EXPLANATORY NOTE

This note is not part of the regulations, but is intended to indicate their general effect.

Regulation 2 alters the qualifications needed by applicants for war bursaries. At present, a war bursary may be granted, *inter alia*, to a child of a member of the forces in respect of whose serious and permanent disablement a pension has been granted. The amendment provides that a child of any member of the forces who is or has been in receipt of a pension in respect of 70 percent or more of total disablement will qualify for a bursary. In effect this means that permanent disablement of 70 percent or more of total disablement is to be regarded as serious disablement.

The amendment also provides for the payment of bursaries to children of members of the forces in respect of whose disablement pensions have been granted at less than 70 percent of total disablement, if the members are in receipt of economic pensions.

Regulation 3 increases the war bursaries payable to secondary school children and full-time university students.

Issued under the authority of the Regulations Act 1936.

Date of notification in *Gazette*: 19 December 1968.

These regulations are administered in the Social Security Department.
