Explanatory note

This note is not part of the regulations, but is intended to indicate their general effect.

These regulations amend the Accident Insurance (Insurer's Liability to Pay Cost of Treatment) Regulations 1999 (the principal regulations). *Regulation 2(2)* comes into force on 11 November 1999, and the rest of these regulations come into force on 15 October 1999.

Regulation 2(1) substitutes in regulation 2 of the principal regulations definitions of **recognised branch of medicine** and **registered specialist**. *Regulation 2(2)* amends the definition of **recognised branch of medicine** because of changes, made by the Medical Practitioners (Vocational Registration) Order 1999, to the branches and sub-branches of medicine for which vocational registration may be granted under the Medical Practitioners Act 1995.

Regulation 3 amends regulation 7(4) of the principal regulations so that, if an insured is given treatment on a tooth that has previously been heavily restored, and no insurer was liable to pay for the previous restoration, the insurer is liable to pay not 25% but 75% of the amount specified for the treatment in the Schedule of the principal regulations. This corrects an error in the original regulations.

Regulation 4 amends regulation 10 of the principal regulations so that it applies only to visits to or by registered medical practitioners who either—

- (a) Are not registered specialists; or
- (b) Are registered specialists but, during the consultation, are not practising in a recognised branch of medicine in respect of which they hold vocational registration.

Regulation 5 inserts in the principal regulations *new regulation 10A*. *New regulation 10A* sets out insurer's liability to pay registered specialists' costs. The Schedule of the principal regulations (as amended by *regulation 7*) sets out the amounts payable for any specified treatment the insured is given by a registered specialist.

Regulation 6 effects a consequential amendment.
