

THE INDUSTRY LICENSING (PULP AND PAPER MANUFACTURE) NOTICE 1939, AMENDMENT NO. 1

PURSUANT to section 14 of the Industrial Efficiency Act, 1936, I, Daniel Giles Sullivan, Minister of Industries and Commerce, hereby give notice as follows :—

1. This notice may be cited as the Industry Licensing (Pulp and Paper Manufacture) Notice 1939, Amendment No. 1.

2. This notice shall be read together with and form part of the Industry Licensing (Pulp and Paper Manufacture) Notice 1939* (hereinafter called the principal notice).

3. Paragraph 2 of the principal notice is revoked, and the following substituted therefor :—

“ 2. The industry to which this notice relates is the following :—

“ The manufacture of (a) pulp, or (b) paper and board, or (c) multi-walled paper bags, as herein respectively defined.”

4. Paragraph 3 of the principal notice is revoked, and the following substituted therefor :—

“ 3. For the purpose of this notice—

“ (a) ‘ Pulp ’ means the crude fibre which is produced either mechanically or chemically from fibrous cellulose materials, whether raw or waste, and from which by suitable treatment paper and board, plastics, or rayon may be made :

“ (b) The term ‘ paper and board ’ means a matted or felted sheet, whether homogeneous or laminated, made of pulp material and formed on screening equipment from a water suspension, and in particular includes the products generally described as paper, bristol, cardboard, paperboard, wall-board, hard board, and insulating board :

“ (c) ‘ Multi-walled paper bag ’ means any container—

“ (i) The walls of which are composed of two or more plies of paper of not less weight than 20 lb. (24 by 36, 480) ; and

“ (ii) Which is designed either to hold commodities such as cement, fertilizer, fruit, cereals, or the like, or to be an outside container for packaged or bottled commodities ; and

“ (iii) In which each ply of paper forms an individual tube so fabricated into the bag that the longitudinal seams are not in alignment and so nested into the bag that before the ends are fastened it is moveable relatively to the other tubes ; and

* Statutory Regulations 1939, Serial number 1939/188, page 775.

“ (iv) In which either the bottom ends or the bottom ends and top ends respectively of each of the tubes are closed and also fastened to the corresponding ends of the other tubes whether by sewing, stapling, or sticking with adhesives, or by two or more of these methods so as substantially to close such end or ends, except that a valve or other opening may be provided for filling or emptying.”

5. Except as hereby modified, the principal notice shall continue in full force and effect.

Given under my hand at Wellington, this 13th day of November, 1943.

D. G. SULLIVAN,
Minister of Industries and Commerce.

Issued under the authority of the Regulations Act, 1936.

Date of notification in *Gazette* : 2nd day of December, 1943.

These regulations are administered in the Bureau of Industry in the Department of Industries and Commerce, Tourist and Publicity.
