Explanatory note

This note is not part of the order, but is intended to indicate its general effect.

This order amends the COVID-19 Public Health Response (Protection Framework) Order 2021 (the **principal order**). It comes into force at 11.59 pm on 21 May 2022.

Amendments relating to voting

The amendments—

- provide that a person does not need to comply with the face covering rule when attending a voting place to vote in an election of a member of Parliament; and
- require a worker at a voting place to wear a medical-grade face covering when they are working with members of the public, customers, or clients on the public parts of the premises; and
- categorise a voting place as designated premises under the principal order, so that persons cannot be denied entry to a voting place on vaccination grounds while the voting place is being used as a place to vote in an election.

Other miscellaneous amendments

The amendments clarify the following technical matters:

- in mixed-use indoor areas, an indoor space is a single space if there are walls that substantially divide that space from other spaces; and
- food courts are not required to operate under the seated and separated rules or the fixed capacity limit, unless they are serving alcohol; and
- performers and entertainers are not required to wear a face covering when in close proximity to other performers or entertainers, provided they maintain a 2-metre physical distance from the audience at all times; and
- all sports, including non-professional sports, are excluded from the definition of close-proximity business or service; and
- clarify the meaning of gathering, which includes people who are in a group in a defined space, but excludes a group of people at an event; and
- that the requirement in clause 69 to be seated at a table while eating and drinking does not apply to a gathering held in a defined space or premises if that space or those premises is for the exclusive use of the gathering.
