Amendment No. 1 : Statutory Regulations 1942, Serial number 1942/288, page 692.

EXPLANATORY NOTE

[*This note is not part of the regulations, but is intended to indicate their general effect.*]

Hitherto a local authority which in the course of an inspection of premises discovered evidence of the existence of termites has been required by regulation to send samples of the insects to the Department of Scientific and Industrial Research at Auckland. It has been found more convenient, however, to have these samples sent to the Director of the Entomological Department of the Cawthron Institute, Nelson. These regulations merely effectuate that change.

Issued under the authority of the Regulations Act, 1936.

Date of notification in *Gazette* : 31st day of May, 1951.

These regulations are administered in the State Advances Corporation of New Zealand.
