EXPLANATORY NOTE

This note is not part of the regulations, but is intended to indicate their general effect.

These regulations amend the Tertiary Assistance Grants Regulations 1982 so as to do away with a present requirement that fees grants and study grants can be awarded only in respect of a first or second course of study. The effect is that grants may be awarded for several short courses, and (subject to satisfactory academic results) the maximum length of time for which payments may be made under grants will be 5 years.
