

1970/224

**THE FRESHWATER FISHERIES REGULATIONS
(WELLINGTON) MODIFICATION NOTICE 1970**

PURSUANT to the Fisheries Act 1908 and the Freshwater Fisheries Regulations 1951, and, in relation to clause 4 (e) hereof, on the written application of the Wellington Acclimatisation Society, the Minister of Marine hereby gives the following notice.

NOTICE

1. This notice may be cited as the Freshwater Fisheries Regulations (Wellington) Modification Notice 1970.

2. This notice shall come into force on the day after the date of its notification in the *Gazette*.

3. This notice shall be in force only within the Wellington Acclimatisation District.

4. The Freshwater Fisheries Regulations 1951* are hereby modified as follows:

Limit Bag

(a) No person shall on any one day take or kill more than 12 trout:

Size Limit

(b) No person shall take or kill in any manner whatever or intentionally have in his possession any trout that does not exceed 9 in. in length:

Restrictions on Lures and Methods

(c) No person over 17 years of age in fishing for acclimatised fish shall use—

(i) Any gaff:

(ii) Any sinker of a greater weight than 1 oz, unless he is fishing for perch in the Tauherenikau River below the Featherston - Martinborough Road Bridge, the Ruamahunga River below the Kahutara Road Bridge, or in Lake Wairarapa or the lagoons adjacent thereto:

(iii) In any river or water specified in column 1 of the Schedule hereto any lure or bait other than a lure or bait specified against that river or water in column 2 of that Schedule:

(d) No person under 17 years of age in fishing for acclimatised fish in any of the waters specified in column 1 of the Schedule

*S.R. 1951/15 (Reprinted with Amendments Nos. 1 to 8: S.R. 1964/196)

Amendment No. 9: S.R. 1965/170

Amendment No. 10: S.R. 1966/208

Amendment No. 11: S.R. 1970/101

hereto that are specified for artificial fly only in column 2 of that Schedule shall use any lure or bait other than artificial fly:

Close Season Exceptions

- (e) There shall be no close season in the following waters:
- (i) All coastal dune lakes in the Wellington Acclimatisation District:
 - (ii) The Hutt River, downstream from the Akatarawa Road Bridge:
 - (iii) The Hokowhitu lagoon:
 - (iv) Lake Wairarapa:
 - (v) The Manawatu River, downstream from the Ngawapura Bridge:
 - (vi) The Mangaone River, being a tributary of the Tiraumea River:
 - (vii) The Ohau River, downstream from the railway bridge:
 - (viii) The Otaki River, downstream from the railway bridge:
 - (ix) The Rangitikei River, downstream from the Utiku Bridge:
 - (x) The Ruamahunga River, downstream from the Mount Bruce Road Bridge:
 - (xi) The Tauherenikau River, downstream from the main road bridge at Tauherenikau:
 - (xii) The Turakina River:
 - (xiii) The Waikanae River, downstream from the railway bridge:
 - (xiv) The Upper Kororau Dam:
 - (xv) The Mangahao River, downstream from Marima Reserve Bridge:
 - (xvi) The Mangatainoka River, downstream from the junction with the Makakahi River:
 - (xvii) The Waingawa River, downstream from the main road bridge:
 - (xviii) The Moawhango River:
 - (xix) The Waiohine River downstream from State Highway 2.

5. The Freshwater Fisheries Regulations (Wellington) Modification Notice 1967* is hereby revoked.

SCHEDULE

<p>4. Hutt (between Akatarawa stream mouth and Melling Bridge)</p>	<p>Artificial fly, artificial minnow, spoon, or natural minnow only</p>
<p>5. Hutt (below Melling Bridge), Kawhatau, Manawatu, Mangahao (from lower dam to mouth), Tiraumea, and all other waters not referred to in clauses 1 to 4 of this Schedule</p>	<p>Any method allowed</p>

Dated at Wellington this 3rd day of November 1970.

ALLAN McCREADY, Minister of Marine.

EXPLANATORY NOTE

This note is not part of the notice, but is intended to indicate its general effect.

Except as varied by Modification Notices of local application, the Freshwater Fisheries Regulations 1951 provide, *inter alia*, that—

- (a) The *limit bag*, which is the maximum number of acclimatised fish to be taken by 1 person in 1 day computed from midnight to midnight, shall be 50:
- (b) The *size limit*, which is the minimum size of fish lawfully takeable, measured from tip of nose to tip of tail, shall be 6 in. for trout and salmon. Undersized fish must be released unharmed and are not reckoned in the limit bag:
- (c) Only artificial or natural fly, insect, worm, crustacea, or fish are lawful lures or baits for acclimatised fish. Shellfish (mollusca) and fish roe are illegal. Not more than 2 lures or baits may be used. Artificial flies, which include feathered lures, must have only 1 hook. In waters restricted to fly, no weight or loaded lure is permitted. Any weight must be affixed above any lure or bait and, with artificial minnow (which includes spoon) at least 15 in. above:
- (d) The duration of the *open season* for acclimatised fish is from 1 October to 30 April.

This notice modifies the general regulations in the Wellington Acclimatisation District by providing that the bag limit for all waters is to be 12 trout, redefining the lures and methods that may be used in certain waters, relaxing the restrictions in certain waters, and dispensing with a close season in certain waters.

Issued under the authority of the Regulations Act 1936.
Date of notification in *Gazette*: 12 November 1970.
This notice is administered in the Marine Department.
