EXPLANATORY NOTE

This note is not part of the regulations, but is intended to indicate their general effect.

These regulations contain miscellaneous amendments to the New Zealand Grown Fruit Regulations 1952.

Regulation 2 clarifies the definition of the term "blemish".

Regulation 3 brings the apple varieties Worcester Pearmain, McLivers Winesap, and Newtown Pippin into line with all other apple varieties in relation to russet.

Regulation 4 amends the tables in Grading Standards for Apples by decreasing russet allowances on the Sturmer Pippin Variety, by permitting a russet allowance within the limits of the stem end cavity on all varieties, by extending the allowance for ripe spot in Commercial Grade, and by instituting an allowance for Lenticel spot in all grades.

Regulation 5 enables grading standards to be varied or modified if found necessary to meet the requirements of particular markets.

Regulation 6 amends the First Schedule to the regulations by the addition of two further containers to the Schedule.

Regulation 7 makes a number of amendments to the Second Schedule involving changes in colour requirements in the apple varieties Cox's Orange Pippin, Red Delicious, and Delicious.

Regulation 8 amends the Tenth Schedule in regard to size of wrapping paper to be used in wrapping apples.

Regulation 9 amends the Eleventh Schedule in regard to size of wrapping paper to be used in wrapping pears.

Issued under the authority of the Regulations Act 1936.

Date of notification in *Gazette*: 1 February 1962.

These regulations are administered in the Department of Agriculture.
