EXPLANATORY NOTE

*This note is not part of the regulations, but is intended to indicate their general effect.*

These regulations amend the Secondary School Grants Regulations 1967 by increasing grants to the governing bodies of secondary schools in respect of normal day classes, and by ceasing to pay grants in respect of technical, continuation day, or evening classes that are non-vocational. The maximum amount of any grant for general expenses which may be spent on school break-up ceremonies and prizes is increased. The maximum amount for schools which have not more than 500 pupils is increased from \$70 to \$100. In the case of schools which have more than 500 pupils the amount of \$100 is increased by the sum of \$40, instead of \$30 at present, for each 250 pupils above the first 500 pupils, and for any remaining number of pupils that may be less than 250 pupils.

Issued under the authority of the Regulations Act 1936.
