15 trout and salmon in the South Canterbury District, of which not more than 6 may be salmon and not more than 12 may be trout, of which trout not more than 4 may be taken from certain specified waters and not more than 8 may be taken from other specified waters, and to 10 trout and salmon in the Waitaki Valley District, of which not more than 4 may be salmon and not more than 8 may be trout, by modifying the size limit, by imposing restrictions on lures and methods of fishing in waters specified in this notice, by extending the duration of the open season until 31 August in Lakes Aviemore and Benmore, and by restricting the operation of the open season in certain waters.

Issued under the authority of the Regulations Act 1936.
Date of notification in *Gazette*: 24/7/69.
This notice is administered in the Marine Department.
