Explanatory note

This note is not part of the order, but is intended to indicate its general effect.

This order, which comes into force on the day after the date of its notification in the *Gazette*, amends the Fisheries (Cost Recovery Levies) Order 2000 by reducing the levies payable on Northland and Coromandel scallops for the balance of the 2000–2001 fishing year. The reduction reflects the over-recovery in the earlier part of the fishing year of costs relating to research projects on stock assessments in the 2 fisheries.

The monthly levy payable on each tonne of quota for Northland scallops is reduced to zero with effect from the April 2001 monthly levy.

The annual levy per tonne of individual catch limit for Coromandel scallops, which is payable in monthly instalments, is reduced to a level that means that the monthly instalments will also reduce to zero with effect from April 2001.

Issued under the authority of the Acts and Regulations Publication Act 1989.

Date of notification in *Gazette*: 24 May 2001.

This order is administered in the Ministry of Fisheries.
