EXPLANATORY NOTE

*This note is not part of the regulations, but is intended to indicate their general effect.*

These regulations amend regulation 20 of the Wool Marketing Corporation Regulations 1974, and relate to supplementary payments made by the Corporation to growers in respect of wool sold in New Zealand otherwise than at auction.

The main effect of the amendments is to allow the Corporation to approve appraisal premises at other than selling centres, and to recoup its costs and expenditure in carrying out appraisements.

Minor amendments are also made to the provisions relating to the calculation and payment of the supplementary payments.
