“Kindergarten Diploma” means a certificate issued in New Zealand by the New Zealand Free Kindergarten Union Incorporated certifying that the holder thereof is competent to carry out the duties of a kindergarten teacher, or any certificate or qualification issued in New Zealand or elsewhere which is recognised by [the Director-General of Education] as denoting an equivalent or higher standard:

“Kindergarten teacher” means any person employed on teaching duties in a kindergarten, or employed by an association in an educational capacity in connection with kindergartens in that association’s area, or employed in a kindergarten training centre in connection with the training of kindergarten teachers:

“Kindergarten training centre” means a centre approved by the Minister for the training of kindergarten teachers:

“Minister” means the Minister of Education:

[“Salary order” means a determination by the Director-General of Education under the State Services Remuneration and Conditions of Employment Act 1969 in relation to the remuneration of members of the Education service:]

“School year” means the period of 12 months ending with the 31st day of January in any year.

“Kindergarten Diploma”: The reference to the Director-General of Education was substituted for a reference to the Director of Education by s. 2 (2) (a) of the Education Act 1964.

“Salary order”: The definition of this term was substituted for the original definition by regulation 2 of S.R. 1973/16.

3. Recognition of kindergartens—(1) Any association may apply to the Minister for recognition of a free kindergarten under its control.

(2) The Minister, if he is of the opinion that the kindergarten is necessary and that the association is in a position to conduct it satisfactorily with such assistance as may be granted under these regulations, may, from a date prescribed in that behalf, approve the application and fix the initial grade of the kindergarten so recognised.

(3) No application under this regulation for the recognition of a kindergarten shall be approved in respect of a kindergarten which has less than a total of [50] children enrolled or about to be enrolled in its morning and afternoon sessions.

(4) Unless the Minister otherwise decides, no application for recognition of a free kindergarten under this regulation shall be approved where the association making the application was not already controlling a kindergarten at the commencement of these regulations.

In subclause (3) the figures “50” were substituted for “60” by regulation 3 of S.R. 1973/16.

4. Withdrawal of recognition—The Minister, if he considers any kindergarten is not being conducted in a satisfactory manner or is of the opinion that the number of children enrolled or likely to be enrolled is insufficient to justify the continued recognition of the kindergarten, may withdraw any recognition given under regulation 3 of these regulations, and the provisions of these regulations shall thereupon cease to apply to that kindergarten.

[5. Grading and staffing—(1) Each kindergarten shall be designated Grade O, Grade I, or Grade II, according to the number of children enrolled and such other considerations as the Minister may from time to time determine.

6. Determination of grade after initial year—(1) The grade of a kindergarten for any year after the initial year shall be determined by [the Director-General of Education].

(2) If any association wishes to increase the number on the roll of a kindergarten during any term to such an extent as to warrant an alteration in the grade of that kindergarten and [the Director-General of Education] is satisfied that the increased number is likely to be maintained and that there is adequate accommodation for the increased number, he may approve of the alteration of the grade of the kindergarten from such date as he may specify.

In subclauses (1) and (2) the references to the Director-General of Education were substituted for references to the Director of Education by s. 2 (2) (a) of the Education Act 1964.

7. Qualification for appointment of teacher—[Every person employed as a teacher in a kindergarten, other than an untrained assistant employed in a Grade O kindergarten in accordance with subclause (2) of regulation 5 of these regulations,] shall be the holder of a Kindergarten Diploma:

Provided that if a vacancy for the appointment of [a teacher (other than a Head Teacher)] exists and no person holding a Kindergarten Diploma is available for the vacancy, [the Director-General of Education] may consent to some other person being appointed to the vacancy until such time as the holder of a Kindergarten Diploma becomes available for the position:

Provided also that where the position of [Head Teacher of a Kindergarten] has been held by the holder of a Kindergarten Diploma and the position becomes vacant, the vacancy may, with the consent of [the Director-General of Education], be filled by the appointment of [a Head Teacher] without a diploma for such time as [the Director-General of Education] may approve.
