Regulations

1 Title

These regulations are the Accident Compensation (Experience Rating) Regulations 2011.

2 Commencement

These regulations come into force on 1 April 2011.

About these regulations

3 What regulations do

- (1) These regulations provide an experience rating system.
- (2) The experience rating system applies to the section 167(4)(a) levy or the self-employed and shareholder-employee levy that the levy payer, ie, an employer, a private domestic worker, a self-employed person, or a shareholder-employee, must pay.
- (3) The system provides for the Corporation to adjust the levy up or down, or not to adjust the levy, in line with the qualifying claims accepted for the employer's current or former employ-

ees or the private domestic worker or the self-employed person or the shareholder-employee.

- (4) An adjustment under the system is in addition to an upwards or downwards adjustment under section 175.

4 Calculations underpinning regulations

- (1) The Corporation must make the calculations described in subclauses (3) to (6) to establish the facts to enable it to decide whether to make an adjustment (as described in regulation 3(3)) and, if it is to make an adjustment, whether the adjustment is to be up or down.
- (2) The Corporation must make the calculations for each levy payer (as described in regulation 3(2)) after the end of the claims activity period.
- (2A) The Corporation must, when making calculations involving an employer who is not an accredited employer in the applicable levy year but was an accredited employer for some or all of the experience period,—
- (a) treat claims accepted by the employer when an accredited employer as claims accepted by the Corporation; and
 - (b) treat weekly compensation paid by the employer when an accredited employer as weekly compensation paid by the Corporation; and
 - (c) treat qualifying costs of treatment paid by the employer when an accredited employer as qualifying costs of treatment paid by the Corporation.
- (3) The Corporation must calculate the number of qualifying claims in the experience period for which it has paid weekly compensation for the employer's current or former employees or the private domestic worker or the self-employed person or the shareholder-employee.
- (4) For the qualifying claims described in subclause (3), the Corporation must calculate the total number of weekly compensation days in the claims activity period.
- (5) The Corporation must calculate the number of qualifying claims in the experience period involving the death of a current or former employee of the employer or the death of

the private domestic worker or the self-employed person or the shareholder-employee.

- (6) For qualifying class 2 levy payers, the Corporation must calculate the number of qualifying claims in the experience period for which the Corporation has paid an amount greater than \$500 in the claims activity period for qualifying costs of treatment.

Regulation 4(2A): inserted, on 22 July 2011, by regulation 4(1) of the Accident Compensation (Experience Rating) Amendment Regulations 2011 (SR 2011/213).

Regulation 4(4): substituted, on 22 July 2011, by regulation 4(2) of the Accident Compensation (Experience Rating) Amendment Regulations 2011 (SR 2011/213).

- (c) invoice each levy payer in the group individually.

Part 2

*Formula for calculating discount, loading, or
no adjustment*

12 Discount, loading, or no adjustment

- (1) To decide whether a levy payer gets a discount or loading or no adjustment, the Corporation must,—
- (a) first, use the applicable one of the formulas in subclauses (2) and (3) or subclauses (4) to (6); and
 - (b) second, use the result of the formula as described in subclause (7), (8), or (9).

Formula if levy payer in 1 levy risk group

- (2) If the Corporation's application of Schedules 1, 2, and 3 results in a levy payer being in 1 levy risk group, the formula is—
levy × adjustment.
- (3) In the formula in subclause (2),—
- (a) **levy** means the section 167(4)(a) levy payable by the levy payer in the applicable levy year:

- (b) **adjustment** means the sum of the industry size modification and the experience rating modification for the applicable levy risk group.

Formula if levy payer in 2 or more levy risk groups

- (4) If the Corporation's application of Schedules 1, 2, and 3 results in a levy payer being in 2 or more levy risk groups, the formula is—

total levy × weighted adjustment.

- (5) In the formula in subclause (4),—
- (a) **total levy** means the total reached by adding up all the section 167(4)(a) levy paid or payable by the levy payer in the applicable levy year according to each levy risk group that the levy payer is in:
- (b) **weighted adjustment** means the result of the following formula:

$$\frac{\text{total adjustments for experience period}}{\text{total levy for experience period.}}$$

- (6) In the formula in subclause (5)(b),—
- (a) **total adjustments for experience period** means the total reached by doing the following:
- (i) for each levy risk group that the levy payer is in, multiplying the section 167(4)(a) levy paid or payable by the levy payer in the experience period by the sum of the industry size modification and the experience rating modification; and
- (ii) adding up the results of the calculations in subparagraph (i):
- (b) **total levy for experience period** means the total reached by adding up all the section 167(4)(a) levy paid or payable by the levy payer in the experience period according to each levy risk group that the levy payer is in.

Result of formula

- (7) If the result is a negative number, the Corporation must apply a discount equivalent to the negative number to the section 167(4)(a) levy payable by the levy payer in the applicable levy year.

- (8) If the result is a positive number, the Corporation must apply a loading equivalent to the positive number to the section 167(4)(a) levy payable by the levy payer in the applicable levy year.
- (9) If the result is zero, the Corporation must not apply a discount or a loading to the section 167(4)(a) levy payable by the levy payer in the applicable levy year.

13 Industry size modification

- (1) The Corporation must calculate the industry size modification using the following formula:

$$\frac{\text{industry peers} - \text{levy peers}}{\text{levy peers}} \times \text{weighting.}$$

- (2) In the formula in subclause (1),—
- (a) **industry peers** means the experience rate of the applicable industry peer group calculated using the formula in subclauses (3) and (4):

- (4) In the formula in subclause (3),—
- (a) **compensation days** means the total number of weekly compensation days in the claims activity period for the qualifying claims of the levy payers in the applicable industry peer group in the experience period, but with

any qualifying claim exceeding 365 days being counted as 365 days:

- (b) **earnings** means the total of the liable earnings of the levy payers in the applicable industry peer group in the experience period.

Levy peers

- (5) The Corporation must calculate the experience rate of the whole group that is in the same levy risk group as the applicable industry peer group using the following formula:

$$\frac{\text{compensation days}}{\text{earnings.}}$$

- (6) In the formula in subclause (5),—
- (a) **compensation days** means the total number of weekly compensation days in the claims activity period for the qualifying claims of the whole group in the applicable levy risk group in the experience period, but with any qualifying claim exceeding 365 days being counted as 365 days:
- (b) **earnings** means the total of the liable earnings of the whole group in the applicable levy risk group in the experience period.

Weighting

- (7) The Corporation must calculate the weighting using the following formula:

$$\frac{\text{industry peer group earnings}}{\text{risk group earnings.}}$$

- (8) In the formula in subclause (7),—
- (a) **industry peer group earnings** means the total of the liable earnings of the levy payers in the applicable industry peer group in the experience period:
- (b) **risk group earnings** means the total of the liable earnings of the whole group in the applicable levy risk group in the experience period.

Regulation 13(4)(a): amended, on 22 July 2011, by regulation 6(1) of the Accident Compensation (Experience Rating) Amendment Regulations 2011 (SR 2011/213).

Regulation 13(6)(a): amended, on 22 July 2011, by regulation 6(2) of the Accident Compensation (Experience Rating) Amendment Regulations 2011 (SR 2011/213).

14 Industry size modification: when result of calculation must be disregarded

- (1) If the industry size modification calculated using the formula in regulation 13 is greater than 0.15, the Corporation must disregard the result and treat the industry size modification as 0.15.
- (2) If the industry size modification calculated using the formula in regulation 13 is less than -0.15, the Corporation must disregard the result and treat the industry size modification as -0.15.

15 Experience rating modification

- (1) The Corporation must calculate the experience rating modification using the following formula:

[(rehabilitation component \times 0.75) + (risk management component \times 0.25)] \times off-balance adjustment.

- (2) In the formula in subclause (1),—
 - (a) **rehabilitation component** means the rehabilitation component calculated using the formula in subclauses (4) to (11):
 - (b) **risk management component** means the risk management component calculated using the formula in subclauses (12) to (19):
 - (c) **off-balance adjustment** means the adjustment that is—
 - (i) required to ensure that the aggregate value of discounts equals the aggregate value of loadings to be applied to section 167(4)(a) levies payable by levy payers in the applicable levy year; and
 - (ii) applied as described in subclause (20).

Weighting for use in calculating rehabilitation component and risk management component

- (3) For the weighting referred to in subclauses (5)(c) and (13)(c), the Corporation must either calculate it using the formulas in paragraphs (a) to (h) or use the weighting in paragraph (i), as follows:

- (a) if the liable earnings of the levy payer in the experience period are \$2,000,000 or less, the weighting is the result of—

$$5\% \times \sqrt{\frac{\text{liable earnings}}{\$2,000,000}}$$

- (b) if the liable earnings of the levy payer in the experience period are over \$2,000,000 and equal to or under \$5,000,000, the weighting is the result of—

$$5\% + \{5\% \times \sqrt{\frac{\text{liable earnings} - \$2,000,000}{\$3,000,000}}\}$$

- (c) if the liable earnings of the levy payer in the experience period are over \$5,000,000 and equal to or under \$10,000,000, the weighting is the result of—

$$10\% + \{5\% \times \sqrt{\frac{\text{liable earnings} - \$5,000,000}{\$5,000,000}}\}$$

- (d) if the liable earnings of the levy payer in the experience period are over \$10,000,000 and equal to or under \$20,000,000, the weighting is the result of—

$$15\% + \{5\% \times \sqrt{\frac{\text{liable earnings} - \$10,000,000}{\$10,000,000}}\}$$

- (e) if the liable earnings of the levy payer in the experience period are over \$20,000,000 and equal to or under \$50,000,000, the weighting is the result of—

- (f) if the liable earnings of the levy payer in the experience period are over \$50,000,000 and equal to or under \$100,000,000, the weighting is the result of—

$$30\% + \{10\% \times \sqrt{\frac{\text{liable earnings} - \$50,000,000}{\$50,000,000}}\}$$

- (g) if the liable earnings of the levy payer in the experience period are over \$100,000,000 and equal to or under \$200,000,000, the weighting is the result of—

$$40\% + \{10\% \times \sqrt{\frac{\text{liable earnings} - \$100,000,000}{\$100,000,000}}\};$$

- (h) if the liable earnings of the levy payer in the experience period are over \$200,000,000 and equal to or under \$1,350,000,000, the weighting is the result of—

$$50\% + \{50\% \times \sqrt{\frac{\text{liable earnings} - \$200,000,000}{\$1,150,000,000}}\};$$

Notes**1 General**

This is a reprint of the Accident Compensation (Experience Rating) Regulations 2011. The reprint incorporates all the amendments to the regulations as at 1 April 2013, as specified in the list of amendments at the end of these notes.

Relevant provisions of any amending enactments that contain transitional, savings, or application provisions that cannot be compiled in the reprint are also included, after the principal enactment, in chronological order. For more information, see <http://www.pco.parliament.govt.nz/reprints/>.

2 Status of reprints

Under section 16D of the Acts and Regulations Publication Act 1989, reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by the amendments to that enactment. This presumption applies even though editorial changes authorised by section 17C of the Acts and Regulations Publication Act 1989 have been made in the reprint.

This presumption may be rebutted by producing the official volumes of statutes or statutory regulations in which the principal enactment and its amendments are contained.

3 How reprints are prepared

A number of editorial conventions are followed in the preparation of reprints. For example, the enacting words are not included in Acts, and provisions that are repealed or revoked

are omitted. For a detailed list of the editorial conventions, see <http://www.pco.parliament.govt.nz/editorial-conventions/> or Part 8 of the *Tables of New Zealand Acts and Ordinances and Statutory Regulations and Deemed Regulations in Force*.

4 Changes made under section 17C of the Acts and Regulations Publication Act 1989

Section 17C of the Acts and Regulations Publication Act 1989 authorises the making of editorial changes in a reprint as set out in sections 17D and 17E of that Act so that, to the extent permitted, the format and style of the reprinted enactment is consistent with current legislative drafting practice. Changes that would alter the effect of the legislation are not permitted. A new format of legislation was introduced on 1 January 2000. Changes to legislative drafting style have also been made since 1997, and are ongoing. To the extent permitted by section 17C of the Acts and Regulations Publication Act 1989, all legislation reprinted after 1 January 2000 is in the new format for legislation and reflects current drafting practice at the time of the reprint.

In outline, the editorial changes made in reprints under the authority of section 17C of the Acts and Regulations Publication Act 1989 are set out below, and they have been applied, where relevant, in the preparation of this reprint:

- omission of unnecessary referential words (such as “of this section” and “of this Act”)
- typeface and type size (Times Roman, generally in 11.5 point)
- layout of provisions, including:
 - indentation
 - position of section headings (eg, the number and heading now appear above the section)
- format of definitions (eg, the defined term now appears in bold type, without quotation marks)
- format of dates (eg, a date formerly expressed as “the 1st day of January 1999” is now expressed as “1 January 1999”)

- position of the date of assent (it now appears on the front page of each Act)
- punctuation (eg, colons are not used after definitions)
- Parts numbered with roman numerals are replaced with arabic numerals, and all cross-references are changed accordingly
- case and appearance of letters and words, including:
 - format of headings (eg, headings where each word formerly appeared with an initial capital letter followed by small capital letters are amended so that the heading appears in bold, with only the first word (and any proper nouns) appearing with an initial capital letter)
 - small capital letters in section and subsection references are now capital letters
- schedules are renumbered (eg, Schedule 1 replaces First Schedule), and all cross-references are changed accordingly
- running heads (the information that appears at the top of each page)
- format of two-column schedules of consequential amendments, and schedules of repeals (eg, they are rearranged into alphabetical order, rather than chronological).
