EXPLANATORY NOTE

*This note is not part of the notice, but is intended to indicate its general effect.*

This notice is given in substitution for the Sanitary Plumbing (Permission for Householders) Notice 1984, which is revoked.

That notice applied section 54 (1) of the Plumbers, Gasfitters, and Drainlayers Act 1976 to the places specified in this notice. The effect was to allow the owner of any premises in such a place to personally do any sanitary plumbing in those premises (with or without the assistance of any member of his family living with him but without the assistance of any other person), if he resided or intended to reside in those premises by himself or with members of his family.

This notice has the same effect. However, the 1984 notice applied to Northcote Borough and Onehunga Borough for a period of 12 months only. This notice applies to those Boroughs (as well as all the other places listed in the Schedule) indefinitely.
